EQUESTRIAN CANADA

Equestrian Canada (EC) represents, promotes and serves Canada's equine community and industry. Its core areas of activity involve sport, equine health and welfare, education and safety, governance and marketing, lobbying and communication. Equestrian Canada is recognized by Sport Canada., Agriculture and Agri-Food Canada, the International Equestrian Federation (FEI), the Canadian Olympic Committee (COC) and the Coaching Association of Canada (CAC) as the national organization representing equestrian sport and equine interests in Canada.

PATRON

Her Excellency the Right Honourable Mary Jeannie May Simon CC., CMM., COM., OQ., CD., FRCGS., Governor General of Canada

THE EQUESTRIAN CANADA RULEBOOK

Knowledge of the rules of any sport is required of each participant, and the competitor at an EC-sanctioned competition must accept this responsibility. Both a complete knowledge of and compliance with the rules are essential, and all participants must be fully cognizant of all rules as well as particular class specifications in the discipline/breed sport in which they compete.

It is not possible to provide for every conceivable eventuality in these rules. If there is no rule to deal specifically with a particular circumstance, or if the nearest interpretation of the pertinent rule would result in an obvious injustice, it is the duty of those responsible to make a decision based on common sense and fair play, thus reflecting as closely as possible the intention of the rules and regulations of Equestrian Canada.

Organization of the Rulebook

The EC Rulebook is divided into multiple sections, grouped by disciplines and breed sports. Section A covers general regulations that apply to all EC members, competitors, officials, owners, equines, organizers and persons responsible unless superseded in other sections of the Rulebook.

Evergreen Rules Process

The Equestrian Canada rulebooks are updated annually, effective January 1st. The official rulebook will be as published on the EC website and may be amended as follows.

Amendment of the Rules

It is the right of every sport licence holder of Equestrian Canada to propose amendments to the rules, subject to the current policies, procedures and schedules. The deadline for Rule Change Suggestions (RCS) shall be May 31 each year in accordance with the procedures outlined on the EC Rule Change page. Suggestions will be reviewed by the appropriate discipline/breed sport EC committees who will consider all suggestions and put forward those they recommend as Rule Change Proposals (RCPs). RCPs will be posted on the EC

website to allow for a 30-day review period. The EC committees will consider all comments and make any necessary revisions. Rule changes will be posted on the EC website in December to be effective January 1 the following year.

The amendment process will be strictly followed. Extraordinary rule amendments will be permitted only for FEI rule changes, safety, monetary, clarification, ethical and equine welfare reasons at the discretion of the National Rules Committee using the following protocol. Extraordinary rule amendments will be effective when published by EC on its official website. FEI Rules, applicable to EC-sanctioned competitions, are effective upon publication by the FEI.

Extraordinary Amendment Process

1. **Proposal** – An Extraordinary Rule Amendment (ERA) is composed by the EC discipline/breed committee, EC staff or National Rules Committee (NRC) with supporting rationale.
2. **Authorization** – The applicable discipline or breed committee must authorize each ERA, note it in their minutes and forward it to the NRC.
3. **Approval** – The NRC is responsible for confirming the ERA criteria (FEI rule change, safety, monetary, clarification, ethical or equine welfare) have been satisfied
4. **Posting** – EC will translate and post the amendment and show changes to both change visible and clean copy online Rulebooks. The amendments display the date of the NRC approval for consistency.
5. **Effective** – An ERA is effective when published on the EC website. The file reference shall retain the original approval date.

Interpretation of the Rules

Please read all cross-references carefully and refer to the EC website for rule changes and/or clarifications. Should the English and French versions differ, the English version shall prevail. In the case of conflict between General Regulations and the regulations of the disciplines/breed sports, the discipline/breed sport rules will prevail.

SECTION E – DRESSAGE AND PARA DRESSAGE

INTRODUCTION

For any circumstances not specifically covered in these rules, reference should be made to the publications listed below. EC General Regulations can be purchased through the EC e-store or downloaded for free from the EC website at www.equestrian.ca. FEI rules can be obtained from the FEI website at www.fei.org.

- EC General Regulations
- FEI General Regulations (FEI Sanctioned Events)
- FEI Rules for Dressage Events (FEI Sanctioned Dressage Events)
- FEI Rules for Para Dressage Events (FEI Sanctioned Para Dressage Events)
- FEI Rules for Children, Ponies, Juniors, Young Riders, ~~and~~ U25 and Young Horse (FEI Sanctioned Dressage Events)
- FEI Veterinary Regulations (FEI Sanctioned Events)

Since every eventuality cannot be provided for in the EC rules, for any unforeseen or exceptional circumstances, it is the duty of the officials and the competition management to make a decision in a sporting spirit and approaching as nearly as possible the intention of these rules.

Note: An Equestrian Canada rule amendment that alters the Dressage or Para Dressage rules will be effective when published and can be found on the EC website www.equestrian.ca. The FEI rules for Dressage can be found on the FEI website www.fei.org.

CHAPTER 1 OBJECTS & PRINCIPLES

ARTICLE E 1.1 OBJECTS & PRINCIPLES – EC

1. EC adheres strictly to the FEI Dressage terminology. Athletes therefore can study the description of the paces, movements and figures and be sure that they are on the correct path to international competition, which is governed by the FEI.
2. Any FEI rule amendments that alter the following FEI Rules will be effective when published by the FEI.

ARTICLE E 1.2 OBJECT AND GENERAL PRINCIPLES OF DRESSAGE

1. The object of Dressage is the development of the horse into a happy athlete through harmonious education.

As a result, it makes the horse calm, supple, loose and flexible, but also confident, attentive and keen, thus achieving perfect understanding with the athlete.

These qualities are demonstrated by:

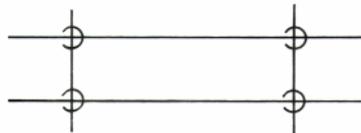

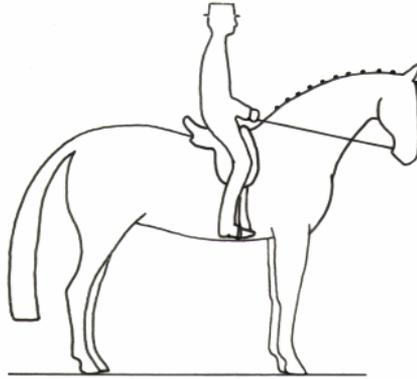

The freedom and regularity of the paces;

- the harmony, lightness and ease of the movements;
- the lightness of the forehand and the engagement of the hindquarters, originating from a lively impulsion;
- the acceptance of the bit, with submissiveness/throughness (Durchlässigkeit) without any tension or resistance.

2. The horse thus gives the impression of doing, of its own accord, what is required. Confident and attentive, submitting generously to the control of the athlete, remaining absolutely straight in any movement on a straight line and bending accordingly when moving on curved lines.
3. The walk is regular, free and unconstrained. The trot is free, supple, regular, and active. The canter is united, light and balanced. The hindquarters are never inactive or sluggish. The horse responds to the slightest indication of the athlete and thereby gives life and spirit to all the rest of its body.
4. By virtue of a lively impulsion and the suppleness of the joints, free from the paralyzing effects of resistance, the horse obeys willingly and without hesitation and responds to the various aids calmly and with precision, displaying a natural and harmonious balance both physically and mentally.
5. In all the work, even at the halt, the horse must be "on the bit". A horse is said to be "on the bit" when the neck is more or less raised and arched according to the stage of training and the extension or collection of the pace, accepting the bridle with a light and consistent soft submissive contact. The head should remain in a steady position, as a rule slightly in front of the vertical, with a supple poll as the highest point of the neck, and no resistance should be offered to the athlete.
6. Cadence is shown in trot and canter, and is the result of the proper harmony that a horse shows when it moves with well-marked regularity, impulsion and balance. Cadence must be maintained in all the different trot or canter exercises and in all the variations of these paces.
7. The regularity of the paces is fundamental to Dressage.

ARTICLE E 1.3 THE HALT

1. At the halt the horse should stand attentive, engaged, motionless, straight and square with the weight evenly distributed over all four legs. The neck should be raised with the poll as the highest point and the nose line slightly in front of the vertical. While remaining "on the bit" and maintaining a light and soft contact with the athlete's hand, the horse may quietly chew the bit and should be ready to move off at the slightest indication of the athlete. The halt must be shown for at least three seconds. The halt should be shown throughout the salute.
2. The halt is obtained by the displacement of the horse's weight to the hindquarters by a properly increased action of the seat and legs of the athlete, driving the horse towards a softly closed hand, causing an almost instantaneous but not abrupt halt at a previously fixed place. The halt is prepared by a series of half-halts (see transitions).
3. The quality of the paces before and after the halt is an integral part of the assessment.

ARTICLE E 1.4 THE WALK

1. The walk is a marching pace in a regular well-marked four beat with equal intervals between each beat. This regularity combined with full relaxation must be maintained throughout all walk movements.
2. When the foreleg and the hind leg on the same side move almost on the same beat, the walk tends to become an almost lateral movement. This irregularity, which might become an ambling movement, is a serious deterioration of the pace.
3. The following walks are recognized: Medium walk, Collected walk, Extended walk and Free walk. There should always be a clear difference in the attitude and over-tracking in these variations.

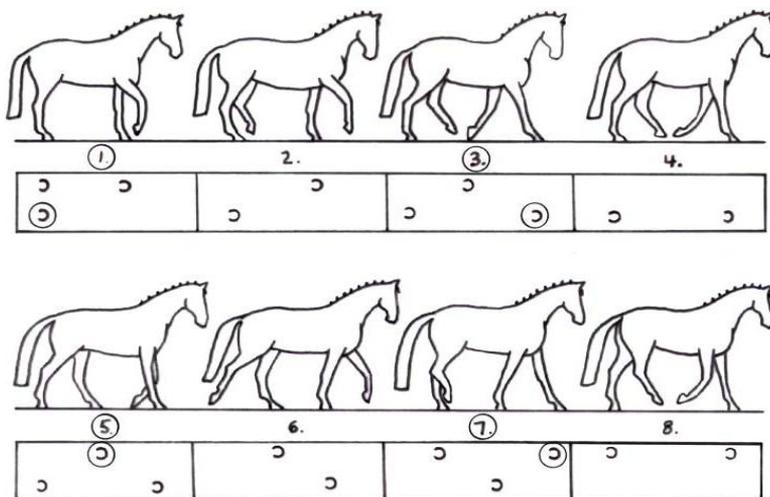

3.1 Medium walk: A clear, regular and unconstrained walk of moderate

lengthening. The horse, remaining "on the bit", walks energetically but relaxed with even and determined steps, the hind feet touching the ground in front of the hoof prints of the forefeet. The athlete maintains a light, soft and steady contact with the mouth, allowing the natural movement of the horse's head and neck.

3.2 Collected walk: The horse, remains "on the bit", moves resolutely forward, with its neck raised and arched and showing clear self-carriage. The head approaches the vertical position and a light contact is maintained with the mouth. The hind legs are engaged with good hock action. The pace should remain marching and vigorous, the feet being placed in regular sequence. The steps cover less ground and are higher than at the medium walk, because all the joints bend more markedly. The collected walk is shorter than the medium walk, although showing greater activity.

3.3 Extended walk: The horse covers as much ground as possible, without haste and without losing the regularity of the steps, the hind feet touch the ground clearly in front of the footprints of the forefeet. The athlete allows the horse to stretch out the head and neck (forward and downwards) without losing contact with the mouth and control of the poll. The nose must be clearly in front of the vertical.

3.4 Free walk: The free walk is a pace of relaxation in which the horse is allowed complete freedom to lower and stretch out his head and neck. The degree of ground cover and length of strides, with hind feet stepping clearly in front of the footprints of the front feet, are essential to the quality of the free walk.

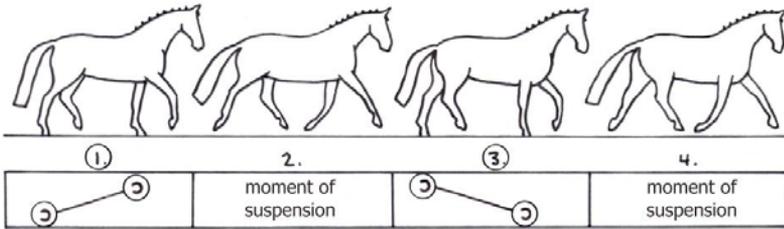

The walk is a pace in four beat rhythm with eight phases (numbers in circles indicate the beat).

ARTICLE E 1.5 THE TROT

1. The trot is a two-beat pace of alternate diagonal legs (left fore and right hind leg and vice versa) separated by a moment of suspension.
2. The trot should show free, active and regular steps.
3. The quality of the trot is judged by general impression, i.e. the regularity and elasticity of the steps, the cadence and impulsion in both collection and extension. This quality originates from a supple back and well engaged hindquarters, and by the ability to maintain the same rhythm and natural balance, with all variations of the trot.
4. The following trots are recognized: Working trot, Lengthening of Steps, Collected trot, Medium trot and Extended trot.
 - 4.1 **Working trot:** This is a pace between the collected and the medium trot, in which a horse's training is not yet developed enough and ready for collected movements. The horse shows proper balance and remaining "on the bit", goes forward with even, elastic steps and good hock action. The expression "good hock action" underlines the importance of an impulsion originating from the activity of the hindquarters.
 - 4.2 **Lengthening of steps:** In the test for four-year-old horses "lengthening of steps" is required. This is a variation between the working and medium trot in which a horse's training is not developed enough for medium trot.
 - 4.3 **Collected trot:** The horse, remaining "on the bit", moves forward with the neck raised and arched. The hocks, being well engaged and flexed, must maintain an energetic impulsion, enabling the shoulders to move with greater mobility, thus demonstrating complete self-carriage. Although the horse's steps are shorter than in the other trots, elasticity and cadence are not lessened.
 - 4.4 **Medium trot:** This is a pace of moderate lengthening compared to the extended trot, but "rounder" than the latter without hurrying. The horse goes forward with clearly lengthened steps and with impulsion from the hindquarters. The athlete allows the horse to carry the head a little more in front of the vertical than at the collected and the working trot, and to lower the head and neck slightly. The steps should be even, and the whole movement balanced and unconstrained.
 - 4.5 **Extended trot:** The horse covers as much ground as possible. Without hurrying, the steps are lengthened to the utmost as a result of great impulsion from the hindquarters. The athlete allows the horse to lengthen the frame and to gain ground whilst controlling the poll. The forefeet should touch the ground on the spot towards which they are pointing. The movement of the fore and hind legs should reach equally forward in the moment of extension. The whole movement should be well balanced and the transition to collected trot should be smoothly executed by taking more weight on the hindquarters.
5. All trot-work is executed "sitting", unless otherwise indicated in the test.
6. **Stretching on a long rein.** This exercise gives a clear impression of the "throughness" of the horse and proves its balance, suppleness, obedience and relaxation. In order to execute the exercise "stretching on a long rein" correctly, the Athlete must lengthen the reins as the horse stretches gradually forward and downward. As the neck stretches forwards and downwards, the mouth should reach more or less to the horizontal line corresponding with the point of the shoulder. An elastic and consistent contact with the Athlete's hands must be

maintained. The pace must maintain its rhythm, and the horse should remain light in the shoulders with the hindlegs well- engaged. During the retake of the reins the horse must accept the contact without resistance in the mouth or poll.

*The trot is a pace in two beat rhythm with four phases
(Numbers in circles indicate the beat)*

ARTICLE E 1.6 THE CANTER

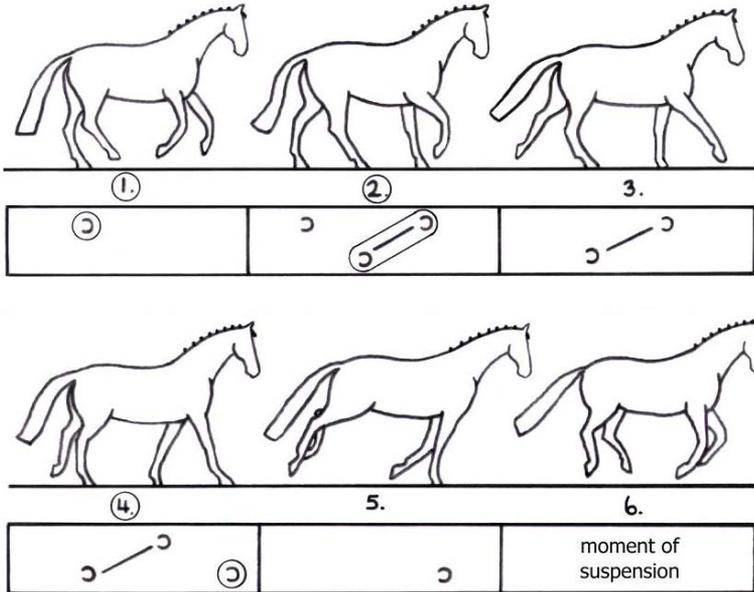

1. The canter is a three beat pace where in canter to the right, for example, the footfall is as follows: left hind, left diagonal (simultaneously left fore and right hind), right fore, followed by a moment of suspension with all four feet in the air before the next stride begins.
2. The canter, always with light, cadenced and regular strides, should be moved into without hesitation.
3. The quality of the canter is judged by the general impression, i.e. the regularity and lightness of the steps and the uphill tendency and cadence originating from the acceptance of the bridle with a supple poll and in the engagement of the hindquarters with an active hock action – and by the ability of maintaining the same rhythm and a natural balance, even after a transition from one canter to another. The horse should always remain straight on straight lines and correctly bent on curved lines.
4. The following canters are recognized: Working canter, Lengthening of strides, Collected canter, Medium canter and Extended canter.

4.1. Working canter: This is a pace between the collected and the medium canter, in which a horse's training is not yet developed enough and ready for collected movements. The horse shows natural balance while remaining "on the bit", and goes forward with even, light and active strides and good hock action. The expression "good hock action" underlines the importance of an impulsion originating from the activity of the hindquarters.

4.2 Lengthening of strides: In the test for four-year-old horses "lengthening of strides" is required. This is a variation between the working and medium canter in which a horse's training is not developed enough for medium canter.

4.3 Collected canter: The horse, remaining "on the bit", moves forward with the neck raised and arched. The hocks, being well engaged, maintain an energetic impulsion, enabling the shoulders to move with greater mobility thus demonstrating self-carriage and an uphill tendency. The horse's strides are shorter than in the other canters, without losing elasticity and cadence.

- 4.4 Medium canter:** This is a pace between the working and the extended canter. Without hurrying, the horse goes forward with clearly lengthened strides and impulsion from the hindquarters. The athlete allows the horse to carry the head a little more in front of the vertical than in the collected and working canter, and at the same time allows the horse, to lower the head and neck slightly. The strides should be balanced and unconstrained.
- 4.5 Extended canter:** The horse covers as much ground as possible. Without hurrying, the strides are lengthened to the utmost. The horse remains calm, light and straight as a result of great impulsion from the hindquarters. The athlete allows the horse to lengthen the frame with a controlled poll and to gain ground. The whole movement should be well balanced and the transition to collected canter should be smoothly executed by taking more weight on the hindquarters.
- 4.6 Counter-Canter:** The counter canter is a balancing and straightening movement that must be executed in collection. The horse canters in correct sequence with the outside foreleg leading with positioning to the side of the leading leg. The foreleg should be aligned to the same track as the hind leg.
- 4.7 Simple change of leg at the canter:** This is a movement in which, after a direct transition out of the canter into a walk, with three to five clearly defined steps, an immediate transition is made onto the other canter lead.
- 4.8 Flying change of leg:** The flying change is performed in one stride with the front and hind legs changing at the same moment. The change of the leading front and hind leg takes place during the moment of suspension. The aids should be precise and unobtrusive.
- Flying changes of leg can also be executed in series, at every 4th, 3rd, 2nd or at every stride. The horse, even in the series, remains light, calm and straight with lively impulsion, maintaining the same rhythm and balance throughout the series concerned. In order not to restrict or restrain the lightness, fluency and ground cover of the flying changes in series, enough impulsion must be maintained.
- Aims of flying changes: To show the reaction, sensitivity and obedience of the horse to the aids for the change of leg.

The canter is a pace in three beat rhythm with six phases

ARTICLE E 1.7 REINBACK

1. The reinback is a rearward diagonal movement with a two beat rhythm but without a moment of suspension. Each diagonal pair of legs is raised and returned to the ground alternatively, with the forelegs aligned on the same track as the hind legs.
2. During the entire exercise, the horse should remain "on the bit", maintaining its desire to move forward.
3. Anticipation or precipitation of the movement, resistance to or evasion of the contact, deviation of the hindquarters from the straight line, spreading or inactive hind legs and dragging forefeet are serious faults.
4. The steps are counted as each foreleg moves back. After completing the required number of steps backward, the horse:
 - a) should show a square halt or
 - b) move forward in the required pace immediately. In tests where a reinback of one horse's length is required, it should be executed with three or four steps.
5. Reinback series (Schaukel) is a combination of two reinbacks with walk steps in between. It should be executed with fluent transitions and the required number of steps.

