6. TECHNICAL REQUIREMENTS FOR PARTICIPATION – ATHLETES AND HORSES

Athletes should consult the FEI Rules for Eventing effective Jan 1, 2023- and any subsequent modifications- see FEI web site www.insidefei.org.

6.1. Principles:

In order to compete at an international (FEI) event, athlete and horse must have fulfilled the technical criteria set by the FEI and Equestrian Canada.

The eligibility to compete will be determined by a combination of the following:

- The Athlete's category as determined by the FEI (Uncategorized, FEI D.C,B.A) - Section 6.4
- The category and star level of the competition
- The achievement of a number of Minimum Eligibility Requirements according to the eligibility matrix of requirements – Section 7.

A specific level/type of qualification is reached by achieving a set number of MERs at applicable competitions. An Organizing Committee may, with the approval of their own NF and the FEI, impose additional qualifications that must be published in the schedule for the event.

Authorization by Equestrian Canada is dependent on the Athlete and Horse achieving FEI and Canadian Eligibility Requirements. FEI and Canadian Minimum Eligibility Requirements may be achieved at the same competition if appropriate.

6.2 Definition of a FEI / Canadian Minimum Eligibility Requirement (MER) (FEI Art 517)

A Minimum Eligibility requirement (MER) is achieved by completing a competition within minimum parameters of all round performance as follows:

- **Dressage test:**
 - Not more than 45 penalty points (55%)
- **Cross Country Test:**
 - Clear round at obstacles (see Paragraph 7 for exemptions). Activating a maximum of one frangible/deformable device or having a maximum of one missing flag will maintain MER result on cross country.
 - Not more than 75 seconds exceeding the optimum time in the cross country phase for one, two, three and four star competitions (30 penalty points) and 100 seconds at five star competitions (40 penalty points).
- **Jumping test:**
 - Not more than 16 penalties at obstacles.

Note: All MERS prior to 2017 will be counted according to the rules in place at that time.

6.3 Minimum Eligibility Requirement Validity Period (FEI Art 518)

The valid period for obtaining a Minimum Eligibility Requirement is anytime until:

- At least 24 days before the Cross Country test of the competition (CCI- L or CCI-S) for which is needed if the MER has been achieved at a CCI-L.
- At least 10 days before the Cross Country test of the competition for which it is needed if the MER is obtained at a CCI-S.

The Athlete category will be updated according to the performances at the end of each month taking into account the rolling four and a half years (4.5) in order to take into consideration, the cancellation of events due to the 2020 Covid pandemic.
