

AUTHORIZATION TO COMPETE

All athlete/horse combinations wishing to compete in a FEI Sanctioned Competition(s) (CPEDI Competitions) must complete and submit an Authorization to Compete request (A2C) via the portal <https://licence.equestrian.ca/cpedifei/>

Please refer to the FEI authorization to compete guide for additional information [HERE](#)

Requests must be submitted a minimum of three weeks before the FEI definite entry date for the competition(s) in order to have sufficient time to be registered with the FEI and be authorized by the FEI and competition organizer.

EC will contact the Organizing Committee and authorize the athlete/horse combination to compete (provided the athlete/horse combination has completed all the requirements outlined and have achieved the required threshold scores)

The athlete is responsible for organizing all competition entry and travel details, including the related expenses. The athlete must maintain contact with the Para Dressage Coordinator who will coordinate communication with the Organizing Committee.