ARTICLE E 1.8 THE TRANSITIONS

The changes of pace and variations within the paces should be exactly performed at the prescribed marker. The cadence (except in walk) should be maintained up to the moment when the pace or movement is changed or the horse halts. The transitions within the paces must be clearly defined whilst maintaining the same rhythm and cadence throughout. The horse should remain light in hand, calm, and maintain a correct position.

The same applies to transitions from one movement to another, for instance from passage to piaffe or vice-versa.

ARTICLE E 1.9 THE HALF-HALTS

Every movement or transition should be invisibly prepared by barely perceptible half-halts. The half-halt is an almost simultaneous, coordinated action of the seat, the legs and the hands of the athlete, with the object of increasing the attention and balance of the horse before the execution of the movements or transitions to lower and higher paces. By shifting slightly more weight onto the horse's hindquarters, the engagement of the hind legs and the balance on the haunches are improved for the benefit of the lightness of the forehand and the horse's balance as a whole.

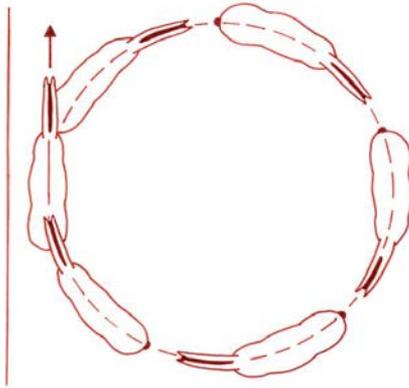

ARTICLE E 1.10 THE CHANGES OF DIRECTION

1. At changes of direction, the horse should adjust the bend of his body to the curvature of the line it follows, remaining supple and following the indications of the athlete, without any resistance or change of pace, rhythm or speed.
2. Changes of directions can be executed in the following ways:
 - a) Right angled turn including riding through the corner (one quarter of a volte of approximately six metres)
 - b) Short and long diagonal.
 - c) Half voltes and half circles, with change of rein
 - d) Half pirouettes and turns on the haunches
 - e) Serpentine loops
 - f) Counter changes of hand in zigzag*. The horse should be straight for a moment before changing direction.
 - g) Zig-zag: A movement containing more than two half passes with changes of direction.

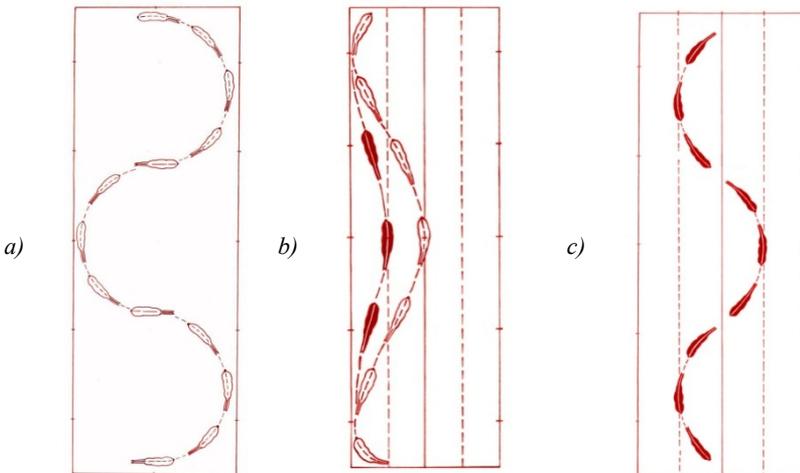

ARTICLE E 1.11 THE FIGURES

The figures asked for in Dressage tests are the voltes, the serpentines and the figures of eight.

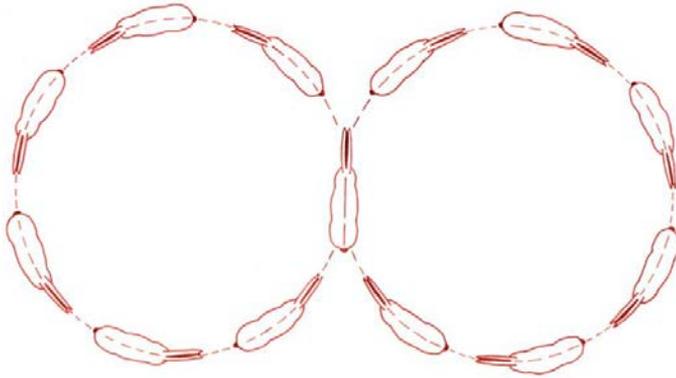

1. **Volte:** The volte is a circle of six, eight, or 10 metres in diameter. If larger than 10 metres it is a circle.

- Serpentine:** The serpentine with several loops touching the long side of the arena consists of half circles connected by a straight line. When crossing the centerline the horse should be parallel to the short side (a). Depending on the size of the half-circles the straight connection varies in length. Serpentine with one loop on the long side of the arena are executed with five metres or 10 metres distance from the track (b). Serpentine around the centerline are executed between the quarter lines (c).

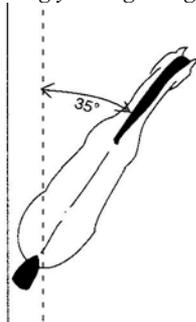

- Figure of Eight:** This figure consists of two voltes or circles of equal size as prescribed in the test, joined at the centre of the eight. The athlete should make his horse straight an instant before changing direction at the centre of the figure.

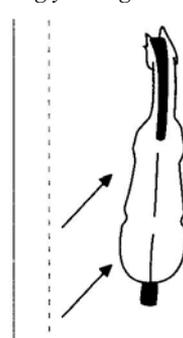

ARTICLE E 1.12 LEG YIELDING

1. The aim of leg yielding: to demonstrate the suppleness and lateral responsiveness of the horse.
2. The exercise Leg-yielding is performed in working trot in FEI Competitions. The horse is almost straight, except for a slight flexion at the poll away from the direction in which it moves, so that the athlete is just able to see the eyebrow and nostril on the inside. The inside legs pass and cross in front of the outside legs.
3. Leg-yielding should be included in the training of the horse before it is ready for collected work. Later on together with the more advanced shoulder-in movement, it is the best means of making a horse supple, loose and unconstrained for the benefit of the freedom, elasticity and regularity of its paces and the harmony, lightness and ease of its movements
4. Leg yielding can be performed “on the diagonal” in which case the horse should be as nearly as possible parallel to the long sides of the arena, although the forehand should be slightly in advance of the hindquarters. It can also be performed “along the wall” in which case the horse should be at an angle of about 35 degrees to the direction in which he is moving.

Leg yielding along the wall

Leg yielding on the diagonal

ARTICLE E 1.13 LATERAL MOVEMENTS

1. The main aim of lateral movements – except leg-yielding - is to develop and increase the engagement of the hindquarters and thereby also the collection.
2. In all lateral movements shoulder-in, travers, renvers, and half-pass, the horse is slightly bent and moves on different tracks.
3. The bend or flexion must never be exaggerated so that it does not impair the rhythm, the balance and fluency of the movement.
4. In the lateral movements, the pace should remain free and regular, maintaining a constant impulsion, yet it must be supple, cadenced and balanced. The impulsion is often lost because of the athlete's preoccupation with bending the horse and pushing it sideways.
5. **Shoulder-in:** Shoulder-in is performed in collected trot. The horse is ridden with a slight but uniform bend around the inside leg of the athlete maintaining engagement and cadence and a constant angle of approx. 30 degrees. The horse's inside foreleg passes and crosses in front of the outside foreleg; the inside hind leg steps forward under the horse's body weight following the same track of the outside foreleg, with the lowering of the inside hip. The horse is bent away from the direction in which it is moving.
6. **Travers:** Travers can be performed in collected trot or collected canter. The horse is slightly bent round the inside leg of the athlete, but with a greater degree of bend than in shoulder-in. A constant angle of approximately 35 degrees should be (shown from the front and from behind one sees four tracks). The forehand remains on the track and the quarters are moved inwards. The horse's outside legs pass and cross in front of the inside legs. The horse is bent in the direction in which it is moving.
To start the travers, the quarters must leave the track or, after a corner or circle are not brought back onto the track. At the end of the travers, the quarters are brought back on the track (without any counter-flexion of the poll/neck) as one would finish a circle.
Aims of travers: to show a fluent collected trot movement on a straight line and a correct bend. Front and hind legs are crossing, balance and cadence are maintained.
7. **Renvers:** Renvers is the inverse movement in relation to travers. The hindquarters remain on the track while the forehand is moved inward. To finish the renvers the forehand is aligned with the quarters on the track. Otherwise, the same principles and conditions that apply to the travers are applicable to the renvers.
The horse is slightly bent around the inside leg of the athlete. The horse's outside legs pass and cross in front of the inside legs. The horse is bent in the direction in which it is moving.
Aims of renvers: To show a fluent collected trot movement on a straight line with a greater degree of bend than in shoulder-in. Fore and hind legs cross, balance and cadence are maintained.
8. **Half-pass:** Half-pass is a variation of travers, executed on a diagonal line instead of along the wall. It can be performed in collected trot (and in passage in a freestyle) or collected canter. The horse should be slightly bent around the inside leg of the athlete and in the direction in which it is moving. The horse should maintain the same cadence and balance throughout the whole movement. In order to give more freedom and mobility to the shoulders it is of great importance that the impulsion be maintained, especially the engagement of the

inside hind leg. The horse's body is nearly parallel to the long side of the arena with the forehand slightly in advance of the hindquarters.

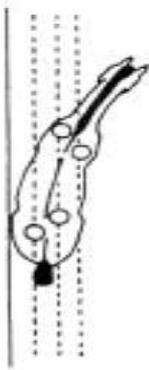

In the trot, the outside legs pass and cross in front of the inside legs. In the canter, the movement is performed in a series of forward sideways strides.

Aims of half-pass in trot: to show a fluent collected trot movement on a diagonal line with a greater degree of bend than in shoulder-in. Fore and hind legs cross, balance and cadence are maintained.

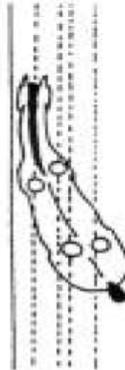

Aims of the half-pass in canter: to both demonstrate and develop the collection and suppleness of the canter by moving fluently forwards and sideways without any loss of rhythm, balance or softness and submission to the bend.

ARTICLE E 1.15 THE PIROUETTE, THE HALF PIROUETTE AND TURN ON THE HAUNCHES

1. **The pirouette (half-pirouette):** is a turn of 360 degrees (180 degrees) executed on two tracks, with a radius equal to the length of the horse and the forehand moving around the haunches.
2. Pirouettes (half-pirouettes) are usually carried out at collected walk or canter but can also be executed at piaffe.
3. At the pirouette (half-pirouette) the forefeet and the outside hind foot move around the inside hind foot. The inside hind leg describes a circle as small as possible.
4. At whatever pace the pirouette (half-pirouette) is executed, the horse, slightly bent in the direction in which it is turning, remains "on the bit" with a light contact, turning smoothly around, and maintaining sequence and timing of footfalls of that pace. The poll remains the highest point during the entire movement.
5. During the pirouettes (half-pirouettes) the horse should maintain its activity (walk also included) and never move backwards or sideways.
6. In executing the pirouette or the half-pirouette in canter, the athlete should maintain lightness of the horse while accentuating the collection. The horse's hindquarters are well engaged and lowered and show a good flexion of the joints. An integral part of the movement is the quality of the canter strides before and after the pirouette. The strides should show an increased activity and collection before the pirouette and the balance should be maintained at the end of the pirouette.

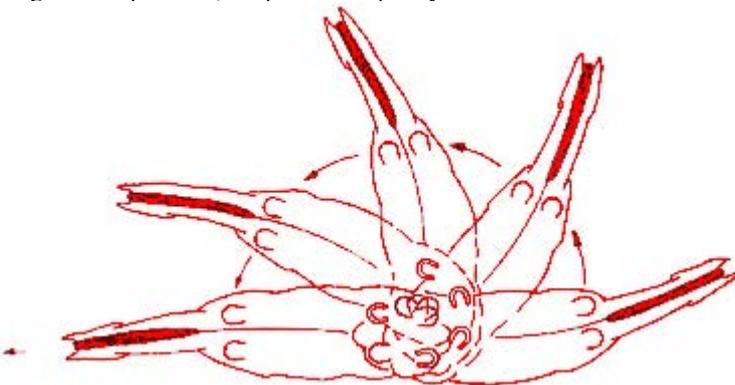

Aims of the pirouette and half- pirouette in canter: to demonstrate the willingness of the horse to turn around the inside hind leg on a small radius, slightly bent in the direction of the turn while maintaining the activity and the clarity of the canter, the straightness and the balance before and after the figure and clear canter strides during the turn. In the pirouette or half-pirouette in canter, the judges should be able to recognize a real canter stride although the feet of the diagonal – inside hind leg, outside front leg – are not touching the ground simultaneously.

7. The quality of the pirouette (half pirouette) is judged according to the suppleness, lightness and regularity, and the precision and smoothness of the entrance and exit. Pirouettes (half-pirouettes) in canter should be executed in six to eight strides – full pirouettes – and three to four strides – half-pirouette.
8. Half-pirouettes in walk (180 degrees) are executed out of collected walk with the collection being maintained throughout the exercise. When the horse exits the half-pirouette, it returns to the initial track without crossing the hind legs.

Pirouette and half-pirouette in canter

9. Turn on the haunches from walk. For younger horses that are still not able to show collected walk, the “turn on the haunches” is an exercise to prepare the horse for collection. The “turn on the haunches” is executed out of medium walk, prepared by half halts to shorten the steps a little and to improve the ability to bend the joints of the hindquarters. The horse does not halt before or after the turn. The “turn on the haunches” can be executed on a larger radius than the pirouette in walk, at approximately one metre (Note: FEI rules state a radius of 1/2 meter. The larger radius quoted in this EC rule is due to the rules governing the USEF Dressage tests in use), but the demands of the training scale concerning rhythm, contact, activity and straightness are the same. A turn on the haunches is to be judged like a regular half pirouette except that full credit must also be given for a well performed but larger (one meter) turn on the haunches. Full credit should also be given for a well performed regular sized half pirouette. A significant deduction should be made if an athlete attempts a regular half pirouette, but performs it poorly.

Half-pirouette in walk

10. Turn on the haunches from halt to halt (one-hundred and eighty degrees). To maintain the forward tendency of the movement one or two forward steps at the

beginning of the turn are permitted. The same criteria apply as for the turn on the haunches from walk.

ARTICLE E 1.16 THE PASSAGE

1. **The passage** is a measured, very collected, elevated and cadenced trot. It is characterized by a pronounced engagement of the hindquarters, a more accentuated flexion of the knees and hocks, and the graceful elasticity of the movement. Each diagonal pair of legs is raised and returned to the ground alternately, with cadence and a prolonged suspension.
2. In principle, the height of the toe of the raised forefoot should be level with the middle of the cannon bone of the other supporting foreleg. The toe of the raised hind foot should be slightly above the fetlock joint of the other supporting hind leg.
3. The neck should be raised and gracefully arched with the poll as the highest point and the nose line close to the vertical. The horse should remain light and soft "on the bit" without apparent effort and without altering the cadence. The impulsion remains lively and pronounced.
4. Irregular steps with the hind or front legs, swinging the forehand or the hindquarters from one side to the other, as well as jerky movements of the forelegs or the hind legs, dragging the hind legs or double beat in the moment of suspension are serious faults.

The aim of passage is to demonstrate the highest degree of collection, cadence and suspension in the trot.

ARTICLE E 1.17 THE PIAFFE

1. **Piaffe** is a highly collected, rhythmical, elevated diagonal movement giving the impression of remaining in place. The horse's back is supple and elastic. The hindquarters are lowered; the haunches with active hocks are well engaged, giving great freedom, lightness and mobility to the shoulders and forehand. Each diagonal pair of legs is raised and returned to the ground alternately, with spring and regularity.
 - 1.1 In principle, the height of the toe of the raised forefoot should be level with the middle of the cannon bone of the other supporting foreleg. The toe of the raised hind foot should reach just above the fetlock joint of the other supporting hind leg.
 - 1.2 The neck should be raised and gracefully arched, with the poll as the highest point. The horse should remain "on the bit" with a supple poll, maintaining soft contact. The body of the horse should move in a supple, cadenced and harmonious movement.
 - 1.3 Piaffe should show true commitment and must always be animated by a lively activity and characterized by perfect balance. While giving the impression of remaining in place, there may be a visible inclination to advance, this being displayed by the horse's eager acceptance to move forward as soon as it is asked.
 - 1.4 Moving even slightly backwards, irregular or jerky steps with the hind or front legs, no clear diagonal steps, crossing either the fore or hind legs, or swinging either the forehand or the hindquarters from one side to the other, getting wide behind or in front, moving too much forward or double beat rhythm are all serious faults.

The aim of piaffe is to demonstrate the highest degree of collection while giving the impression of remaining in place

ARTICLE E 1.18 THE IMPULSION/THE SUBMISSION (WILLING CO-OPERATION)

1. **Impulsion** is the term used to describe the transmission of an eager and energetic, yet controlled, propulsive energy generated from the hindquarters into the athletic movement of the horse. Its ultimate expression can be shown only through the horse's soft and swinging back guided by gentle contact with the athlete's hand.
 - 1.1 Speed, of itself, has little to do with impulsion; the result is more often a flattening of the paces. A visible characteristic is a more pronounced articulation of the hind leg, in a continuous rather than staccato action. The hock, as the hind foot leaves the ground, should first move forward rather than being pulled upwards, but certainly not backwards. A prime ingredient of impulsion is the time the horse spends in the air rather than on the ground. Impulsion is, therefore, seen only in those paces that have a period of suspension.
 - 1.2 Impulsion is a precondition for a good collection in trot and canter. If there is no impulsion, then there is nothing to collect.
2. **Submission** (willing co-operation) does not mean subordination, but an obedience revealing its presence by a constant attention, willingness and confidence in the whole behavior of the horse as well as by the harmony, lightness and ease it is displaying in the execution of the different movements. The degree of the submission (willing co-operation) is also demonstrated by the way the horse accepts the bit, with light and soft contact and a supple poll. Resistance to or evasion of the athlete's hand, being either "above the bit" or "behind the bit" demonstrate the lack of submission. The main contact with the horse's mouth must be through the snaffle bit
 - 2.1 Putting out the tongue, keeping it above the bit or drawing it up altogether, as well as grinding the teeth or agitation of the tail are mostly signs of nervousness, tension or resistance on the part of the horse and must be taken into account by the judges in their marks for every movement concerned as well as in the collective mark for "submission" (willing co-operation).
 - 2.2 The first thought when considering submission is willingness, that the horse understands what is being asked of it and is confident enough in the athlete to react to the aids without fear or tension.
 - 2.3 The horse's straightness, uphill tendency and balance enable it to stay in front of the athlete's legs and go forward into an accepting and self-carrying contact with the bit. This is what really produces the picture of harmony and lightness.The fulfilling of the main requirements/movements of a Dressage test is the main criterion for submission (willing co-operation).

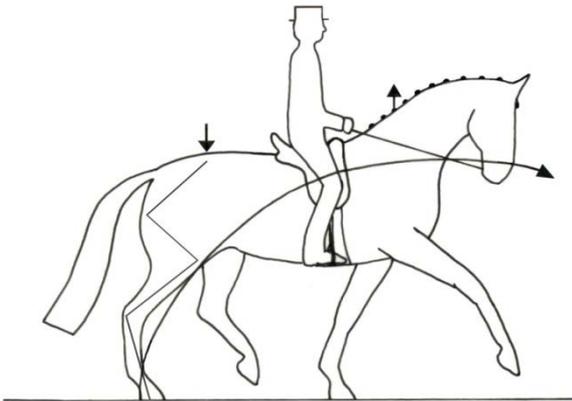

ARTICLE E 1.19 THE COLLECTION

The aim of the collection of the horse is:

- a) To further develop and improve the balance and equilibrium of the horse, which has been more or less displaced by the additional weight of the athlete.
- b) To develop and increase the horse's ability to lower and engage its

hindquarters for the benefit of the lightness and mobility of its forehead.

- c) To add to the "ease and carriage" of the horse and to make it more pleasurable to ride.
1. Collection is developed through the use of half-halts and the use of lateral movements shoulder-in, travers, renvers and half pass.
 2. Collection is improved by the use of the seat and legs and containing hands to engage the hind legs. The joints bend and are supple so that the hind legs can step forward under the horse's body.
 3. However, the hind legs should not be engaged so far forward under the horse, that they shorten the base of support excessively, thereby impeding the movement. In such a case, the line of the back would be lengthened and raised too much in relation to the supporting base of the legs, the stability would be impaired and the horse would have difficulty in finding a harmonious and correct balance.
 4. On the other hand, a horse with an over-long base of support, which is unable or unwilling to engage its hind legs forward under its body, will never achieve acceptable collection, characterized by "ease and carriage" as well as a lively impulsion, originating from the activity of the hindquarters.
 5. The position of the head and neck of a horse at the collected paces is naturally dependent on the stage of training and, to some degree, on its conformation. It is distinguished by the neck being raised without restraint, forming a harmonious curve from the withers to the poll, which is the highest point, with the nose slightly in front of the vertical. At the moment the athlete applies his aids to obtain a momentary and passing collecting effect, the head may become more or less vertical. The arch of the neck is directly related to the degree of collection.

