

Equine Service Providers

Maintaining biosecurity during COVID-19

What are service providers?

Veterinarians

Farriers

Body workers
(massage/chiro)

Best Practices

- Use electronic payment and booking
- Have discussions by phone, email or text, not in person
- If an owner or staff member must be present to at the appointment, both parties should wear face masks and maintain physical distancing (2m)
- The horse should be tied and standing ready when the service provider arrives
 - Try not to make contact with the horse's body when haltering/leading
- Service providers should only use their own equipment
- Leave all doors around work area open (if it is safe to do so)
- Service providers should wash their hands before beginning and between each horse seen
- Service providers should disinfect any surfaces or equipment they come in contact with