ARTICLE E 1.20 THE POSITION AND AIDS OF THE ATHLETE

1. All the movements should be obtained with imperceptible aids and without apparent effort of the athlete. The athlete should be well balanced, elastic, sitting deep in the centre of the saddle, smoothly absorbing the movement of the horse

with his loins and hips, supple thighs with the legs steady and stretched well down. The heels should be the lowest point. The upper part of the body should be tall and supple. The contact should be independent from the athlete's seat. The hands should be carried close together, with the thumb as the highest point and a straight line from the supple elbow through the hand to the horse's mouth. The elbows should be close to the body. All of these criteria enable the athlete to follow the movements of the horse smoothly and freely.

2. The effectiveness of the athlete's aids determines the precise fulfillment of the required movements of the tests. There shall always be the impression of a harmonious co-operation between horse and athlete.
3. Riding with both hands is obligatory. When leaving the arena at a walk on long rein, after having finished the test the athlete may, at his/her discretion, ride with only one hand. For Freestyle tests, see also Directives for Judges – Freestyle tests and Directives for assessing the degree of difficulty in a Freestyle test available at www.fei.org.
4. The use of the voice or clicking the tongue repeatedly is a serious fault, which should be considered in the mark for the movement.

ARTICLE E 1.21 PARA DRESSAGE -THE POSITIONS AND AIDS OF THE ATHLETE

1. The athlete will be as well balanced and steady in the saddle as possible, conforming to the FEI definition of the athlete position. This positions makes it possible for the athlete to show progressive riding and /or training and to show all the movements and transitions with as little effort of the athletes as possible. The aids with which the athlete communicates with the horse are of great importance in Para Dressage.

CHAPTER 2

NATIONAL MOVEMENTS & REQUIREMENTS

EC governs and designs the easier grades, which build up to the international standard. The following is a description of some of the movements and requirements which are used as a foundation for the more difficult movements of advanced Dressage and which are not included in the objects and general principles of Dressage above.

ARTICLE E 2.1 LENGTHENED STRIDE

The horse is asked to lengthen its stride while engaging its hocks. A quickening of pace is to be strictly penalized. This is a preparation for the medium and extended paces of the more advanced levels. The transition between lengthened stride and ordinary stride helps to create balance and impulsion.

ARTICLE E 2.2 SITTING AND RISING TROT

In all levels the working, medium, extended trots and trot with lengthened stride are all executed sitting unless otherwise instructed. When rising trot is permitted in a test or class, the athlete should change the rising diagonal when changing directions, except during a lengthening. The correct rising diagonal is considered to be when the athlete is sitting when the outside front foot and inside hind foot are on the ground. In general, riding on the outside diagonal correctly influences the horse's balance in movements other than straight lines. A change of direction in rising trot implies a change of rising diagonal, but it is up to the athlete to determine where the change should occur. If no change is made, there is no error and no deduction is made unless the balance of the horse is adversely affected, as it might be, for example, in a turn, circle or leg yield. In that case, the movement is judged accordingly and the collective marks for Submission and Effective Use of the Aids could be negatively impacted. At a transition from a rising trot to a canter, walk, or halt, the last few steps of the trot should be executed sitting. See test sheet for rising or sitting instructions.

Note: Sidesaddle: Ladies riding sidesaddle execute all trot movements sitting.

ARTICLE E 2.3 CHANGE OF LEG

The change of leg when performed through the trot must not include more than three or four steps of trot. For simple changes E1.6.4.7.

ARTICLE E 2.4 TROT AND CANTER, ROUND AND LOW

The trot and canter, round and low, will be developed on the 20m circle. The horse, by smoothly taking the rein, will stretch its head and neck forward and down, stretching over its back in a round frame, while maintaining a rhythmic gait and contact with the bit.

ARTICLE E 2.5 EXECUTION OF MOVEMENTS

In a movement which must be carried out at a certain point of the arena, it should be done at the moment when the competitor's body is above this point, except in transitions where the horse approaches the letter from a diagonal or perpendicular to the point where the letters are positioned. In this case, the transitions must be done when the horse's nose reaches the track at the letter so that the horse is straight in the transition.

ARTICLE E 2.6 THE TRANSITIONS

The changes of pace and variations within the paces should be performed exactly at the prescribed marker. The cadence/rhythm of a pace should be maintained up to the moment when the pace or movement is changed or the horse halts. Transitions within the paces must be clearly defined while maintaining the same rhythm and cadence throughout. The horse should remain light in hand, calm, and maintain a correct position. The same applies to transitions from one movement to another, for instance from passage to piaffé or vice versa.

ARTICLE E 2.7. THE QUARTER PIROUETTE

As a preparatory exercise, the quarter-pirouette is usually executed on the track at a given letter or from a diagonal, the horse being highly collected for one or two strides before and then through the execution of a 90 degree turn around the haunches in two-three strides, maintaining a correct canter footfall.

ARTICLE 2.8 THE WORKING PIROUETTE

The pirouette (half-pirouette) is a turn of 360 degrees (180 degrees) executed on two tracks, with the forehand moving around the haunches. The working pirouette should be approximately three meters. The requirements for a working half-pirouette are identical to those of a regular half-pirouette, except that the allowable diameter is increased to approximately three meters. A working half-pirouette is to be judged like a regular half-pirouette except that full credit must be given for a well-performed, but larger (three meter) half-pirouette. Full credit should also be given for a well-performed regular-sized half-pirouette. A significant deduction should be made if an athlete attempts a regular half pirouette but performs it poorly.

ARTICLE E 3.1 EC SPORT LICENCE

EC sport licences are required for Bronze, Silver Gold and Platinum competitions. The fees for each level vary. Athletes, owners and officials should refer to the fee schedule on the Equestrian Canada website www.equestrian.ca and the Equestrian Canada General Regulations Chapter 2.

1. Both the athlete and owner of the competing horse must hold a current EC sport licence for their competition level.
2. Owners of horses declared for Canadian team selection must be members in good standing of their respective national federations. Canadian owners must be Platinum Sport Licence holders with EC.
3. Certified Dressage officials (judges, stewards and Classifiers) must hold EC Sport Licences as per the General Regulations.

ARTICLE E 3.2 HORSE RECORDINGS

EC horse recordings are required for Silver and Gold competitions. Athletes should refer to the *Schedule of Fees* on the Equestrian Canada website www.equestrian.ca and the Equestrian Canada General Regulations Chapter 4 Horse Recordings and EC National Passports.

ARTICLE E 3.3 -HORSE IDENTIFICATION DOCUMENTATION

Horse Identification documentation is required for Silver and Gold competitions. See the Equestrian Canada General Regulations Chapter 4 Horse Recording and EC National Passports.

ARTICLE E 3.4 CATEGORIES AND ELIGIBILITY TO COMPETE

Category	Eligibility to Compete
Open	All competitors (regardless of age and/or amateur/professional status)
Amateur	All athletes who are no longer Juniors under rule 3.4.3 (except as outlined in rule 3.4.2) individual Canadian competitors (see 3.4.2 – Amateur Status)
Junior	Open to all athletes until the end of the calendar year in which they reach the age of 18.

Note: the following categories may be abbreviated in prize lists as follows: Open (O), Amateur (Am), Junior (Jr).

ARTICLE E 3.4.1 OPEN

The open category is open to all athletes regardless of age or status.

ARTICLE E 3.4.2 AMATEUR

Just as juniors have a protected category, the amateur category offers a protected category for athletes who are no longer juniors and who do not wish to compete in the open category.

The Amateur category is for athletes competing at any EC competition over the age of 18 who are not earning remuneration from teaching or training horses or athletes in the horse industry.

- Competitors in FEI-sanctioned competitions must comply with the FEI definition of amateur.
- Amateur status is issued by EC on EC sport licence cards. All persons wishing EC amateur status must complete and sign the amateur declaration, which is on the sport licence application/renewal form, affirming their eligibility.

The amateur classes at all EC sanctioned Dressage competitions are NOT open to:

1. Competitors who accept remuneration for training or schooling a horse.
2. Competitors who accept remuneration for showing or schooling a horse at any EC-sanctioned competition in any discipline.
3. Competitors who accept remuneration for coaching or instructing a person to ride whether they are private contractors or receive remuneration for teaching as an employee of a farm or business by which they are employed.
4. Competitors who accept remuneration for coaching or instructing a person to ride or drive a horse at any EC sanctioned competition.

Exception: Competitors may show as an EC amateur if they:

- a) hold and maintain a current Equestrian Canada NCCP Instructor Certificate
 - b) coach only beginner Para Dressage athletes
 - c) do not engage in any activities listed in E 3.4.2.1; 2 or 4.
5. Competitors who act as an agent or accept commissions for the sale, purchase and/or lease of a horse.
 6. Competitors who accept remuneration for giving clinics and seminars.
 7. Competitors who train or show a horse, or instruct an athlete or driver, when remuneration for this activity will be given to a corporation or farm which they or their family, owns or controls.
 8. Juniors.
 9. Current or former Canadian Equestrian Team (CET) Short or long listed athletes.
 10. Anyone who has represented Canada internationally in Olympic Games/Paralympic Games, World Championships, World Cup Final and Pan American Games is excluded from the amateur category. An athlete entered in CDI competitions other than those listed here is not excluded from the amateur category unless they are deemed to be an open athlete because of rules one to eight 1 to 8 above.

Note: Any coach or instructor who has not been teaching for two years or more may compete in the amateur category providing they apply to EC for reinstatement of their amateur status.

Note: Holding an amateur card for the purposes of competing internationally does not allow an athlete to compete in the amateur category at EC competitions if they can be classified as any of the above.

ARTICLE E 3.4.3 JUNIOR

1. The junior (Jr) category in EC classes at Bronze, Silver and Gold competitions is open to all athletes until the end of the calendar year in which they reach the age of 18.
2. Juniors are not eligible to compete in the amateur category but may compete in the open classes.

ARTICLE E 3.4.4 FEI AGE LIMITATIONS

The following age limits **only** apply to athletes competing in FEI Children, FEI Pony, FEI Junior, FEI Young Rider, U25 classes and FEI Para Dressage Athletes.

FEI Children: An athlete may compete in FEI Children's classes from the beginning of the calendar year in which they reach the age of 12 until the end of the calendar year in which they reach the age of 14.

FEI Pony: An athlete may compete in FEI Pony classes from the beginning of the calendar year in which they reach the age of 12 until the end of the year in which they reach the age of 16.

FEI Junior: An athlete may compete in FEI Junior classes from the beginning of the calendar year in which they reach the age of 14 until the end of the year in which they reach the age of 18.

FEI Young Rider:

- An athlete may compete in FEI Young Rider classes from the beginning of the calendar year in which they reach the age of 16 until the end of the calendar year in which they reach the age of 21.
- No Young Rider up to the age of 18 may be classified as a professional.
- Young Riders may not compete both in an FEI Championship for Young Riders and in any other higher level FEI Championship for seniors in the same year. (FEI Article YR-6)
- A Young Rider who has taken part in an international championship for seniors or in regional or Olympic Games – in Grand Prix – is no longer eligible to take part in any international Dressage events for Young Riders. The participation of a Young Rider in any other international Dressage events for seniors does not, however, affect their status as a Young Rider.

NOTE: Youth Division refers to athletes competing in FEI Children; FEI Pony; FEI Junior and FEI Young Rider. The age limit is the end of the year in which they reach the age of 21.

FEI U25

- An athlete may compete as a U25 Rider from the beginning of the calendar year in which he reaches the age of sixteen (16) until the end of the calendar year in which he reaches the age of twenty five (25).

FEI Para Dressage Athletes: International events, championships and Games are open to athletes from the year in which they reach their 14th birthday.

The total length of the whip, including lash, must not exceed 120 cm for horses and 100cm for ponies. A telescoping whip is not permitted. A sidesaddle cane may be carried to provide aids in place of the leg astride. It must not exceed 92 cm (excluding any L shaped handle) in length and must be black or brown in colour.

ARTICLE E 5.5.1 SIDESADDLE CANE

ARTICLE E 5.6 ATHLETE POSITION

Sidesaddle athletes should sit so that their spine is directly over the horse's backbone. The athlete's body should be erect and supple; shoulders level and square with the horse and the hips square. The right thigh should lay comfortably along the saddle with the lower leg resting relaxed against the safe of the saddle, perpendicular to the ground, the ankle against the horse's shoulder. The left leg should be positioned with a hand width between thigh and leaping pommel. Emergency grip is obtained when the left heel is raised and the thigh contacts the leaping pommel. The athlete applying pressure against the shoulder with their right calf / ankle and right thigh against the top pommel will obtain "Purchase".

The position of the hands should be the same as astride, however allowance must be made for the height of the two pommels.

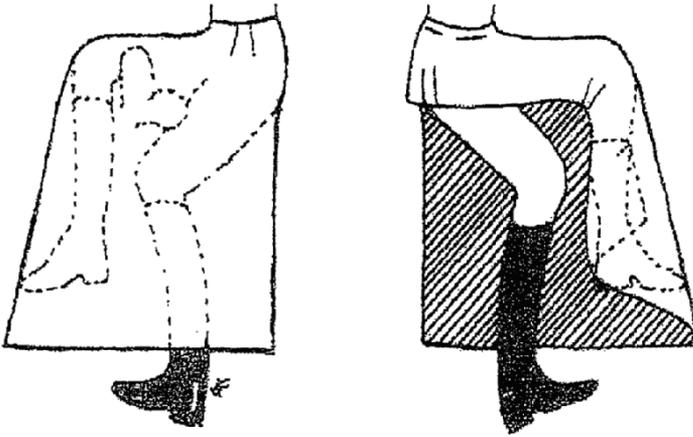

ARTICLE E 5.7 TROT

All trot movements are to be executed sitting. The athlete should keep the saddle steady with no sideways motion.

ARTICLE E 5.8 DRESS

1. All athletes, regardless of age or level of competition, must wear Safety approved protective headgear at all times when mounted at any EC-sanctioned Dressage competition at the event location. At the tack check, the athlete may be asked to dismount to allow inspection of their headgear.
2. The sidesaddle habit must consist of conservative colours, black, brown, navy, green or maroon with dark coloured breeches. An informal habit consisting of a dark coloured jacket and solid coloured apron of conservative dark colours will also be accepted. The outfit jacket should consist of a fitted jacket, falling just below the hips and a sidesaddle safety apron. The length of the apron should lie between 1-3" above the ankle seam of the left boot. The apron hem should be parallel to the ground and should completely cover the right foot.
3. Gloves of brown, black or white must be worn.
4. A long or short-sleeved riding shirt must be worn with a stock tie or tie.

Sidesaddle Safety Apron

ARTICLE E 5.9 RIBBONS AND AWARDS

Separate ribbons may be awarded at the discretion of the competition management. Championship and Reserve Championship ribbons to be awarded for Dressage as per 7.23A, 7.23B, 7.24 and 7.25.

CHAPTER 6 PARA DRESSAGE

ARTICLE E 6.1 OBJECTIVE OF PARA DRESSAGE

1. To provide and develop competition opportunities for equestrian athletes with physical and/or visual impairments.
2. To classify all athletes competing at silver and gold competitions with a functional profile and grade. This classification enables the athletes to compete on an equitable basis using permitted compensating aids according to their respective degrees of impairment and provides suitable tests at each grade for competition.
3. **GRADES FOR ATHLETES**
 - 3.1. Grade I: Athlete has a severe impairment affecting all limbs and trunk. The Athlete usually requires the use of a wheelchair. They may be able to walk with an unsteady gait. Trunk and balance are severely impaired.
 - 3.2. Grade II: Athlete has either a severe impairment of the trunk or minimal impairment of the upper limbs or moderate impairment of the trunk, upper and lower limbs. Most Athletes in this Grade use a wheelchair in daily life.
 - 3.3. Grade III: Athlete has severe impairment in both lower limbs with minimal or no impairment of the trunk or moderate impairment of the upper and lower limbs and trunk. Some Athletes in this Grade may use a wheelchair in daily life.
 - 3.4. Grade IV: Athlete has a severe impairment or deficiency of both upper limbs or a moderate impairment of all four limbs or short stature. Athletes in Grade IV are able to walk and generally do not require a wheelchair in daily life. Grade IV also includes Athletes having a visual impairment equivalent to B1 with very low visual acuity and/or no light perception.
 - 3.5. Grade V: Athlete has a mild impairment of movement or muscle strength or a deficiency of one limb or mild deficiency of two limbs. Grade V also includes Athletes with visual impairment equivalent to B2 with a higher visual acuity than visually impaired Athletes competing in Grade IV and/or a visual field of less than 5 degrees radius.
 - 3.6. Grade VI: Athlete is deemed “Not Eligible” as a result of the Classification process. Athlete has a minor impairment and is able to compete in Dressage classes with an approved compensating aid.

ARTICLE E 6.2 CONDITIONS OF PARTICIPATION

1. **Athlete Classification:** It is a condition of participation that the athlete has a permanent, verifiable and measurable physical or visual impairment that is supported by medical evidence and satisfies the minimal impairment criteria.
2. All athletes wishing to compete at silver and/or gold competitions must undergo an athlete classification session with two nationally accredited Para Dressage classifiers before they can take part in a competition. An athlete will be allocated a grade for competition based on their functional profile as described in the FEI PE Classification Manual;
<https://inside.fei.org/fei/disc/para-dressage/classification> .
This functional profile may need to be reviewed periodically. Classifiers determine the frequency of the re-classification schedule. An athlete with supporting medical documentation can also ask to undergo a medical review

- for re-classification if their condition deteriorates or improves.
3. Athletes with a permanent impairment wishing to participate in Bronze level competitions must complete an EC Medical Dispensation request and submit it to the EC Para Dressage Department for approval. Once approved the athlete can access their medical dispensation certificate by logging into their MyEC account. This medical dispensation certificate must be submitted to the show organizing committee when entering the competition. Athletes who do not appear on the EC Medical Dispensation Certificate or the EC Compensating Aids Master list are not eligible to compete in Bronze competitions.
 4. Athletes with a physical or visual impairment who use compensating aids and compete at EC sanctioned competitions must have either an EC Medical Dispensation Certificate or be listed on the EC Classification Master list. The EC Medical Dispensation Certificate and/or the EC Classification Master list must identify the compensating aids that the athlete is permitted to use in competition. Only listed compensating aids and standard compensating aids may be used by the Athlete.
 5. All classified athletes (Bronze to Platinum) may use the following standard compensating aids. These aids do not need to be listed on the EC Medical Dispensation Certificate or EC Classification Master List.

Standard Compensating Aids:

- Salute with head only
- Trot can be sitting or rising
- Gloves - optional
- Spurs - optional
- Saddle - any type
- Soft hand hold (pommel strap)
- Deep saddle
- Elastic bands on stirrups
- Enclosed stirrups
- Magnetic stirrups
- 1 whip (a total maximum length of one hundred twenty centimetres -120 cm-) as a standard compensating aid. The whip can be curved, the measurement should be from the tip to the point of the whip, not along the curve.
- Breast plate and/or neck strap
- Joined reins and elastic rein inserts are standard compensating aids for all Athletes. Joined reins must have a minimum of 30cm from the bit to the join in the rein. It must be formed into a single rein in the Athlete's hand.
- Elastic inserts in reins
- Safety vest (including inflatable)
- Knotted Reins/Rein

Refer to FEI Para Dressage rules and FEI Classification documentation for FEI standard and profile specific compensating aids (<https://inside.fei.org/fei/disc/para-dressage/classification/documentation>).

6. All other compensating aids MUST be listed on the EC Para Dressage Dispensation Certificate and / or EC Classification Master List.
7. Classified and non classified athletes must complete an EC request for non-standard compensating aids they are considering using a non-standard

compensating aid. The request will be reviewed by the non-standard compensating aids panel. If the request is accepted by the panel the non-standard compensating aid will be added to the athletes EC Classification Master list of the EC Medical Dispensation list. If the non-standard compensating aid does not appear on the list, the athlete may not use it. If the request is not accepted, the non-standard compensating aids panel will state why the request was not accepted.

8. Athletes must submit copies of their EC Para Dressage Dispensation Certificate and / or a copy of the EC Classification Master List with their entries and carry copies with them at all times while on the competition grounds.
9. Competition organizers must notify official(s) before the start of the competition that there is an athlete who will be competing with compensating aids and provide them with a copy of the EC Para Dressage Dispensation Certificate and / or a copy of the EC Classification Master List.
10. The competition steward(s)/official(s) have the right and responsibility to inspect the compensating aids and declare whether a compensating aid is unsafe for the horse and / or athlete.
11. The athlete must be able to fall free from the horse at all times.
12. **Personal support staff:** Individual athletes are required to provide their own necessary personal support staff to enable them to compete, including callers and commanders.

ARTICLE E 6.3 COMPETING IN A DIFFERENT GRADE

1. Athletes must compete in their assigned national or international grade.
2. If an athlete's grade changes as a result of reclassification, that athlete may choose to compete in the new grade from the date of reclassification, or may choose to compete in the original grade until the new Grade appears on the EC or FEI Classification Master list. The athlete must compete with the compensating aids relevant to the grade they have chosen to compete in.
3. Athletes competing at the EC Bronze level are not required to be classified therefore they do not need to compete at an assigned grade, but are encouraged to compete at the highest level of their ability.
4. When an athlete competing in their functional profile grade is reclassified by the classifiers, any qualification made at the higher grade may be handed down.
5. Where the entered grade is lower than the newly allocated grade, each of the athlete's test's final result will be reduced by ten (10) percentage points. Such a decision must be reported to the ground jury.
6. The athlete may only compete in a Championship in their newly assigned grade, providing that they meet the qualification requirements.

ARTICLE E 6.4 PARA DRESSAGE TESTS

1. **EC Bronze Competition Tests:** The following EC Para Dressage National; FEI and RDA tests may be used in EC Bronze sanctioned competitions:
 - **Walk Tests (Level 1, Level 2, Level 3)** - For athletes who wish to compete at the walk.
 - **Walk/Trot Tests (Level 1, Level 2, Level 3)** - For athletes who wish to compete at the walk and trot.

- FEI Para Novice and Intermediate Test A (Grade I-V).
- FEI Para Novice and Intermediate Test B (Grade I-V).
- RDA Freestyle Tests (Grade I-V).

Note: Athletes are not required to be classified to compete at EC Bronze sanctioned competitions, they are required, however, to submit a completed EC Para Dressage Dispensation Certificate if competing in Para Dressage classes, or if using compensating aids in Dressage classes.

2. **EC Silver and Gold Competition Tests:** EC Silver and Gold sanctioned competitions may use the EC Para Dressage National or the FEI Para Dressage tests:

- **FEI Para Grand Prix Freestyle Tests (Grade I – V)** - For CPEDI 3*, or higher, competitions.

4. Athletes are required to be classified to compete at EC Silver, Gold or Platinum sanctioned competitions.

5. Please refer to the FEI website for FEI Para Dressage tests.

6. Each grade has its own series of tests.

Technical and Freestyle to Music tests are graded according to suitability for the athletes in the five grades (I, II, III, IV and V). All grades should be included if possible. Only the current Para Dressage tests may be used in official competitions.

- **In Grade I tests**, athletes compete at walk. Athlete numbers in this grade should begin with a one (1).

- **In Grade II tests**, athletes compete at walk and trot. Athlete numbers in this grade should begin with a two (2).
 - **Grade I and Grade II** athletes may be combined where there are less than four entries in either class. Each athlete competes in their grade and test results are calculated by comparing percentages.
 - **In Grade III Tests**, athletes compete at walk and trot. Athlete numbers in this grade should begin with a three (3).
 - **In Grade IV Tests**, athletes compete at walk, trot, with lateral work, and canter. Numbers in this grade should begin with a four (4).
 - **In Grade V Tests**, athletes compete at walk, trot and canter with lateral work. Numbers in this grade should begin with a five (5).
7. Arena size: All EC Para Dressage tests are held in a 20m x 40m arena. FEI tests for Grades I-III are held in a 20m x 40m arena. FEI tests for Grade IV-V compete, wherever possible, in a 20m x 60m arena.
 8. All athletes with visual impairment may start the test from within the arena.
 9. At EC Dressage competitions, On the grounds of safety, athletes in Grade I, II, III and Profile 36 (totally blind) may be accompanied around the outside arena by the trainer or his representative before the Test starts. They may be led, but must not be schooled from the ground. This person may stand outside the arena on the field of play during the Test
 10. Maximum Tests per day: All athletes of all grades may compete in a maximum of four tests per day. Within this four-a-day limit, athletes are allowed to compete both Para Dressage and Dressage tests. Horses may compete in a total of four tests per day regardless of grade or division.
 11. In the event that the horse starts to defecate or urinate, the clock will be stopped until the horse is ready to continue at which point the clock will be restarted.
 12. All athletes may salute with a nod of their head only. Headgears must not be removed at the salute, and contact must be maintained on the reins.

ARTICLE 6.5 EXECUTION OF TESTS

1. All FEI tests must be carried out entirely from memory, except those who may have their Tests commanded and/or called as a compensating aid listed on the EC Classification Master List or FEI Classification Master List.
2. All athletes with visual impairment may start the test from within the arena.
3. At EC Dressage competitions, on the grounds of safety, athletes in Grade I, II, III and Profile 36 (totally blind) may be accompanied around the outside arena by the trainer or his representative before the Test starts. They may be led, but must not be schooled from the ground. This person may stand outside the arena on the field of play during the Test
4. For Grade I, II and III, if circumstances allow, a companion horse, that horse may stand adjacent to the arena. The area where a companion horse may stand must be designated by the Judge at C prior to the start of the class.
5. Maximum Tests per day: All athletes of all grades may compete in a maximum of four tests per day. Within this four-a-day limit, athletes are allowed to compete both Para Dressage and Dressage tests. Horses may compete in a total of four tests per day regardless of grade or division.
6. In the event that the horse starts to defecate or urinate, the clock will be stopped until the horse is ready to continue at which point the clock will be restarted.

7. All athletes may salute with a nod of their head only. Headgears must not be removed at the salute, and contact must be maintained on the reins.
8. Beginning/End of test. A test begins with the Entry at A and ends after the salute at the end of the tests as soon as the horse moves forward.

ARTICLE E 6.6 THE POSITION AND AIDS OF THE ATHLETE

Wherever able, athletes should follow the guidelines as set out in Article E 1.20

1. Wherever possible the athlete should follow the objective and general principles of Dressage. However, as athletes with impairments do not have the use of the entire body, all references to the aids must be interpreted to include the use of other parts of the body and/or appropriate and approved compensating aids.
2. The athlete will try to be well balanced and steady in the saddle, conforming as far as possible to the FEI definition of an athlete's position. This position makes it possible for the athlete to show progressive riding and/or training and to show all the movements and transitions with as little effort of the Athlete as possible. The aids that communicate the wishes of the athlete to the horse are of great importance in dressage.
3. Where possible, athletes will ride with both hands at all Para Dressage events when executing any official Para Dressage tests published by the FEI or EC.
 - a. A discreet "pat on the neck" for a well performed exercise or for reassurance is perfectly acceptable or is the situation of an Athlete needing to wipe a fly from their eye or other situations such as adjusting clothing etc.

However, if the athlete intentionally takes the reins into one hand in order to use either the reins of the other hand to produce more impulsion from the horse, or to promote applause from the spectators during the test, it will be considered a fault and will be reflected in the mark for both the movement and the collective mark for "Athlete". If foot reins are used, neither the hands nor arms may be used.
4. When leaving the arena at a walk on a long rein, after having finished their performance, the athlete may, at their own discretion, ride with only one hand.
4. Voice – athletes in Grades I, II and III may use their voice as an aid whilst riding in their allocated grade, provided they do so in moderation. Athletes in Grades IV and V may not use their voice at any time during the execution of their test.
5. Once a test has started the athlete shall not speak to any other person, unless spoken to by the judge. Such a fault will be penalized by the deduction of at least two (2) marks by each judge from those that would otherwise have been awarded for the movement where the voice was used.

ARTICLE E 6.7 COLLECTIVE MARKS

1. Collective marks on Para Dressage tests differ slightly from collective marks in Dressage tests. Movements, and certain transitions from one (1) movement to another, which have to be marked by the Judges, are numbered on the Judge's sheet.
2. They are marked from zero (0) to ten (10) by each Judge, zero (0) being the lowest and ten (10) the highest mark.
3. For the scale of marks see E.9.7.10.a) b) c).

4. “Not executed” means that practically nothing of the required movement has been performed.
5. Collective mark - After the Athlete has finished their performance, a collective mark is allocated for “General Impression”
6. The collective mark, as well as certain difficult movements, can be given a coefficient, which is fixed by the FEI.

ARTICLE E 6.8 ERROR OF TEST/ELIMINATION/PENALTIES

The following replace or are in addition to the information stated in Article E 9.3 Error of Test and Article E 9.5 Elimination from a Class Error of Test

1. Each of these errors incur two (2) penalty points which are not cumulative and therefore do not result in elimination:
 - **Sound of the Bell:** Entering the Dressage arena before the sound of the bell; not entering the Dressage arena within sixty (60) seconds after the bell, but within one hundred and twenty (120) seconds. If an Athlete does not enter the arena within 120 seconds of the bell being rung, the Athlete will be eliminated. For Freestyle tests, entering the Dressage arena after more than thirty (30) seconds of music, but within sixty (60) seconds.
 - **Discrepancy in Dress Rules:** Entering the arena with boots on the horse’s legs or a discrepancy in the dress rules. If the test has already started before the discrepancy has been noticed, the Judge at C stops the Athlete and if needed and possible, an assistant may enter the arena to remove the item(s). Once the items have been removed, the athlete may continue their test, either by starting from the beginning (from inside the fence) or from the movement where they were stopped. The marks given before they were stopped are not changed.
 - **Resistance** - Resistance may last no longer than 60 seconds. However, resistance that may endanger athlete, horse, officials or members of the public may result in elimination for safety reasons see below point 2.
 - **Horse Leaving the Arena:** Athlete directing the horse to the outside of the arena. In the case of a horse being unintentionally directed to leave the arena with all four feet where the boards are continuous, the steward or other suitable person will remove one or more boards to allow the athlete to re-enter the arena safely.

Errors for Freestyles

- **Disallowed Movements:** An athlete intentionally showing disallowed paces or movements during the execution of the freestyle test will have eight (8) marks deducted by each judge each time a disallowed movement is shown, and the choreography mark will be five (5) or below but will not be eliminated. The decision of the judge at C will be final in such cases.
- **Required Movements:** The test sheet shows a list of required movements that must be included in the test. If a required movement has been omitted, the judge(s) will each give zero (0) for that movement. The mark for choreography will also be affected. The decision of the judge at C will be final.
- **Discussions:** Once a test has started the athlete shall not speak to any other person, unless spoken to by the judge. Such a fault will be penalized by the

deduction of at least two (2) marks by each judge from those that would otherwise have been awarded for the movement where the voice was used.

2. Elimination from a Class

Each of the below situations will result in elimination:

- **Fall:** Fall of horse and/or athlete
- **Entering Arena:** Entering the Dressage arena after 120 sec
- **Horse Leaving Arena:** A horse leaving the arena completely, with all four feet and in a willful manner, causing the athlete to lose control, however, if the athlete directs the horse to the outside of the arena or the arena is not fully boarded, the horse is not automatically eliminated. The decision is that of the judge at C. Such incidents will incur a two (2) point deduction of the marks. In the case of a horse being unintentionally directed to leave the arena with all four feet where the boards are continuous, the steward or other suitable person will remove one or more boards to allow the athlete to re-enter the arena safely.
- **Resistance:** Resistance which lasts over sixty (60) seconds. Resistance that endangers the athlete, horse, officials or members of the public will result in immediate elimination for safety reasons
- **Outside Assistance:** Any outside assistance or intervention, including coaching by voice, signs etc., may result in elimination, at the discretion of the president of the ground jury or the judge at C. In cases where an Athlete stops the test and receives outside assistance in order to turn a temporarily unsafe situation back into a safe situation, (in case of a lost stirrups), each judge should give zero (0) for the particular movement, but allows the Athlete to continue their Test. However, if the danger seems to be of a more permanent character, it shall remain at the discretion of the judge at C to eliminate the combination.
- **Blood:** Presence of blood also see Art E 9.5: If the Judge at C suspects fresh blood anywhere on the horse during the test, they will stop the horse to check for blood. If the horse shows fresh blood, it will be eliminated. If the Steward discovers fresh blood in the horse's mouth or in the area of the spurs during the equipment check at the end of the test, they must inform the Judge at C, who will eliminate the horse and the athlete. If there is blood on the horse, the onsite veterinarian is to be called to decide if the horse is fit to continue in additional classes at the event. If the horse is eliminated pursuant to the above, or if the horse is injured during the test and starts bleeding after finishing the test, it should be examined by an onsite veterinarian prior to the next class to determine if it is fit to continue in the event.
- **Schooling:** At Silver and Gold Championships, schooling of horses may only be done by the competing athlete from their arrival on the show grounds until their last class ridden, under penalty of elimination, with the exception of Grade I, II and III Classified Para Dressage athletes (See 6.11.1.1. below) A groom mounted in the saddle may walk the horse on a long rein.

ARTICLE E 6.9 OTHER OUTSIDE ASSISTANCE

1. Any outside assistance or intervention, including coaching by voice, signs etc., may result in elimination, at the discretion of the president of the ground jury or the judge at C.
2. In cases where an athlete stops the test and receives outside assistance in order to turn a temporarily unsafe situation back into a safe situation (e.g. in case of a lost stirrup, broken equipment or broken compensating aid), each judge should give zero (0) for the particular movement, but allow the athlete to continue their test when the unsafe situation is resolved. However, if the dangerous situation persists, it shall remain the discretion of the judge at C to eliminate the combination. The athlete's trainer or representative may stand near the competition arena to relay the judges' instructions, if necessary.
3. For Grade I, II and III, helpers (maximum four in total including the trainer or other personnel as described above) may be placed in corners outside the arena for safety reasons. Each helper must stand as directed by the Steward to ensure they do not impede the view of the Judges. In an emergency, they may give physical assistance. Penalties will be at the discretion of the Judge at C, who may eliminate the Athlete either at the time, or at the conclusion of the Test. Any outside assistance other than in case of emergency, will be considered as unauthorized assistance (see FEI article 8430.14.1) and must result in elimination.
4. For Grade I, II and III, if circumstances allow, a companion horse may stand adjacent to the arena.
5. All athletes with visual impairment may start the test from within the arena.

ARTICLE E 6.10 THE FREESTYLE TEST

1. The freestyle tests are competitions that can be used by all grades at all levels. Each grade has its own test.
2. Grade I - III freestyle tests must be no shorter than four minutes and no longer than four minutes and 30 seconds. Tests are performed in a 20m x 40m arena.
3. Grade IV - V freestyle tests must be no shorter than four minutes 30 seconds, and no longer than five minutes, and may be ridden in a 20m x 40m or 20m x 60m arena. The music must not start more than twenty (20) seconds before the athlete enters the arena, and the music must cease at the final salute.
4. A halt and salute on the center line facing the judge at C at the beginning and end of the test is compulsory. The test time will start when the athlete moves off from the first halt and finishes at the final halt.
5. Prohibited Movements
 - 5.1 Athletes riding in Grade I and II may not show canter, piaffe or passage.
 - 5.2 Athletes riding in Grade III may not show piaffe or passage and only show canter work that does not include lateral work, flying changes, half or full pirouettes.
 - 5.3 Athletes riding in Grade IV may not show piaffe, passage, sequence changes or half or full canter pirouettes.
 - 5.4 Athletes riding in Grade V may not show piaffe, passage, one time or two times sequence changes or full pirouettes.
 - 5.5 An athlete intentionally showing disallowed paces or movements during the execution of the test will have eight (8) marks deducted by each judge each time a disallowed movement is shown, and the

choreography mark will be five (5) or below but will not be eliminated.
The decision of the judge at C will be final in such cases.

6. The test sheet shows a list of required movements that must be included in the test. If a required movement has been omitted, the judge(s) will each give zero (0) for that movement. The mark for choreography will also be affected. The decision of the judge at C will be final.
7. In case of equality of percentages in a Freestyle test for the first three (3) places, the higher artistic marks will decide on the better placing. Should the artistic mark be the same, the higher mark for harmony will decide. If still tied, the higher mark for choreography will decide. In the case of equality of marks for the remaining places, the athletes are given the same placing.

ARTICLE E 6.11 THE SCHOOLING AND SHARING OF HORSES

Schooling of horses/ponies may only be done by EC Sport Licence holders.

1. At Silver and Gold Championships, schooling of horses may only be done by the competing athlete from their arrival on the show grounds until their last class ridden, under penalty of elimination, with the exception of Grade I, II and III Classified Para Dressage athletes (See 6.11.1.1. below) A groom mounted in the saddle may walk the horse on a long rein.
 - 1.1 At Silver and Gold Championships, horses for Grades I, II and III may be ridden and/or schooled for up to 30 minutes per day by the trainer/coach/groom who should wear an armband of distinctive colour to identify themselves. Armbands to be provided by the athlete. Horses may not be ridden and/or schooled unless an official steward is present to observe and regulate the time allowed. Training times can be supervised by an OC appointed supervisor if a second steward is not available.
2. At Silver and Gold Championships, horses being competed by Grade I, II and III athletes may not be trained/schooled by anyone other than the athlete for the 15 minutes before they enter the competition arena to perform their Dressage test. Horses may, however, be led around with or without the athlete during the 15 minutes prior to this but may not be schooled from the ground.
3. Shared horses
 - 3.1 Horses may not be shared by athletes in the same Grade ~~category~~. A horse cannot compete against itself in the same class.
 - 3.2 When the horse is shared by two athletes (one lower grade/one higher grade):
 - a) If the lower grade competes first, 30 minutes schooling applies prior to the test.
 - b) If the higher grade competes first, this is considered the 30 minutes training time, and therefore no further allocation of time will be allowed for the lower Grade athlete. This is on the grounds of horse welfare.
 - c) If shared, horses may only be warmed up before the competition for Grade I, II and III athletes.

ARTICLE E 6.12 DRESS

Refer to Chapter 4 with following exceptions:

1. **Boots:** Black, brown or colour coordinated boots or stout riding shoes with heels must be worn. Plain black, brown or colour coordinated half-chaps or gaiters to the knee may be used.

2. **ArmBands:** An arm band, provided by the athlete, in a distinctive color must be worn at all times by athletes with visual impairment while mounted outside of the competition arena.
3. **Whips:** As whips are not allowed in Dressage championship competitions for non-disabled impaired athletes, if a Para Dressage athlete requires more than one (1) whip this must be stated on the EC Classification Master List. Para Dressage athletes who enter ~~non-disabled~~ Dressage championship class, must submit a copy of their compensating aids from the EC Master List and a copy of the standard compensating aids list for the benefit of judges and stewards.
4. **Gloves:** Gloves are optional for Para Dressage athletes.
5. **Spurs:** Spurs are optional for Para Dressage athletes. Offset spurs may only be used if they appear on the athlete's EC Classification Master List or FEI Master List.
6. Classified athletes who wish to request to use a non-standard compensating aid, or for an aid to be added to the EC Classification Master List must be approved by the EC Classification Advisory Group (CAP). The request must be submitted to the Para Dressage department at EC in writing, with supporting documentation if required. If approved, the aid will be added to the EC Classification Master List. Non-classified Para Dressage athletes who are competing at the EC Bronze level competitions must have the information added to the EC Para Dressage Dispensation Certificate or the EC Classification Master List. Information must identify clearly the compensating aids that they are permitted to use in competition.

ARTICLE E 6.13 SADDLES

1. A well-fitting, well-maintained saddle, suitable to the horse and athlete shall be used.
2. At the halt there must be a clear three 3 cm between any means of support and the athlete's trunk.
3. Any adaptations to a saddle must allow the athlete to fall free of the horse.

If a hard (fixed/rigid) handhold is essential, this requirement must be stated on the EC Para Dressage Dispensation Certificate or the EC Classification Master List. The hard handhold must comply with the same measurement criteria as the soft handhold. EC reserves the right to allow these dispensations according to the specific impairment of an athlete.

ARTICLE E 6.14 STIRRUPS

ARTICLE E 6.16 COMPENSATING AIDS

- 1.1 Standard compensating aids are aids or equipment, other than approved saddlery or equipment as outlined in Chapter 4, which may be used by athletes across all functional profiles. Standard compensating aids are allowed to be used by all athletes and do not need to be noted on the EC Classification Master list. See Article E 6.2.4 for the list of Standard compensating aids.
- 1.2 Profile specific compensating aids are aids or equipment, other than approved saddlery, which may be used by nominated profiles and must be noted on the EC Classification Master List or the EC Para Dressage Dispensation Certificate.
- 1.3 Non Standard compensating aids are aids, other than those above, required by an individual and not described specifically in these rules. The aids are prescribed specifically for the athlete to enable them to ride the horse without an advantage over other athletes within the same profile or Grade. These aids may include modifications to a standard or profile specific compensating aid or a piece of non-standard equipment custom made for the Athlete.
 - 1.3.1 The use of non-standard compensating aid must be approved by the EC non standard compensating aids panel before being used.. Any requests for non standard compensating aids must be made to EC Para Dressage Department who will forward the request to the CAP panel. The CAP panel will review the request and if approved the item will be added to the Athlete's EC Classification Master List. Equipment cannot be used, until it appears on the EC Master list.
 - 1.3.2 It is the responsibility of the athlete to ensure that all special equipment/compensating aids they use in competition meet the requirements under these rules, and that any non-standard or profile-specific compensating aids are noted for that athlete on their EC Classification Master list or EC Para Dressage Dispensation Certificate.

centimeters high above the top of the pommel when held. It may be attached to the front of the saddle, in front of or above the pommel.

3. Whips

- 4.3 Athletes in nominated profiles may use foot reins when no other reins can be controlled by the arm(s) or hand(s)/finger(s) from the upper part of the body of the athlete. Foot reins must be stated on the EC Classification Master list.
- 4.4 If the rein is not used in a conventional manner, it must be in as straight a line as possible from the athlete's point of contact on the reins to the horse's mouth.
- 4.5 Athletes within nominated profiles may use a ring attached to the D-ring of a saddle or breastplate that the reins run through. This must allow a direct line from the bit to the athlete's hand or upper limb, and must not alter the angle to produce leverage on the rein. Where the rein passes through the ring, when measured vertically from the attachment, must be not less than 10 cm and no more than 12 cm from the horse's wither. Reins used in this way must be stated on the EC Classification Master list.
- 4.6 Knotted reins may be used. Each rein may have one knot or a twist/tie of the rein. Rein stops are also allowed but must have the same size and number as a knot in the rein. Any larger knots are considered non-standard compensating aid.
- 4.7 Looped and Ladder reins are profile specific. A maximum of 4 loops per rein. Each loop strap measuring no more than 30 cm in length (measured inside the loop). The loops can be attached to the rein by a fixed attachment ~~of~~ or can be a loop that is clipped to the attachments on the reins to allow for adjustment. There can be up to eight (8) attachments on each rein.

Callers call out the letters to those athletes with visual impairment who need this assistance.

1. At EC Bronze level competitions, all Para Dressage (EC and/or FEI) tests may be commanded. At EC Silver and Gold level competitions, all EC Para Dressage tests may be commanded, but FEI Para Dressage tests may only be commanded if a commander is listed as an approved compensating aid on EC Para Dressage Dispensation Certificate or the EC Classification Master List. Commanders are permitted at championship shows if the athlete has this compensating aid listed on the EC Para Dressage Dispensation Certificate or the EC Classification Master List.
2. An electronic communication device may be used by the Commander if it is listed on the athlete's E EC Para Dressage Dispensation Certificate or the EC or FEI Classification Master List. The person communicating to a competitor in the ring must stand next to a steward or an OC appointed supervisor.
3. Headset use during test: Athletes who qualify as above (6.18.2) to use a commander, and who are also deaf or hearing impaired as identified through the classification process, may use sign language and/or they may use a radio headset during all tests. This will be stated as a compensating aid on the EC Para Dressage Dispensation Certificate or the EC or FEI Classification Master List.
4. All athletes who have been allowed a commander or caller(s) as a compensating aid on the EC Para Dressage Dispensation Certificate or the EC

Classification Master List are permitted to use a headset during freestyle tests only.

5. It is the responsibility of the athlete to provide a fully functioning headset with a receiver to enable the steward to listen to all communication going from the coach / helper to the athlete. If a headset is not provided for the steward, the athlete will not be permitted to use the equipment and must ride the test without it. **Exception:** If lack of a headset for the steward is noted during warm-up, a judge may permit rescheduling until a suitable headset is provided.
6. Athletes shall have no more than one commander who shall stand in a fixed position outside the arena at E or B, or if this is not possible, stand as directed by the judge at C.
7. The commander may read each movement once or twice only, from the official printed text version of the test or extracts from it (without any augmentation).
8. All commanders must be supervised by a steward or an OC appointed supervisor, preferably one who speaks the same language.
9. Commanders may not carry a whip.
10. Callers may only call the name of the letter(s). Only the lead caller (who may also command where approved as in 6.14.3) may be in the center of the arena and may not move around except for a safe distance to avoid the path of the horse. All other callers must be positioned outside the arena, and may move from one marker to another, provided they do not restrict the vision of any of the Judges. There shall be no more than four (4) human callers placed around the arena and one (1) caller at X, but Athletes with classified visual impairment are encouraged to use as few callers as possible. Electronic callers can be placed at every letter. The caller at C may be exchanged for a beacon beeper which is to be provided by the athlete. The OC must be notified if electronic callers are being used and the set-up of such devices must not affect the running of the competition, nor cause any disturbance to other athletes.

The FEI is responsible for issuing tests for international competitions (CDI, CDI-W, CDIO, CPEDI etc.), and for use at EC competitions. Tests cannot be modified or simplified without the approval of EC.
2. Objectives and standards of EC levels of competition:

Introductory: To introduce the athlete and/or horse to the sport of Dressage. To show understanding of riding the horse forward with a steady tempo into an elastic contact with independent, steady hands and a correctly balanced seat. To show proper geometry of figures in the arena with correct bend (circles and corners).

Training Level. To confirm that the horse demonstrates correct basics, is supple and moves freely forward in a clear rhythm with a steady tempo, accepting contact with the bit.

First Level. To confirm that the horse demonstrates correct basics, and in addition to the requirements of Training Level, has developed the thrust to achieve improved balance and thoroughness and maintains a more consistent contact with the bit.

Second Level. To confirm that the horse demonstrates correct basics, and having achieved the thrust required in First Level, now accepts more weight on the hindquarters (collection); moves with an uphill tendency, especially in the medium gaits; and is reliably on the bit. A greater degree of straightness, bending, suppleness, thoroughness, balance and self-carriage is required than at First Level.

Third Level. To confirm that the horse demonstrates correct basics, and having begun to develop an uphill balance at Second Level, now demonstrates increased engagement, especially in the extended gaits. Transitions between collected, medium and extended gaits should be well defined and performed with engagement. The horse should be reliably on the bit and show a greater degree of straightness, bending, suppleness, thoroughness, balance and self-carriage than at Second Level.

Fourth Level. To confirm that the horse demonstrates correct basics, and has developed sufficient suppleness, impulsion and thoroughness to perform the Fourth Level tests which have a medium degree of difficulty. The horse remains reliably on the bit, showing a clear uphill balance and lightness as a result of improved engagement and collection. The movements are performed with greater straightness, energy and cadence than at Third Level.

2. Para Dressage tests ridden in Test of Choice classes may be used as qualifiers for Gold Provincial/Regional or National championships as well as for Silver championships and team qualification, if permitted in the team qualification criteria.
3. Dressage tests ridden in Test of Choice classes may be used to qualify for Silver show championships.
4. Para Dressage tests ridden in Test of Choice classes may be used to qualify for Gold or Silver show championships.

CHAPTER 8

RISING STARS EQUITATION PROGRAM

The Rising Stars Equitation Program was developed and continues to be overseen by the Rising Stars Youth Dressage Committee established in 2004 in Chilliwack, BC. In 2019 the Rising Stars Equitation program was recognized by EC as a Dressage youth development program.

Mission Statement:

‘To provide youth athletes, up to and including 25 years, the opportunity to participate in a Dressage competition that is exclusively their own, in an environment that provides a fair playing field for youth athletes of different age groups wherein each will compete against their peer group at all levels of skill, from beginners to advanced.’

ARTICLE E 8.0 OBJECTIVES

To develop and improve the equitation of youth Dressage athletes by providing ongoing evaluation of their equitation skills during the performance of technical Dressage tests. The improvement of equitation skills is the best pathway forward to develop youth Dressage athletes toward higher levels.

ARTICLE E 8.1 CATEGORIES

- A) Foundation level: those competing at: Introductory; Training; First and Second, or
- B) Progressive level: those competing at: Third; Fourth and FEI

Note: A competition may offer the Foundation level only or both Foundation and Progressive levels. The decision is at the discretion of the competition organizing committee.

ARTICLE E 8.2 LICENCE LEVELS

1. Bronze, Silver, and Gold sanctioned Equestrian Canada Dressage competitions may offer Rising Stars Equitation classes.

Note: For other competition opportunities, including Rising Stars Equitation classes being offered at PTSO sanctioned competitions under PTSO rules visit: www.risingstarsdressage.com

2. Rising Stars Equitation classes in each division will be designated in the competition prize list by the competition organizing committee. (i.e. Foundation Level Test 2 in Training; First or Second and Progressive Level; Third through FEI)
3. Any youth athlete up to and including 25 years may compete in the Rising Stars Equitation Program by entering a designated technical Dressage test at their level of proficiency from Introductory through to FEI. The technical test will be judged in the usual technical manner by the judge at C with a second judge, judging only the athlete’s equitation during the technical test using the Rising Stars Equitation score sheet.

Note: The organizing committee may use other options to offer the Equitation judging during a technical test: eg. a class designated as the RS Equitation class. The athlete rides their technical test but is only judged on their equitation using the RS Equitation score sheet. For more options, visit www.risingstarsdressage.com

4. If using the two-judge system, with the judge at C judging the technical test, the second judge, the Equitation judge may sit at E, H, M, B or any marked letter (at the discretion of the competition organizing committee), and judge solely on the equitation skills of the athlete.
5. Amateur athletes, 18 years and older may compete in the Rising Stars Equitation Program in classes designated for amateurs at either the Foundation or Progressive level. There will however be no 'Ride Off' at either level for amateur athletes. The amateur Champion and Reserve Champion will be determined by the highest and second highest equitation score of 60% or over in each of the Foundation or Progressive levels.
6. There may be no cross entry between Rising Stars Youth Dressage Equitation classes and Rising Stars Equitation classes for amateurs.

ARTICLE E.8.3 AWARDS AND CHAMPIONSHIPS

1. The judged score from the designated technical test will be included with all other technical tests in the same class for class and competition awards. The equitation score and technical score are not combined to determine equitation placings.
2. Based only on the equitation scores of the athletes, all athletes achieving 60% or over, will be eligible to compete in one of two Equitation Championships:
 - A) Foundation level: those competing at: Introductory; Training; First and Second, or
 - B) Progressive level: those competing at: Third; Fourth and FEI

Note: A competition may offer the Foundation level only or both Foundation and Progressive levels. The decision is at the discretion of the competition organizing committee.

For eligible athletes in A), the Equitation Foundation Level Championship 'Ride Off' will be based solely on equitation skills judged by the 'equitation judge'. The 'Ride Off' will be a group class including all athletes who achieved 60% or over in their Equitation test in Introductory, Training, First or Second level. Individual patterns may be requested by the 'Equitation judge' to establish the Champion and Reserve.

Note: If for any reason, a show committee is not able to offer the "ride off", for the Champion and Reserve Equitation Foundation Level, the Champion and Reserve will be determined by the overall highest and second highest score (from the equitation score sheet).

For eligible athletes in B) Equitation Progressive Level the Champion and Reserve will be determined by the highest and second highest equitation scores achieved by those athletes who achieved 60% or over on their equitation score at Third, Fourth or FEI level.

Note: Where a competition offers Rising Stars Equitation classes under more than one licence, all eligible competitors from ALL licenses will participate in A) or B) to determine the overall competition Equitation Champion and Reserve in A) and B).

If offered, Champion and Reserve Champions in both A) Foundation and B) Progressive, established at each competition, will be qualified to compete in their Provincial or Regional Championship for a Provincial or Regional 'Ride Off'.

Once Provincial or Regional 'Ride Off' Equitation Championships have been held, the intent is that an annual National Equitation 'Ride Off' be established at an appropriate venue.

If a PTSO competition is being held at the same venue, on the same dates, as an EC competition and both competitions offer Rising Stars Equitation Classes, then the Equitation Championships will include ALL athletes from BOTH competitions to establish an overall Equitation Champion and Reserve for the whole competition.

ARTICLE E 8.4 ATHLETE/HORSE/PONY

1. Athlete: Must hold at minimum, a current EC Bronze sport licence or equivalent to the EC competition licence level entered. If the athlete is competing in Rising Stars Equitation classes at a PTSO competition, a current PTSO membership is required.
2. A youth athlete up to and including 25 years is eligible for the Rising Stars Equitation Program until the end of the calendar year in which they reach the age of 25.
3. Amateur athletes include anyone who is age 18 years at the beginning of the calendar year and who is classified as an Amateur (See E.3.4.2).
4. Horse/pony: Bronze competitions: There are no qualification, ownership, or registration requirements for horses or ponies that compete in Rising Stars Equitation classes. In Silver or Gold competitions, an EC Horse Identification documentation is required.
5. An eligible athlete may compete on any horse or pony of any level, subject to any limitations stated by the competition in their prize list (See A805.3)
6. Horses and ponies may be ridden by only one athlete in each category but may compete in both categories.

ARTICLE E 8.5 DRESS AND EQUIPMENT

1. ARTICLE E 4.1: DRESS - FOR EC GOLD, SILVER AND BRONZE LEVEL COMPETITIONS
2. ARTICLE E.4.2 BRIDLES, SADDLERY AND EQUIPMENT
3. ARTICLE E.4.8.1 WHIPS A whip may be carried in all levels at Bronze, Silver and Gold competitions. ARTICLE E.4.8.2 Whips may not be carried in championship classes. This includes any Rising Stars Equitation Championship 'Ride Off'.

ARTICLE E 8.6 MISCELLANEOUS RULES

1. Unauthorized assistance is prohibited (E 9.3.15).
2. Horses will be disqualified for lameness (E 9.3.6a).

ARTICLE E 8.7 CLASS SPECIFICATIONS

1. The athlete's position, seat, and use and effect of aids will be judged as described in section Article E 1.20 THE POSITION AND AIDS OF THE ATHLETE and in EC Article E 8.8.1.
2. In the 'Ride Off' for eligible athletes in the A) Foundation level, the athletes will be evaluated in a group class, based solely on their equitation skills. At the discretion of the 'equitation judge', individual patterns may be requested but it is not a requirement that all athletes in a class perform individual patterns

3. Athletes will be evaluated in accordance with the purpose and directives stated on the Rising Stars Equitation Evaluation Sheet.
4. The number of horses required to work at the same time shall be dependent on the size of arena available and at the discretion of the judge. Judges may limit the number of horses required to canter at the same time.

ARTICLE E 8.8 COMPETITION RING

Equitation classes may be held in an enclosed ring that is larger than a standard Dressage arena, if available. If such a space is not available, an open schooling area is permitted. If classes must be held in a Dressage arena, it must be at least 20m x 60m, and no more than 6 horses shall be asked to canter at the same time.

ARTICLE E 8.9 SCORING

Rising Stars Equitation score sheets and Directives & Equitation Guidelines are available from www.risingstarsdressage.com.

ARTICLE E 8.10 JUDGES

1. At Bronze, Silver or Gold shows the judge(s) may be r, B, M, S, or FEI.

CHAPTER 9

EXECUTION OF TESTS, PENALTIES, JUDGING, SCORES AND PLACINGS

ARTICLE E 9.1 CALLING TESTS

All EC tests Introductory through Fourth inclusive may be called during the competition except for championship classes at Gold and Silver Championships when all tests must be ridden from memory.

1. If tests are called, it is the responsibility of the competitor to arrange for a person to call the test. Lateness and errors in announcing the test will not relieve the athlete from “error penalties”.
2. A competition cannot require competitors to use callers employed by the competition management.
3. Calling the tests is limited to reading the movement a maximum of twice without adding anything else which might assist the athlete. Failure to comply with this ruling will involve elimination of the competitor. It is the responsibility of the judge to monitor this.
4. Caller’s dress code: Smart casual. Jeans, slacks and mid length shorts are permitted. Tank tops, flip flops or sandals are not allowed. Inappropriately dressed callers may not be allowed to call a test.
5. Callers may not wear two way personal electronic communication devices, e.g. Bluetooth, headphones etc. while calling tests. However, they may read the tests from any form of media device.

Exception: callers for athletes with documented hearing impairment may use a two way communication device only if a doctor’s letter is submitted with the competition entry and the steward and judge are advised and, the competition organizer is able to appoint a supervisor to stand with the caller. Alternatively, callers for athletes with documented hearing impairment may use a one way voice amplifier if a doctor’s letter is submitted with the competition entry and the steward and judge are advised. For Para Dressage athletes, reference Article E 6.18 commanders and callers. An EC Para Dressage Dispensation Certificate indicating the athlete’s hearing impairment must be submitted with the competition entry and the steward and judge must be advised.

6. Callers must position themselves in such a manner so as to not obstruct the judge’s view.
7. Tests may be commanded in the competitor’s own language.
8. All FEI tests and all freestyle tests must be ridden from memory.

Exception see E 14.9 Masters Test of Choice.

Exception Para Dressage see E6.18.

ARTICLE E 9.2 SALUTE

1. Athletes must take the reins in one hand (either left or right) at the salute, let the other arm drop loosely along the body and incline the head in a slight bow.

Exception: Para Dressage athletes may salute with head only (nod).

2. Gentlemen athletes may not remove their protective headgear at the salute.
3. The military salute is only permissible when riding in uniform.
4. In freestyle classes, the initial and final salutes must be made inside the arena and with the horse and athlete facing the judge at C.
5. Failure to salute is an error of test and the athlete will incur a two point penalty.

ARTICLE E 9.3 EXECUTION OF THE TESTS - ERRORS AND PENALTIES

1. **Error of course are errors of test.** When a competitor makes an "error of course" (takes a wrong turn, omits a movement, etc.) the judge at C rings the bell. The judge at C shows the athlete, if necessary, the point at which they must take up the test again and the next movement to be executed and then leaves the athlete to continue by themselves. If ringing the bell would unnecessarily impede the fluency of the performance, it is up to the judge at C to decide whether to do so or not. One example of this would be if an athlete made a transition from medium trot to collected walk at V instead of K. Another example would be a canter pirouette on centre line ridden at D instead of L. In principle, a competitor is not allowed to repeat a movement of the test unless the judge at C decides on an error of course (rings the bell). If, however, the athlete has started the execution of a movement and attempts to do the same movement again, the judges must consider only the first movement shown and, at the same time, penalize for an error of course.

- a) If the bell is not rung and the same error occurs again because the same movement is required to be repeated in the test, only one error is recorded.
- b) If an athlete performs a rising trot when sitting trot is required, or vice versa, the judge must ring the bell and warn the athlete that this is an error that accumulates if repeated, leading to elimination at the third occurrence.

The decision as to whether or not an error of course/test has been made will be that of the judge at C. The other judges' scores will be adapted accordingly.

2. **Deductions for Errors of Course.**

In all tests ridden at National level competition (Introductory through Fourth Level and EC Para Dressage Grades I-V), every "error of course", whether the bell is sounded or not, must be penalized, except as noted in 9.3.1 above:

- the first time by 2 points,
- the second time by 4 points,
- the third time the competitor is eliminated.
- If the judge has not noted an error the competitor gets the benefit of the doubt.

FEI Children, Pony, Junior, Young Rider through Grand Prix and Young Horse

In all FEI tests ridden at National level competitions, every 'error of course', whether the bell is sounded or not, will always be penalized using the current FEI error scale stated on the relevant test.

3. **Penalties and Technical Faults.** All of the following are considered errors/technical faults which incur two penalty points in EC level classes and 0.5% (zero point five percentage points) in FEI classes ridden at EC competitions, they will be deducted per fault by each judge but these deductions are not cumulative and will not result in elimination (including the Freestyle tests):
 - athletes not taking the reins in one hand at the salute
 - entering the space around the arena with boots/bandages on the horse's legs or with discrepancy in dress (eg. lack of gloves) or with a whip in a championship.
 - entering the Dressage arena with boots/bandages on the
 - horse's legs or with discrepancy in dress (e.g. lack of gloves) or with a whip in a championship. If the test has already started before the discrepancy

has been noticed, the judge at C stops the athlete and if needed and possible, an assistant may enter the arena to remove the item(s). The athlete then continues the test, either starting from the beginning from the inside of the fence or from the movement where they were stopped. The marks given before they were stopped are not changed

- entering the arena before the sound of the bell
- not entering the arena with 45 seconds after the bell but within 90 seconds
- for freestyle tests, entering the area after more than 30 seconds of music
- **Voice.** The use of a loud voice or clicking the tongue repeatedly is a serious fault and must be penalized by the deduction of two points from the movement in which it occurs. The use of an inappropriate voice will incur a deduction of points each time it is used but does not constitute elimination, nor should it be scored as an error of test or error of course. For example, a judge awarding eight to a movement must deduct two points or more from the given mark (e.g. 8 becomes 6, comment: voice).
- **Note:** Para Dressage athletes see Chapter 6 – Para Dressage

4. **Penalty Points.** The penalty points are deducted on each judge's sheet from the total points obtained by the competitor.
5. **Late entry.** Not entering the arena within 45 seconds after the signal, but within 90 seconds, is considered an error and two points will be deducted. This is not cumulative. Horse and athlete combinations not entering the competition arena within 90 seconds after the signal will be eliminated.
6. **Entering before the signal.** An athlete who enters the arena before the starting signal is sounded may be advised by the judge to exit and commence the test again. The mark for the entrance will be given and crossed out with one line and then another mark applied to indicate a deduction of 2 points with the remark "athlete entering before start signal." The deduction must appear on each judge's sheet. **Note:** This is not to be considered an error of course.
7. **Salute.** Competitors must take the reins in one hand at the salute. See Art. E 9.2
8. **Re-riding a test.** The judge may stop a test and/or allow a competitor to restart a test from the beginning or from any appropriate point in the test if, in their opinion, some unusual circumstance has occurred to interrupt a test. No test shall be re-ridden except as noted here or in the freestyle when the music fails. See 10.3.9 for protocol to be followed in the case of music failure.
9. **Beginning/End of test.** A test begins with the entry at A and ends after the salute at the end of the test. Any incidents before the beginning or after the end of the test have no effect on the marks.
10. **Details as to the Freestyle Test.** An athlete must enter the arena within 30 seconds of the music starting. Exceeding 30 seconds will entail elimination. The music must cease at the final salute. If the music does not cease, a penalty of 0.5 of a mark is applied to the mark for the music. At the beginning and end of a Freestyle Test a halt for the salute is compulsory. The timing of the test will start as the athlete moves forward from the halt.

Note: Para Dressage athletes see Chapter 6 – Para Dressage.

ARTICLE E 9.4 DISMOUNTING

An athlete dismounting after entering the arena will be eliminated from the test.

ARTICLE E 9.5 ELIMINATION FROM A CLASS

An entry shall be eliminated under the following circumstances:

- evidence of blood on the horse (environmental causes such as insect bites shall not normally be cause for elimination). If a competitor is eliminated for this reason, they must report directly to the steward for a tack check.
- use of illegal equipment (see Chapter 4)
- failure to submit to a tack check as required (see 4.16). This also applies to athletes identified for a tack check if the competition is holding random tack checks.
- contravention of dress rules (Chapter 4)
- unauthorized assistance (see 9.3.15, 9.1.2, 4.15)
- three errors of course (see 9.3.2)
- resistance of more than 20 seconds in a test (see 9.3.12)
- fall of horse or athlete during the test. (see 9.3. 10)
- dangerous/unruly behaviour of horse (see 7.11.7, 9.3.12)
- all four feet of the horse leave the arena (see 9.3.11)
- exceeding 30 seconds to enter the arena after the start of the music in the freestyle test (see 9.3.16)
- dismounting during a Dressage test (see 9.4)
- scoring less than 40% of the total marks obtainable in the test (see 9.9.8)
- lameness (see 9.3.6)
- carrying a whip into the competition arena at any EC Championship. Exception: side saddle athletes may carry a whip. For FEI sanctioned competitions, i.e. CDI's, Team Trials or World Cup Qualifier, Refer to FEI Rules and/or the team criteria as published. (see 4.8.2)
- Second offence at a given competition for not wearing assigned number in competition or while out of the stall. (see 7.11.2)
- Taking more than 90 seconds to enter the arena at A after the start signal (E9.3.7).
- **Lameness.** In the case of lameness which shall include marked unevenness and/or irregularity, the judge at C informs the competitor that they are eliminated and must report directly to the steward for a tack check. There is no appeal against this decision.
 - In the case of two eliminations for lameness on the same day, a horse may not compete until the next day of competition and must not be ridden in the warm up area until the next day of competition. The show organizer or scorer is responsible for communicating to the steward when a horse has been eliminated for lameness.
- **Fall.** In the case of a fall of horse and/or competitor, the competitor will be eliminated and is not permitted to remount and continue the test. A competitor is considered to have fallen when there is a separation from the horse in such a way as to necessitate remounting or vaulting into the saddle. A horse is considered to have fallen when at the same time both its shoulder and quarters have touched the ground.
- **Leaving arena during the Dressage test.** A horse leaving the arena completely, with all four feet between the entry and the final salute will be eliminated.

- **Resistance.** Any resistance which prevents the continuation of the test for longer than 20 seconds will result in elimination. However, resistance that may endanger athlete, horse, officials or the public will be cause for elimination for safety reasons earlier than 20 seconds. This also applies to any resistance before entering the Dressage arena.
- **Outside assistance.** Any outside help by voice, signs, etc. (earphone and/or electronic communication devices included) is considered illegal or unauthorized assistance to an athlete or to his horse and will result in elimination. A member of the jury may not discuss a ride with a competitor before the bell or after the final salute. A competitor may, however, ask the steward's permission to approach a judge after the completion of a class at an appropriate break in the schedule. Any assistance around the competition arena prior to entering at A is not considered unauthorized assistance.
Exception: In-hand work is not permitted.

ARTICLE E 9.6 DISQUALIFICATION (FROM A COMPETITION)

A competitor shall be disqualified under the following circumstances:

- Misrepresentation of entry or inappropriate entry
- Abuse/cruelty See General Regulations A517
- The horse's tongue has been tied down
- Possible disqualification, at the discretion of the ground jury, for second offence of horse/handler not wearing assigned competition number when out of the stall.
- A competitor may be disqualified for use of illegal equipment at any time on the show grounds at the discretion of the ground jury.

ARTICLE E 9.7 JUDGING A TEST

Judges are personally responsible for their decisions and classifications. They may not take into account any advice or observations from persons who are not members of the ground jury or anything that they know beforehand about the competitors or their horses.

1. The mark for each movement should establish whether the movement is performed sufficiently (5 or above) or insufficiently (4 or below).
2. In a movement which must be carried out at a certain point in the arena, it should be done at the moment when the competitor's body is above this point, except in transitions where the horse approaches the letter from a diagonal or perpendicular to the point where the letters are positioned. In this case, the transitions must be done when the horse's nose reaches the track at the letter so that the horse is straight in the transition.
3. If a problem appears once, it may be treated lightly by the judge; if it appears successively, it will be scored more harshly each time, i.e. nodding, stumbling, shying, etc.
4. In the event that the horse starts to defecate or urinate, after the judge rang the bell, but before the start of the test, the clock will be stopped until the horse is ready to continue, at which point the clock will be restarted.
5. Grinding teeth: If a horse is content and happy to work, then it is not a resistance and does not need to be penalized. If the grinding is caused by tension (stiff back, swishing tail, etc.), one must go down 1 point on the quality of the movements and in the mark for submission.

6. Horses that get their tongues over the bit or perform with an open mouth shall be marked down.
7. In the freestyle, the timing of the test begins in the first stride after the salute – which must be made inside the Dressage arena and facing the judge – and ends after the final salute.
8. If an athlete has to restart in a Freestyle test, they can choose to start from the beginning of the test or from where stopped. In any other test, the athlete must restart from where they stopped. Any scores given before the interruption remain.
9. The judging of EC and FEI freestyles begins with the halt.
10. If an athlete at FEI Junior level or higher rides an FEI test in a snaffle bridle, the judge must make a note to that effect on the test sheet.
11. No competitor can be required to ride prior to their scheduled time, however, as a matter of courtesy and to aid in the efficient running of the competition, competitors should be aware that they may be asked, with due notice, to advance their showing times.
12. All movements and certain transitions which have to be marked by the judge(s) are numbered on the judge's sheets.

a) The scale of marks is as follows:

10	Excellent	4	Insufficient
9	Very Good	3	Fairly Bad
8	Good	2	Bad
7	Fairly Good	1	Very Bad
6	Satisfactory	0	Not Executed*
5	Sufficient	Practically nothing of the required movement performed.	

- b) Half marks from 0.5-9.5 may be used for movements and collective marks.
- c) Half marks may be used for all marks in freestyle tests.
- d) In tests for five (5) and six (6) year old Young Horses, marks from 1-10 are used and may include the use of 1 decimal place. In tests for seven (7) year old horses, two judges are required, one judges the technical marks from 1-10; and one judges the Quality of Paces marking sheet, 1 decimal place may be used.

Note: Competitions with only one judge will have the judge sit at C to judge the technical test. Test results from one judge cannot be used for any qualification.

- e) In tests for Children, two judges are required, one judges the technical marks from 1-10; and one judge the Quality of Riding marking sheet, 1 decimal place may be used.

Note: Competitions with only one judge will have the judge sit at C to judge the technical test. Test results from one judge cannot be used for any qualification.

NOTE: One decimal place means the decimal point followed by the number i.e. .5 as in 7.5 .2 as in 8.2 etc.

ARTICLE E 9.8 RETURNING TESTS TO COMPETITORS

Competitors can ask for their judging sheets on the completion of the class, after the class has been placed.

ARTICLE E 9.9 SCORES AND PLACINGS

1. After each performance and after each judge has given their collective marks, the judge's sheets are given to the scorers. The marks are multiplied by the corresponding coefficient where applicable then totaled. Penalty points incurred for errors in the execution of the test are then deducted on each judge's sheet. (See 9.3.2).
Note: All scores in both technical and freestyle Dressage tests MUST be calculated to the third decimal point.
2. The score is the total of the points awarded on the test sheet. With more than one judge, the sum total determines the placing. If there are two or more judges, the total points awarded by each judge will be published separately in addition to the total score.
3.
 - a) As there are no duplicate score sheets, scorers must record the total points for movements and the collective marks, as well as penalty points for each test on a master sheet prior to posting scores, as a record for protests, ties and championships.
 - b) If a mathematical error on a score sheet is noted, it must be brought to the attention of competition management within 2 hours of the officially posted scores at which time the tests are available for pick-up. Any adjustments to scores and corrections to placings/awards/prize monies must be posted and announced within 30 days.
4. Individual placings and ties: in all competitions the winner is the competitor having the highest total points, the second is the one with the next highest total points and so on. In the case of equality of points the competitor with the highest total of collective marks shall be declared the winner. When collective marks are tied, the horses shall remain tied.
5. Ties in classes which involve prize money shall remain tied for the purpose of dividing prize money and then broken for awarding ribbons according to rule 9.9.4 above.
6. Ties, In the case of an unbreakable tie each horse will remain tied (See 9.9.4). For example, if three horses were tied for second place, each would receive second place. The next placed horse would receive fifth place.
7. Any horse receiving less than 50% of the total points obtainable in a test shall not be eligible for awards, ribbons or prizes.
8. Any horse receiving less than 40% of the total points obtainable in a test will be eliminated from that class.
9. Championship Competitions see 7.23A, 7.23B,, 7.24 and 7.25.
10. When there is only one horse in a class, ribbons and prizes shall be awarded in accordance with the following chart of percentages:
 - 1st63% or higher
 - 2nd60% to 62.9%
 - 3rd.....58% to 59.9%
 - No ribbons or prizes shall be awarded below 3rd position.
11. Competition organizers should post scores as soon as possible after each test.
12. The organizers of a competition are not obliged to make public any figures other than the total scores of each judge and the final placings.

ARTICLE E 9.10 CHAMPIONS AT NON-CHAMPIONSHIP COMPETITIONS

1. Competition organizers may award championships or high point awards at each level (Introductory through Grand Prix and all Para Dressage levels).
2. On no account may a competition division or level championship be determined by the results of one class.
3. For a level championship (i.e. First Level Champion) to be offered there must be two or more classes in the level held (i.e. First Level tests 1 & 2, or 1, 2, 3 & 4 etc.).
4. Champion and reserve champion must be established by totaling the horse/athlete combination percentages achieved in the designated classes which must have been identified in the prize list (e.g. First Level 1, 2 & 3, top two scores to count OR all scores to count). The competitor with the highest total will be named champion. The competitor with the second highest total will be named reserve champion.
5. In the event of a tie, the athlete with the highest single percentage score is declared the winner.
6. In the event that category (Jr/Am/Open) classes are not offered, a category championship may be offered, based on results obtained in the open classes. Eligible athletes in each category (Jr/Am/Open) will qualify for the category championship through their results in the open classes.
7. At all EC competitions, any horse receiving less than 50% on a technical test will not be eligible for any class awards, championships or reserve championships.

CHAPTER 10 FREESTYLE TESTS

ARTICLE E 10.0 FREESTYLE COMPETITION

Dressage musical freestyle is an exciting and creative combination of the technical and artistic aspects of classical Dressage. Recorded music is mandatory. It includes all the paces and the fundamental movements as required in the technical test of the same level. The athlete is, however, absolutely free to choose the choreography within the stated time allowed. The test should clearly show the unity between the athlete and horse as well as harmony in all the movements and transitions.

ARTICLE E 10.1 FREESTYLE MOVEMENTS

1. EC freestyles will be at Training, First, Second, Third and Fourth Levels. Pas de Deux and Quadrille test sheets are also available. See reference below in E.10.1.2.
2. Organizers are reminded that EC/USDF or FEI freestyle sheets must be used at EC competitions (Bronze, Silver, Gold) offering freestyles. Sheets may be obtained from EC at www.equestrian.ca/sport/dressage or the FEI at www.fei.org websites.
3. It is the responsibility of the athlete to put their ride together and to incorporate all the required movements in the time allowed.
4. Compulsory, additionally allowed and forbidden technical movements for each level of freestyle can be found on the freestyle test sheets which may be obtained from the EC website www.equestrian.ca.
5. The test time will start as the athlete moves forward from the halt and ends with the final halt and salute.
6. Comments as to FEI Freestyles can be found in the FEI Rules for Dressage which can be found on the FEI website - www.fei.org.

ARTICLE E 10.2 REQUIREMENTS, LIMITATIONS & PENALTIES

1. Athletes are not required to submit a written copy of their freestyle program.
2. All compulsory technical elements listed on the test sheet must be incorporated into the freestyle program.
3. An athlete must enter the arena within 30 seconds of the music starting or they may be eliminated at the discretion of the judge.
4. The music must cease at the final salute. If the music does not cease, a penalty of 0.5 of a mark is applied to the mark for the music. Each athlete may have a representative in the sound system booth to supervise the handling of the music.
5. At the beginning and end of a freestyle test a halt for the salute is compulsory. The initial and final salutes must be made inside the arena and with the horse and athlete on the centreline facing the judge at C.
6. Movements performed before the initial halt and salute are not scored but they are considered.
7. Movements performed after the maximum time allowed in a freestyle will not be considered by the judges and the ride will be penalized by 1 point from the total Artistic Impression for exceeding the time limit. A 10 second grace period should be given before a deduction is taken.
8. An athlete performing higher movements than the level called for (clearly forbidden movements) will be penalized by 4 points from the Total Technical Execution for each illegal movement, but not for any recurrences of the same illegal

movement. Judges must be fair by taking into consideration whether the movement was accidental or intentional. Athletes should read their level tests carefully to be certain that they are not including higher-level forbidden movements. All EC level test sheets state which movements are compulsory, additionally allowed or forbidden. (E.10.1.4) For athletes competing in FEI freestyles at EC competitions, the FEI test sheets state which movements are compulsory, additionally allowed or forbidden. (FEI Dressage Rules at <https://inside.fei.org>.)

9. ERRORS: The bell is not rung for errors occurring in Freestyle tests. Errors occur for failure to salute at the halt or rising at trot in Second level and above. Two points will be deducted for each error, however they are not cumulative and will not result in elimination.

ARTICLE E 10.3 MUSIC

1. Recorded music is mandatory.
2. Live music is not permitted.
3. It is the responsibility of the competitor to select appropriate music for their freestyle.
4. The athlete must provide their music to the show organizer in the format(s), method(s), and time frame specified in the prize list.
5. The athlete is responsible for making sure they do a sound check at a time convenient to the show organizer.
6. Each athlete may have a representative in the sound system booth to supervise the handling of the music.
7. If music is on a CD, the athlete should have a back-up copy of their freestyle music available in a different media format.
8. In the case of an athlete's music failing during the freestyle test and in cases where there is no back-up system, the athlete can, with the permission of the judge at 'C', leave the arena to re-start or start at a later time.

There should be a minimum of interference with the starting times of the other athletes and the affected athlete should return to complete or restart their test during a scheduled break in the competition or at the end of the competition.

The athlete may decide whether to restart the test from the beginning or from the point where the music failed. The marks will continue from the point where the music failed. Marks already given will not be changed.

ARTICLE E 10.4 FREESTYLE SCORING

1. Half and full points are used for Technical Execution; half, full and one tenth marks may be used for artistic impression
2. Scoring of EC freestyle tests is out of a total of the maximum possible points at each level, the same as for scoring of all EC technical tests. There is a technical component/section, compulsory movements on the left side of test sheet and artistic impression on the right side of test sheet, each are scored separately then added together for the final scoring as shown on each test sheet.
3. Scorers must apply the relevant coefficients to each movement as marked by the judge, in both the technical and artistic sections. These coefficients are clearly marked in the column titled coefficient (Co-eff) in both the technical and artistic sections. Once the coefficients have been calculated, scorers must total the technical section and the artistic sections separately.

4. Once the technical and artistic totals are prepared, scorers must then add the total of the technical and artistic scores together and divide by the total possible score to calculate the final percentage to three decimal points.
5. When there is more than one judge, each judge's final total shall be added together and divided by the number of judges. This number will then be calculated as a percentage as in Article E 10.4.4 above.
6. The key to correct calculation is to ensure the decimal point is placed correctly.
7. All scores in both technical and freestyle Dressage tests must be calculated to the third decimal point.
8. In the case of a tie, the higher score for artistic presentation will determine the winner. Should the artistic mark be the same, the higher mark for harmony will decide. If still tied the higher mark for choreography will decide. Should the artistic mark be the same, the higher mark for harmony will decide. If still tied the higher mark for choreography will decide.

ARTICLE E 10.5 LOCATION OF JUDGES IN FREESTYLE TESTS

In EC competitions, when two or three judges officiate in a freestyle class, they may be located at the short end of the arena (e.g. M/C, C/H or M/C/H) but it is strongly recommended that one of these judges be placed on the long side at either B or E. It is recommended that at EC competitions where there is a judging panel for freestyles, that an uneven number of judges (3 or 5) ensures appropriate symmetry of judging.

ARTICLE E 10.6 FREESTYLE ELIGIBILITY

1. Freestyle eligibility for athletes in Gold and Silver competitions (all EC levels and FEI freestyle levels): A horse/athlete combination must have obtained a minimum score of 60% in a Dressage test at the same technical level, or higher, as the freestyle they wish to enter (e.g. 60% in First or Second Technical Level to compete in either First or Second Level Freestyle or both First and Second level Freestyles. Proof of eligibility may be requested with the entry).
2. The Dressage score may have been obtained at an EC Gold/Silver Dressage competition prior to the competition, or may be obtained at the same competition in which they wish to enter the freestyle. **Note:** Bronze competitions require no prior minimum technical score to enter. Furthermore, an athlete in a Bronze competition may enter a freestyle without having ridden the technical test at the level of freestyle entered (e.g. competes in first level technical and second level freestyle).
3. Technical scores earned at Silver competitions count toward being allowed to enter a freestyle in a Gold competition and vice versa.
4. A horse/athlete combination may compete in a maximum of two consecutive EC freestyle levels per day. These must correspond to the technical levels at which the horse/athlete combination are competing on the same day; e.g.: Second Level technical plus First and Second Level freestyles.
5. At the time of publication there is no FEI Children's freestyle. Child athletes may compete in the First Level Freestyle.

CHAPTER 11

DRESSAGE SPORT HORSE/PONY BREEDING CLASSES

With certain exceptions, these rules (Chapter 11) are based on the copyrighted rules ©1999 of the USEF (formerly American Horse Shows Association, Inc. AHSA) and are printed with the permission of the USEF, which neither sponsors nor is responsible for their publication or implementation at any EC competition or activity. Reproduction without express written permission of the USEF is strictly prohibited. Purpose: To encourage the breeding of horses suitable for Dressage and to provide an opportunity to demonstrate the effectiveness of breeding programs.

ARTICLE E 11.1 GENERAL REGULATIONS

1. A competition with an EC approved Dressage Sport Horse Breeding division, which could include Materiale classes, must have either an EC licensed Dressage judge and/or an approved USEF Dressage Sport Horse Breeding judge plus an EC licensed steward experienced in Dressage.
2. A breeding division for Dressage may be held separately or in conjunction with any EC-sanctioned competition.
3. Classes shall be open to any horse without regard to size, breed or origin. Separate classes for ponies or specific breeds may also be included and must be clearly specified in the prize list.
4. Horses' quality shall be evaluated as to potential for Dressage/sport horses or breeding stock.
5. Current EC Dressage Sport Horse Breeding Score sheets are required. For the classes listed, see 11.3. Score sheets may be found on the EC website www.equestrian.ca.

An assistant handler is permitted only for callbacks after in-hand or group classes, for championships and for handling non-competing mares or foals, which accompany another entry in the competition ring. Assistant handlers may not show a horse at the trot, and if not EC Sport Licence holder,

are exempt from the EC non-sport licence holder fee, but are otherwise subject to all rules regarding handlers. See Section A, General Regulations, Chapter 2.

ARTICLE E 11.3 CLASSES

1. Dressage Sport Horse In Hand classes may be held for mares and stallions in any age group and for geldings in any age groups 3 years old and under. Dressage Breeding In Hand classes may be held for mares and stallions, age groups 2 years old and older. Any of the following classes may be included or combined at the discretion of competition management with the exception that in sport horse or breeding classes (in-hand), horses of one sex shall not be judged against those of the opposite sex except in specified group classes, championship classes or special classes for single breeds or amateur handlers. Colts and geldings may be shown together.
2. The following in-hand classes may be offered and may vary at the discretion of competition management: in-hand classes (Prize List must specify Sport Horse or Breeding): Fillies of current calendar year with or without dam (fillies only to be judged); Colts of current calendar year with or without dam (Colts only to be judged); yearling fillies; yearling colts; yearling geldings; two-year-old fillies; two-year-old colts; two-year-old geldings; three-year-old fillies; three-year-old colts; three-year-old geldings. To be judged 50% mare and 50% offspring); Dam and produce (dam and two or three of her offspring; prize list will specify two or three. Entered under dam's name, multiple ownership permitted. To be judged 50% dam and 50% offspring); Produce of Dam (with or without dam, two or three offspring. Entered under dam's name; multiple ownership permitted. Offspring only to be judged); Sire and Get (sire and two or three of his get. Entered under sire's name, multiple ownership permitted. Get only to be judged); Breeder's group (group of no more than three horses of any age or sex, all bred by the competitor and entered under the competitor's name. All horses must have been judged in their individual in-hand classes). Colts and geldings may be shown together; Family Class (Three mares related in one of three ways: mother and two daughters; mother, daughter and granddaughters; three daughters mother deceased. To be judged 50% overall family quality and 50% improvement in successive breedings).

ARTICLE E 11.4 ENTRIES

1. Entries in produce of dam and get of sire classes must be made by the owner of the dam or sire, or with written permission from the owner, in the name of that dam or sire.
2. All offspring entered in produce of dam and get of sire classes must be named on the entry form. Multiple ownership is permitted and owners must be listed.
3. If both Dressage Sport Horse and Dressage Breeding classes are offered in each age/sex group, eligible horses may enter both classes.
4. Any and all handlers (including assistant handlers) of horses in the competition ring are required to sign an entry blank, see Section A, General Regulations, Chapter 9, Competitors. Handlers must be EC members or pay a non-member fee. Assistant Handlers need not be EC members and are exempt from the non-member fee.

ARTICLE E 11.5 EQUIPMENT AND TURNOUT

1. Braiding is optional.
2. Bridles are mandatory on two-year-olds and older. A bridle shall consist of a snaffle bit (as pictured and listed in 4.2 and 4.3) with two reins and headstall with throatlatch. Noseband is optional. A split or single chain may be used instead of reins. Horses under the age of two may be shown in halters.
3. Bandages of any kind are forbidden during a class.
4. The handler and/or his assistant may each carry only one whip, or one standard lunging whip (without attachments, i.e. plastic bags, etc.).
5. Conservative sports attire is recommended for the handler, see Section A, General Regulations, Chapter 9 Competitors.
6. In under saddle classes, Dress and Saddlery and Equipment must conform to Chapter 4, except that all horses are required to compete in a snaffle. See 4.2.1.

ARTICLE E 11.6 GENERAL

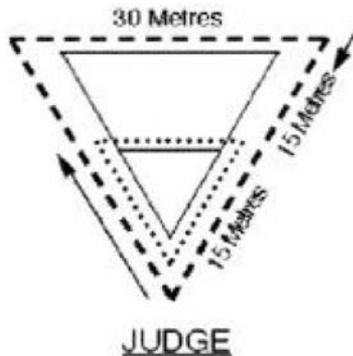

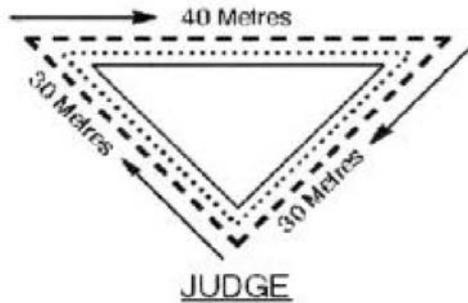

1. A judge must order from the ring any horse, athlete or handler who exhibits inappropriate or dangerous behavior or whose actions would in any way threaten the safety of any competitor, their entries or the safety of class officials.
2. A scribe shall be provided for each judge whose sole duty shall be to record the judge's scores and comments on the horse's individual score card.
3. When possible, the announcement of awards will include the breeding of the horses pinned: sire, dam, dam's sire; as well as the name of the owner and the breeder.
4. Refer to USDF Dressage Sport Horse Breeding Guidelines for additional information relating to Dressage/Sport Horse Breeding.
5. If the schedule permits, management may allow time for questions from competitors to judges at the end of the show.
6. Each horse must have a separate handler or assistant handler at all times.

ARTICLE E 11.7 COMPETITION VETERINARIAN

If the competition veterinarian is on the premises, they must be available to the judge. The handler must give permission to the judge and/or veterinarian before either touches the horse. If the veterinarian is not immediately available, or not called upon, the judge's decision as to the serviceable soundness of a horse must be final. For further regulations governing competition veterinarian, refer to the Section A, General Regulations, Article A508, Emergencies.

ARTICLE E 11.8 CONDUCT OF CLASSES

1. In-Hand Classes: Horses being shown individually on the triangle.
 - a) Following a posted or announced order, or on request from the judge, entries in each class will approach the judging area one at a time, walk to the apex of the triangle, and await the judge's request to proceed on the triangle. The handler will lead the horse on the perimeter of the triangle at walk and trot, returning to the apex to stand the horse for conformation judging or to repeat any movement at the judge's request. Handlers are permitted to have one assistant if necessary. Repetition of all or any part of the movement on the triangle may be allowed at the judge's request only. At the completion of the judging, the handler will lead the horse away from the judging area. The next horse will enter the judging area promptly. The judge may elect to judge conformation either before and/or after judging the horse's movement on the triangle.
 - b) The horse is to be shown in an "open position," i.e. with all four legs of the horse visible to the judge when standing on either side of the horse. After all horses have been shown on the triangle, some or all may be recalled (depending on size, format and schedule of the competition) to be shown in groups at a walk and trot. If horses are to be recalled, the prize list or program must state that this procedure will be used.
2. Horses being shown in-hand in groups:
 - a) Groups will be examined one group at a time, but not necessarily on the triangle. At the discretion of the judge, they may be asked to move at the trot and then at the walk, either in line or moving around the arena. Horses shall stand for conformation judging before and/or after completion of the horse's movement.
 - b) The Judging Triangle: Two basic triangle designs are acceptable for presenting horses to the judge. Competition management may choose the triangle best suited for local conditions. Triangle corners should be well defined. Footing must be firm. Decorative fencing, plants or flowers are allowed horses must travel to the right. The following diagram shows the suggested use of the triangle. The size of either triangle may be adjusted to meet local conditions.
3. Under Saddle Classes: Depending on local conditions, these classes may be divided at the judge's discretion.
4. Foals may not be shown loose, unless specifically allowed by management in the prize list, in which case, provisions must be made to separate each entry, while being shown, from others in the class. These entries must be shown in a completely enclosed area. This enclosed area must be substantial enough in height and in construction to prevent injury to horses and/or handlers and/or spectators, and to prevent foals from leaving the area.

ARTICLE E 11.9 JUDGING SPECIFICATIONS

1. In Hand Classes (Dressage Sport Horse and Dressage Breeding Stock): Horses shall be judged at the walk and trot on the triangle and standing for conformation.
2. Dressage Under Saddle Classes: Horses shall be judged at the walk, trot and canter in both directions.
3. Group Classes: Transmissible weakness or predisposition to unsoundness shall be penalized, commensurate with severity.
4. Scoring Categories: Score sheets for the following classes can be obtained from EC.
 - a) Dressage Breeding and Group Classes: 50% Movement, 40% Conformation, 10% General Impression (including masculinity (stallion) and femininity (mare); development and harmony)
 - b) Dressage Sport Horse Classes: 60% Movement, 30% Conformation, 10% General Impression (including impulsion, balance and temperament.
 - c) Dressage Under Saddle Classes: 60% Movement, 30% Conformation, 10% General Impression (including impulsion, balance and rideability), or horses may be placed with no actual scores awarded.
5. Championship Classes: More than one judge may officiate. The judge(s) will re-evaluate the entries, with or without awarding scores. All horses must be re-evaluated in the same manner, and all horses must be shown at the walk and trot.

6. Conformation is to be evaluated in terms of potential trainability, potential performance and predisposition to unsoundness. Function, not fashion, is to be emphasized. Weakness or conformation faults with a predisposition to unsoundness or to difficulties in training shall be penalized. Blemishes are not to count unless resulting from conformation faults.
7. Gaits are to be evaluated in terms of purity, quality and correctness. Purity and correctness are more important than brilliance at this level. Correct gaits, contributing to ease of training and the horse remaining sound and usable, are more important than gaits which are merely superficially flashy. Purity and quality are judged mainly in profile. Correctness is judged mainly while the horse is coming to and going away from the judge's position.
8. Unsoundness. A horse shall be disqualified for unsoundness at the judge's discretion in Dressage Breeding and Group classes.
 - a) In Dressage Sport Horse In Hand and Under Saddle classes, unsoundness is defined as showing evidence of lameness
 - b) In Dressage Breeding In Hand and Group classes, unsoundness is defined as showing evidence of lameness or broken wind.

ARTICLE E 11.10 JUDGING PROCEDURE

1. A judge shall have the option of using individual score cards or class sheets, or in the case of a large under saddle class, placing horses in order of ranking in line up.
2. When two or more judges are officiating, they may agree to use only individual score cards or class cards and agree on each score before informing the scribe.
3. Decimals may be used in scoring.
4. Tied scores shall be broken first by referring to the totals of the movement scores. If still tied, the tie may be broken at the judge's discretion, by the use of decimals, or the horses may be examined again (movement only). If a class is judged by more than one judge, the judges may consult and arrive at one agreed upon placement.
5. Scores must be reported as a total based on the above percentages against a possible total of 100%, and all scores (if given) and placings must be published. Unofficial scores may be published during the class and/or final scores may be published at the end of each class.

CHAPTER 12 MATERIALE CLASSES

MATERIALE CLASSES

Materiale classes may be held in both EC Dressage or EC competitions and Sport/Breeding competitions.

ARTICLE E 12.1 CLASSES

All classes are open to horses and ponies

1. Limited to three-year-old fillies.
2. Limited to three-year-old colts and geldings.
3. Limited to four- and five-year-old mares,
4. Limited to four- and five-year-old stallions and geldings.

Classes #1 and #3 for fillies and mares may be combined.

Classes #2 and #4 for colts, geldings and stallions may be combined but fillies and mares may not be combined with classes for colts, geldings and stallions except in Championship classes.

ARTICLE E 12.2 CLASS ROUTINE

Horses/ponies enter the ring at a walk in clockwise direction at the discretion of the ringmaster and officiating judge(s). Entries are to be shown in both directions in the ring at a walk, trot and canter. It is recommended that groups of no more than six horses/ponies canter at one time. Horses/ponies will not be asked to gallop but four and five year olds may be asked to lengthen the stride at trot. However, when three year olds are shown together with four and five year olds, horses/ponies may not be asked to lengthen stride at trot or canter.

ARTICLE E 12.3 JUDGING

Scores will be evaluated according to the criteria listed on the Materiale Scoresheet using the following percentage points:

30% each for walk, trot and canter for a total of 90%; 10% General Impression (including impulsion, balance, rideability, presence and suitability to Dressage as described on the class score sheet. Movement should demonstrate purity and quality, and correctness.). Available ribbons and prizes may not necessarily be awarded if the entries do not warrant them in the opinion of the judge(s).

ARTICLE E 12.4 COMPETITION MANAGEMENT AND CLASS ORGANIZATION

1. Competitions which include Materiale classes must have either an EC licensed Dressage judge or an approved USEF Dressage Sport Horse Breed judge plus an EC licensed Dressage steward.
2. Class score sheets will be available for printing from the EC website at www.equestrian.ca.

ARTICLE E 12.5 WHIPS

Whips are allowed in EC competitions, but not in Championships. For complete whip rules, see E 4.8

ARTICLE 12.6 EQUIPMENT AND TURNOUT

Dress, saddlery and equipment must conform to Chapter 4, except that all horses/ponies are required to compete in a snaffle. See 4.2.1.

CHAPTER 13

FEI YOUNG HORSE CLASSES AT EC COMPETITIONS

GENERAL PRINCIPLES

The basic idea of young horse competitions is to introduce 4, 5, 6, 7 and 8-10 year old horses to Dressage competitions to help them gain experience in the Dressage arena and to give them the opportunity to compete against each other in the same level of test.

The athlete's seat and the influence of the athlete's aids are of minor importance when judging young horse classes.

A primary concern is to evaluate the correct training of young horses, enhancing the reputation of national breeds and encouraging interest in international competition involving young horses.

DIRECTIVES FOR INTERNATIONAL DRESSAGE COMPETITIONS FOR 4, 5-, 6-, 7- AND 8-to-10-YEAR-OLD HORSES

These classes at EC competitions will be run in accordance with FEI rules regardless of competition sanctioning.

ARTICLE E 13.1 AGE AND HEIGHT

Age and height are the only requirements for horses participating in the FEI Young Horse classes for 4, 5, 6, 7 and 8-10 year olds. The age will be counted from January 1st of the year of their birth or August 1st if born in the Southern Hemisphere. The height at the withers must exceed 149 cm including shoes.

Participation will not affect the status for technical eligibility to enter other National or FEI classes except where age is a factor.

ARTICLE E 13.2 COMPETITION SANCTIONING LEVEL

1. EC Gold sanctioned competitions may hold classes for FEI Young Horse in the 4, 5, 6, 7 and 8-10 year old categories. These classes will be run in accordance with FEI rules regardless of competition sanctioning.
2. Only the FEI 4-year-old test may be held at EC Silver and Bronze competitions.
Note: Horses entered in the FEI Young Horse classes must hold either a current EC Horse Recording number, EC Passport or FEI Passport or Recognition Card at all EC competitions including Bronze.

ARTICLE E 13.3 DRESSAGE TESTS

- 4-year-old horses
- 5-year-old horses – Preliminary and Final Tests
- 6-year-old horses – Preliminary and Final Tests
- 7-year-old horses – Preliminary and Final Tests
- Young Horse Grand Prix Test for 8- 10 year olds

Note: Link to FEI tests: <https://inside.fei.org/fei/your-role/organisers/dressage/tests>

The preliminary test for young horses must be used as the qualifier for the test.

Exception: There is only one FEI Dressage Test for 4-year-old horses.

All tests are to be held in the 20 x 60-metre arena

Note: The FEI tests for 5, 6, 7 and 8-10 year old horses may not be offered at Bronze or Silver competitions.

ARTICLE E 13.4 DRESS AND SADDLERY

As per article 434 of the FEI Dressage Rules (see FEI website www.fei.org). Four, five and six year old tests are to be ridden in a snaffle bridle only. Seven year old tests may be ridden in a snaffle or double bridle.

Note: Spurs are optional FEI Article: 431.4

Note: Whips are allowed in EC competitions but NOT in Championships. For complete whip rules, see E 4.8.

Note: Equipment for Warm Up & Training Areas see FEI Dressage Rules 434.5

ARTICLE E 13.5 PRINCIPLES OF JUDGING YOUNG HORSE CLASSES

Three aspects are most important in judging young horse classes:

- The paces
- The standard of training
- The general impression including conformation, temperament and the natural talent to become a high-level Dressage horse.

Basic ideas:

The basic paces, handiness and general impression of the horse as a Dressage horse will be judged. Judges should ask:

- whether or not the performance of the horse corresponds to the general idea of a Dressage horse;
- whether the horse is on the correct training path; and
- whether the horse has the ability to perform Dressage at a high level.

Special emphasis must be made on soft and constant contact, the satisfactory activity of the mouth, an elastic poll in the three basic paces and in the transitions. The steps and strides must be in rhythm and without tension. Flexion and bending, the harmonious development on both hands and suppleness are important. There must be impulsion, which has to be developed through the hindquarters, leading into a swinging back and soft steady contact.

Fundamental training errors will generally lead to lower marks being awarded. Examples of such errors are: obviously unlevel rhythm, tension, lasting contact failure, insufficiently swinging back, serious crookedness and insufficient engagement of the hind legs.

Minor mistakes should be judged leniently, if, in principle, the horse is demonstrating correct training with well-developed paces. Horses which at the beginning of the test show tension and some concentration lapses or which may even be a bit spooky, should be judged more benevolently than in other international Dressage competitions.

Minor mistakes for 5-year-old horses

- Moments of tension at the beginning of the test with slight concentration lapses but improving throughout the test
- Halt not completely attentive or straight
- Transitions not exactly at the markers
- Slight and momentary crookedness
- Canter wrong lead, but immediately corrected
- Short break of pace e.g. falling into trot during canter work but immediately corrected
- Simple change of leg with 2 or 6 steps of walk in between instead of 3-5 steps

Minor mistakes for 6-year-old horses

- Starting/ending the lateral movement not exactly at the required marker, slightly losing the bend for a short moment
- Losing the bend at the end of the lateral movement
- Flying change not exactly at the required marker, slightly swaying, not totally balanced

Minor mistakes for 7-year-old horses

- Slightly swaying, not totally balanced in series of changes, must be straight in single change
- Momentary loss of balance in canter pirouettes

FUNDAMENTAL MISTAKES

Fundamental mistakes will generally lead to lower marks being awarded. Examples of such errors are:

- Obviously uneven rhythm
- Tension
- Consistent contact failure
- Insufficiently swinging back
- Serious crookedness
- Insufficient engagement of the hind legs

Fundamental Mistakes for 5 year old horses

- Uneven rhythm in trot movements
- Lack of clear 3-beat canter including in the counter canter. Uneven or pacing steps in the walk including the turn on the haunches (in 6 year old in walk pirouettes)
- Clear resistance or loss of diagonal steps in the rein back
- Simple changes of leg without any walk steps shown
- Tension throughout
- Repeated contact, tilting/mouth problems
- Lack of suppleness in the back
- Obvious crookedness
- Stiff hind legs, lacking energy and engagement

Fundamental mistakes for 6 year old horses (all of the above, including)

- Lack of clear bend in lateral movements
- Mostly incorrect flying changes
- Tension throughout
- Repeated contact/mouth problems
- Lack of suppleness in the back

Fundamental mistakes for 7 year old horses

- Uneven or pacing steps in walk
- Uneven trot rhythm
- Lack of clear 3-beat canter including the same, clear tendency in canter pirouettes
- Lack of clear bend in lateral movements
- Incorrect flying changes

- Tension throughout
- Repeated contact issues, tilting and open mouth
- Lack of suppleness in the back
- Obvious crookedness
- Stiff hind legs, lacking energy and engagement
- Repeated resistance (inability) in collected work

ARTICLE E 13.6 BASIC PACES

WALK:

See Article E 1.4 The Walk.

TROT:

See Article E.1.5 The Trot.

CANTER:

See Article E 1.6 The Canter.

NOTE: The paces must be judged uncompromisingly as they are vitally important for the quality of a Dressage horse. They must be of absolute regularity without tension. The impulsion of the paces should be developed from the hindquarters through a swinging back with active hind legs. The steps and strides must be elastic with the horse showing a natural self-carriage and freedom of the shoulder. The quality of the paces is judged by assessing the overall impression, the regularity and elasticity of the steps and by the ability to maintain the same rhythm and natural balance, even after a transition within the paces or from one pace to another.

STANDARD OF TRAINING

Equally important as the paces is the correct training according to the age of the horse. Judges should assess whether or not the horse's training corresponds to the principles of the training scale. Special emphasis must be made regarding a soft and steady contact with a gentle chewing mouth and an elastic poll which should be the highest point; and the neck should be without any restriction. Lateral flexion and b must be equally developed on both sides. The horse must be supple and obedient.

Natural ability to self-carry is asked for but is relative to the age of the horse. In classes for 5 year old horses only the beginning of collection, the "willingness to collect" is required.

For 6 year old horses, a more clearly defined collection, the "ability to collect" is necessary.

For 7 year old horses, they need to show collection inherent to this level, ability to carry weight and lightness of the forehand. A 7 year old horse needs to be through the back and in self carriage with a steady contact, showing good balance and correct bend.

The most important criteria for lateral movements and flying changes in young horse tests is the fluency and correct execution.

When judging 5, 6 and 7 year old horses judges have to differentiate between minor mistakes, which are not a significant factor in the score and fundamental mistakes which should lead to lower marks.

Judges' positioning in the 7 year old test for qualification scores for National Rankings and Championships (Provincial, Regional and National) will include one at C who will judge the technical test and one at B or E who will judge the quality of the test.

Competitions with only one Judge for the 7 year old test will have the judge sit a C and the judge will judge the technical test. Test results from one judge cannot be used for any qualification.

ARTICLE E 13.7 GENERAL IMPRESSION

The emphasis here is on the three basic paces, the type and quality of the horse's conformation, the charisma and presence of the horse, suppleness and the degree of effortlessness with which the horse is able to perform the movements.

Besides the paces and standard of training, the judge has to decide whether or not the horse shows enough natural talent to develop into a high-level Dressage horse.

The general impression is based on:

- Quality of paces (including the degree of effortlessness with which the horse is able to perform the movements)
- The standard of training according to the training scale
- The potential and suitability as a Dressage horse including temperament, attentiveness and willingness to work, natural forward-going attitude, mental suppleness, conformation, expression (appearance, charisma, presence, natural charm).

A horse with the potential to become a high-level Dressage horse always has to be preferred to a horse that only executes the tests in an obedient manner but without showing any further scope.

The athlete - The judging of the seat, aids, and influence of the athlete plays a secondary role.

ARTICLE E 13.8 YOUNG HORSE JUDGES APPROVED FOR EC COMPETITIONS

Only EC senior or other NF's senior and FEI Dressage judges may officiate in the FEI Young Horse classes. For scores to count for selection to compete in the World Breeding Championships for Young Horses, there must be a panel of three FEI Dressage judges or two FEI judges and one senior judge.

CHAPTER 14

MASTERS TEST OF CHOICE

The Masters Test of Choice is an EC (EC) Dressage class that provides senior athletes, 60 years and older, the opportunity to participate in a Dressage class that is exclusively their own in an environment that provides a fair playing field for senior athletes wherein each will compete against their peers at all levels of skill, from beginners to advanced.

DETAILS:

1. Masters classes are open to athletes 60 years of age and above.
2. Any EC sanctioned Dressage competition may offer the Masters Test of Choice.
3. The class will be offered as a Miscellaneous Test of Choice class as per the EC Rules, Section A: General Regulations, A503 and will include all levels, national to FEI.
4. In the event of a large number of entries, the class may be divided into two – lower and upper Dressage levels – with separate sets of ribbons.
5. The class will be included in the competition prize list with the appropriate entry fee.
6. The class will feature up to two tests per day and may have a class championship.
7. Scores from Masters classes will not count towards EC championships or awards programs.
8. Masters athletes may also compete in non-Masters Dressage classes but will not be able to use the accommodations listed in E14.9.
9. To facilitate ease of riding, the following accommodations are available in the Masters Test of Choice:
 - a) Rising trot is optional in all trot work.
 - b) Callers/athletes may use headsets (someone, e.g., a competition appointed supervisor (E.4.9.A.8. Exception) only, may stand beside the caller to ensure no coaching takes place).
 - c) Entry bell/whistle can have a secondary indicator (e.g., the caller can raise an arm once the bell rings).
 - d) Use of voice
 - e) Equipment accommodations may include any or all of the following:
 - i. Looped reins;
 - ii. Converters on double bridle to create single rein;
 - iii. Gel or fluffy seat covers; and/or,
 - iv. Two whips.
 - f) May use a caller for all test levels except freestyle tests.
10. Judges for the Masters Test of Choice must be EC certified Dressage Judges at the Basic, Medium or Senior level.

CHAPTER 15

DRESSAGE JUDGES PHILOSOPHY AND ETHICS

The purpose of conflict of interest provisions in this rulebook is to ensure a level playing field for all competitors and to maintain integrity and impartiality of licensed officials. Designation as an EC licensed official is a privilege, not a right, bestowed by EC according to the procedures set forth in this chapter, to individuals whose equine expertise and personal character merit the honour. The individual's conduct, as an EC member and official, must be exemplary and is subject to continual committee review. Officials shall exhibit the highest standard of integrity at all times and decisions are not to be made upon improper influence. Officials are responsible for ensuring that horses are treated with kindness, respect and compassion and that they are never subjected to mistreatment or caused undue stress. The standard by which conduct or treatment will be measured is that which a person informed and experienced in generally accepted equine training and exhibition procedures, would determine not to be cruel, abusive or inhumane. Where an official has to exercise their discretion in an EC show allowing a competitor to compete, such discretion shall be exercised for the benefit of the competitor if and when possible provided the organizers are in agreement.

ARTICLE E 15.1 CONFLICT OF INTEREST

1. No child or adult may compete in a class in which horsemanship is a factor before a judge by whom said child or adult has been instructed, coached, or tutored with or without pay in the 30 days immediately prior to the date of competition.
2. It is the responsibility of the athlete not to enter a class or ride in front of a judge from whom they have received instruction or a riding clinic in the previous 30 days.
3. Any coach/trainer may not be judged by their student or owner of a horse they are training within 30 days of the coaching/training taking place.
4. A judge may not, during a competition at which they are judging, be the houseguest of a person who is exhibiting at such competition or whose family is exhibiting at such competition.
5. A judge may not discuss the purchase, sale, or lease of any horse during a competition at which they are officiating.
6. Judges shall not officiate in any level/division in which a member of their family or a horse owned by the immediate family is competing.
7. An EC Competition is allowed to run any combination of Gold, Silver and Bronze classes under one licence. (Gold licence covers Gold, Silver and Bronze classes, Silver licence covers Silver and Bronze classes).
Judges are permitted to compete and judge at the same competition under the following conditions:
 - a) if they are entered in Gold classes, they may only judge Silver and Bronze classes at that competition. Similarly, if they are entered in Silver classes, they may only judge Gold or Bronze classes and if they are entered in Bronze classes, they may only judge Silver or Gold classes.
 - b) An exception will be permitted during a competition in the event of an emergency, e.g. a judge falls ill providing the competing judge withdraws from the class or has their scores withdrawn if they have already competed.

Note: Section A, General Regulations, Article A 1402.3, does not apply for Dressage.

ARTICLE E 15.2 JUDGING RESTRICTIONS WITHOUT GUEST CARDS

1. For a complete list of judging restrictions see Article 3.0.
2. Only non-licensed, Recorded and Basic judges may officiate at non-EC or non-PTSO sanctioned Dressage, Para Dressage competitions, Pony Club and 4H.
Note: EC insurance does not cover judges officiating at non-EC sanctioned events.
3. ECEC Judges may judge western Dressage when offered as a miscellaneous class at an EC sanctioned competition. When EC judges receive a competition prize list that includes Western Dressage, they shall request the show committee provide copies of the relevant rules and tests.

ARTICLE E 15.3 GUEST CARDS

1. Guest cards are to be applied for by the competition, not the individual judge.
2. Bronze, Silver and Gold of competitions held in New Brunswick must apply for guest cards through the Competitions Department at the EC office.
3. In all other provinces and territories, competitions requiring guest cards where the highest level of class is Gold, must make application to the Competitions Department at the EC office.
4. Applications for guest cards at Silver and Bronze competitions outside New Brunswick must be made through the P/TSO.
5. Guest cards are not permitted at Gold Championships but may be permitted at Silver Championships for Basic judges.
6. Guest cards are not required for foreign FEI licensed Dressage judges officiating at EC-sanctioned competitions.
7. United States Equestrian Federation (USEF) and EC (EC) Reciprocal Agreement
 - a) There is no reciprocal licensing of officials between USEF and EC. An official desiring an EC license or USEF license will be subject to the rules and regulations of the NF issuing the license. EC licensed Dressage officials are not eligible to judge in the USEF Dressage division. Eligible USEF licensed Dressage officials may have EC competition organizers apply for an EC Guest Card on their behalf.
 - c) For EC/USEF Reciprocal Agreement (see General Regulations, A1306)
8. Other than E 15.3.7 above, only recognized senior Dressage judges of another national federation may be granted guest cards and only in the divisions in which the applicants are so qualified in their own federation.
9. Guest cards are not required when co-judging with a more senior judge.

ARTICLE E 15.4 LOCATION OF OFFICIALS - JUDGES POSITION

1. Technical Classes

- a) If there is only one judge, they must be positioned at C.
- b) If there are two judges, one must be at C and the second judge can be at E, B, H, or M, whichever is most convenient for the competition. Whenever possible, the judges should be at C and E or C and B.
- c) When three judges are officiating on the same ring, the president of the jury is positioned at C and the other two should be at M and E or H and B.
- d) When there are 5 judges, the president of the jury is at C, one judge must be at M and H and the remaining two are to be positioned at E and B. The

judges at M and H are to be positioned 2.5 meters closer to the centerline than the long wall of the arena.

- e) All judges must be on the outside of the arena. They should be a minimum of 3 meters and maximum of 5 meters from the arena at outdoor competitions and preferably a minimum of 3 meters from the arena at indoor competitions.

2. Freestyles

In EC competitions, when two or three judges officiate in a freestyle class, they may be located at the short end of the arena i.e. M/C, C/H, or M/C/H; it is strongly recommended that one of these judges be placed on the long side at either B or E.

ARTICLE E 15.5 CHECKING THE COMPETITION ARENA

Judges and Dressage stewards must check the correctness of the arenas.

ARTICLE E 15.6 JUDGING HOURS - BREAKS

When scheduling Dressage tests, it is the competition organizer's responsibility to ensure that breaks are provided for judges according to the following rules:

1. No judge shall be required to officiate longer than eight hours in one day and cannot be required to be on the competition grounds longer than ten hours.
2. Judges must be given 45 minutes (minimum) for a lunch break. A 10-minute break should be given to judges once every hour. If this is not possible, a 15-minute break should be given every two hours.

ARTICLE E 15.7 ARRIVAL TIME

Judges must be on the grounds 20 minutes (minimum) before their first class.

ARTICLE E 15.8 DRESS CODE

All officials, judges, Dressage stewards, and scribes must be appropriately dressed (jeans, shorts, tank tops, etc. are not acceptable).

ARTICLE E 15.9 PERSONAL COMMUNICATION DEVICES

Personal communication devices (cellular phones, Blackberrys etc.) may not be used by anyone in the judges' booth while the competition is underway in their arena.

NOTE: Categories of Dressage Judges' Cards with details on criteria for the levels, licensing and promotion information is no longer shown in this chapter. This information is available on the Officials page of the EC website <https://www.equestrian.ca/programs-services/officials>

CHAPTER 16

DRESSAGE STEWARDS PHILOSOPHY AND ETHICS

The purpose of conflict of interest provisions in this rulebook is to ensure a level playing field for all competitors and to maintain integrity and impartiality of licensed officials. Designation as an EC licensed official is a privilege, not a right, bestowed by Equestrian Canada according to the procedures set forth in this chapter, to individuals whose equine expertise and personal character merit the honour. The individual's conduct, as an EC member and official, must be exemplary and is subject to continual committee review. Officials shall exhibit the highest standard of integrity at all times and decisions are not to be made upon improper influence. Officials are responsible for ensuring that horses are treated with kindness, respect and compassion and that they are never subjected to mistreatment or caused undue stress. The standard by which conduct or treatment will be measured is that which a person informed and experienced in generally accepted equine training and exhibition procedures, would determine not to be cruel, abusive nor inhumane. Where an official has to exercise their discretion in an Equestrian Canada show allowing a competitor to compete, such discretion shall be exercised for the benefit of the competitor if and when possible provided the organizers are in agreement.

ARTICLE E 16.1 CONFLICT OF INTEREST

1. No child or adult may compete in a class if the steward responsible for checking their tack is a member of their immediate family.
2. A steward should not, the day preceding and during a competition at which they are officiating, be the houseguest of a person who is exhibiting at such competition or whose family is exhibiting at such competition.
3. A steward may not discuss the purchase, sale, or lease of any horse/pony during a competition at which they are officiating.
4. Stewards shall not officiate in any level/division in which a member of their family or a horse owned by the immediate family is competing.
5. In addition, the following persons are ineligible to serve as stewards at a competition: the president, chairman, manager, secretary, other officers or committee members of said competition.

ARTICLE E 16.2 MANDATORY USE OF STEWARDS

1. All Bronze, Silver and Gold Dressage competitions must use EC licensed Dressage stewards.
2. The current list of licensed Dressage stewards can be found in the Officials Directory on the EC website: www.equestrian.ca.

ARTICLE E 16.3 GOALS OF STEWARDING

The goals of stewarding are to HELP, to PREVENT, and to INTERVENE. Dressage stewards should at all times keep in mind that while they are in effect representing EC, they also work for the competition, the competitors, the coaches and the horses, as well as the officials (judges, veterinarians, Equine Medication Control Technicians) and also spectators.

ARTICLE E 16.4 PURPOSE OF STEWARDING

The aim of stewarding is to provide fair sport for all by ensuring that:

1. all EC rules are adhered to;
2. the sport is equally fair for all competitors;
3. principles of good sportsmanship are respected;
4. the best possible conditions for holding a competition are available; and
5. the welfare of the horse is upheld.

ARTICLE E 16.5 PROCESS OF STEWARDING

1. Dressage stewards **HELP** prior to the competition by checking prize lists, thus:
 - a) protecting the interests of competitors, horses, officials and competition management;
 - b) ensuring a veterinarian and a farrier will either be on the grounds or on call throughout the competition;
 - c) ensuring that emergency medical plans are in place, such as EMT on grounds whenever MOUNTED exercises are taking place;
 - d) ensuring that an ambulance will be present or on call;
 - e) checking the prize list and entry form prior to the competition to ensure they conform to EC rules, and completing the prize list approval form. Should there be an error, this **MUST** be reported to the competition organizer immediately for correction.
2. Dressage stewards **HELP** at the competition by:
 - a) submitting suggestions to the organizing committee during the competition if there are situations that are not in accordance with EC rules; as well as following the competition for improvements in the future. These comments should be mentioned during the show and, if necessary, dealt with but must be written up in the steward's report after the competition;
 - b) ensuring that results and championships are correctly tabulated by the scorers as well as posted in a timely fashion after each ride;
 - c) supervising, with the assistance of learner Dressage stewards, the schooling and warm-up areas and reporting any infractions to the organizing committee, or, if applicable, to the ground jury;
 - d) checking, with the assistance of learner Dressage stewards, after each ride that legal and proper tack and dress have been used in the competition arena.
3. Dressage stewards **PREVENT** problems by:
 - a) ensuring that all officials are recognized in the divisions to which they are assigned and that guest cards have been obtained if required;
 - b) ensuring that all entry forms are properly completed and signed; that entries are eligible, checking height where required, checking horse identification documentation (if necessary, with the help of a learner steward), and reporting any ineligibility to the organizing committee immediately (see General Regulations Article A407 for handling of invalid horse identification documentation), thus assuring the legality of the entry;
 - c) ensuring that the rules for measurement of ponies are followed as set out in EC General Regulations, Section A, Chapter 11 and division rules;
 - d) ensuring that all schooling areas meet EC requirements.
 - e) Stewards are permitted to issue a yellow card.

4. Dressage stewards **INTERVENE** in response to problems by:
 - a) arranging a meeting between a judge or official veterinarian and a competitor, at the request of the competitor, if the official agrees. The steward will attend said meeting or can send an appointee at their discretion;
 - b) reporting any offence or rule infraction to the organizing committee. These infractions must also be detailed on the Steward's Report Form;
 - c) acting on all reports of equine abuse as per EC rules;
 - d) being proactive enough to help/prevent/intervene independently (to investigate and act upon any alleged rule violations without waiting for an official protest) and to do so with the fairness of the sport to all and the levelness of the playing field foremost in mind;
 - e) ensuring that all warm-up, schooling and tack-check Dressage stewards are in constant communication with the officiating steward via walkie-talkies, etc.;
 - f) ensuring that all Dressage stewards be on the grounds at least 60 minutes before the competition begins.

ARTICLE E 16.6 CATEGORIES OF DRESSAGE STEWARDS

ARTICLE E 16.6.1 LEARNER

PRIVILEGES

1. A learner steward has the opportunity and privilege to gain experience by working with a medium or higher steward as a shadow at EC Dressage competitions. Such arrangements must be made with competition management and with the show steward, as this is strictly a shadow-role. A learner steward has learner status only and has no official capacity. The learner steward can assist the medium or higher steward in duties as requested. The learner steward will not make any decisions on their own nor interpret any rules on their own.
2. The learner steward category provides an opportunity for potential Dressage stewards to find out if this is an area they wish to pursue. There is no restriction on the number (or levels) of competitions, the number of medium, or higher, Dressage stewards, worked with, nor the length of time a person can stay at the learner steward level. It is advisable to work at a variety of competitions and with as many different Dressage stewards as possible.
3. A Learner steward who works with a Medium or higher Dressage steward at a competition must have the permission of the show organizing committee and provide their PTSO and EC membership numbers to the show organizing committee.
Note: The EC officials' liability insurance does not cover Learner Dressage stewards as these are not yet EC officials.

ARTICLE E 16.6.2 BASIC

PRIVILEGES

1. A Basic Dressage steward may officiate alone at Bronze Dressage competitions.
2. A Basic Dressage steward may officiate alone at Gold and Silver Dressage competitions **ONLY AFTER** completing the initial probationary period of one year and at least two competitions working with a medium or higher level steward during their probationary year.
3. A Basic Dressage steward in their probationary year may officiate with a Medium or higher steward at Silver and Gold Dressage competitions where there is more than one ring in use.
4. A Basic Dressage steward is eligible to assist the FEI Chief Steward at FEI sanctioned Dressage competitions.

ARTICLE E 16.6.3 MEDIUM PRIVILEGES/OBLIGATIONS

1. A medium steward is eligible to officiate alone at any EC competition.
2. A medium steward must be available to share knowledge with learner and Basic Dressage stewards.
3. A Medium Dressage steward is eligible to assist the FEI Chief Steward at FEI sanctioned competitions.

ARTICLE E 16.6.4 SENIOR SENIOR PRIVILEGES/OBLIGATIONS

1. A senior Dressage steward is entitled to officiate at all EC competitions.
2. A senior Dressage steward is eligible to officiate alone at any EC competition.
3. A senior Dressage steward must be available to share knowledge with all levels of stewards.
4. A senior Dressage steward is eligible to assist the FEI Chief Steward at FEI sanctioned competitions.

ARTICLE E 16.7 RESTRICTIONS

1. An EC Dressage steward may not officiate at an unsanctioned competition or at a competition not in good standing.
2. An EC Dressage steward may not act in any other capacity at a competition.
3. There is no reciprocal agreement with the USEF covering stewards.

ARTICLE E 16.8 GUEST CARDS

Guest cards are not available for any EC Championship.

A guest card for a non-Dressage steward to work at a Bronze, Silver or Gold non-championship show MAY be granted by EC in exceptional circumstances. These might include for example: unavailability of Dressage stewards, illness, or family emergency arising with a hired Dressage steward. In such circumstances the following rules must be followed:

1. Proof of unavailability of a Dressage steward must be provided to EC.
2. The person for whom the guest card is requested must hold a valid EC Gold sport licence and be in good standing with EC and must be approved by EC.
3. The guest Dressage steward must be an EC steward in good standing with knowledge of Dressage and who has the equivalent or higher EC steward status than that required by the competition. They must also be willing to attend a Dressage steward clinic and become a Dressage specific steward at their earliest convenience.
4. Regardless of the exceptional circumstance for granting a guest card, the prize list must be approved by an active Dressage steward before being printed.
5. The guest steward must complete all the regular paperwork and reports.
6. A show will only be granted permission to use a guest steward ONCE.
7. A steward may only hold a steward's guest card twice in a calendar year.

Note: An non-active Dressage steward who has for genuine reasons been unable to attend a Dressage specific steward clinic may apply for a guest card. Application must be made by the competition in writing and sent for approval to EC for approval along with the required guest card fee.

Guest cards will not be issued for Dressage stewards under any other circumstances.

ARTICLE E 16.9 STEWARD'S REPORT

The steward must submit the steward's report digitally to the EC Competitions Department within ten days of each competition at which they officiate. Failure to do so constitutes grounds for removal of Dressage steward status upon review by EC. Should the report contain any matters requiring EC action, this can be indicated by selecting "Requires follow up by EC", thus ensuring timely EC action. A link to the digital Steward Report is available on the EC website.

ARTICLE E 16.10 TIME OF ARRIVAL

Dressage stewards must be on the competition grounds 1 hour before the first ride of each day.

ARTICLE E 16.11 DRESS CODE

All officials, judges, Dressage stewards, and scribes must be appropriately dressed (jeans, shorts, tank tops, etc. are not acceptable).

ARTICLE E 16.12 TACK CHECK AND GLOVES

1. Athletes, or identified athletes under the random tack checking protocol, must be prepared to report, still mounted, to the steward or their appointee for a tack check immediately upon leaving the competition arena.
Exception: An athlete may, of course, dismount and remove their hat and jacket in the case of illness or feeling faint.
2. The steward or their appointee is responsible for ensuring that saddlery and dress regulations are followed including, where necessary, asking for ear covers, nose nets and if used, boots or bandages to be removed to allow and inspection of the ears, bit(s) and/or legs.
3. All athletes must wear approved protective headgear at all times while mounted. At the tack check, an athlete may be asked to dismount to allow an inspection of their headgear (See Article 4.0).
4. Athletes are welcome to approach the steward and ask for saddlery/dress rule clarifications prior to riding their test.
5. The person(s) responsible for checking the bits must use disposable surgical gloves. A new disposable pair of surgical gloves must be used for each horse. The competition is responsible for supplying gloves to stewards for the purpose of checking equipment. If this is not done, the steward must be reimbursed by the organizing committee for the cost of gloves used.
6. If there is no learner steward available, the chief steward may appoint a non-steward who must be a knowledgeable horse person to do a tack check on their behalf. Only the chief steward, not the organizing committee, may make tack check appointments.
7. Any deviation from the saddlery rules found by the steward or their appointee after the test will result (after consultation with the judge and/or organizing committee) in elimination.
8. The checking of the bridle and bit must be done with the greatest caution, as some horses are very touchy and sensitive about their head and mouth.
9. In the event that an athlete is found to have contravened the dress or tack rules, the steward must show the athlete the relevant rule before recommending to the judge that the athlete be eliminated. No athlete can be eliminated without having been shown the printed rule.

ARTICLE E 16.13 TACK/DRESS CHECK PRIOR TO RIDE

An athlete may approach the steward or their appointee, prior to each test to ensure that dress and equipment are in accordance with the rules.

ARTICLE E 16.14 CHECKING THE COMPETITION ARENA AND SUPERVISING THE WARM-UP AREA

1. Judges and Dressage stewards must check the correctness of the arenas. Dressage stewards must supervise the warm-up areas.
2. Any horse which has been eliminated twice in one day for lameness may not be ridden in the warm up area until the next day of competition. The OC or scorers must communicate with the steward when a horse has been eliminated for lameness and if such a horse is eliminated again the same day, the steward must not allow the horse back into the warm up area. See Article E 9.3.6 a

ARTICLE E 16.15 TWO RINGS

When a competition operates with two or more rings and classes are held simultaneously, the competition must have sufficient Dressage stewards in attendance to adequately monitor all schooling rings. When schooling rings cannot be seen from one vantage point by one steward, additional Dressage stewards are required. The additional steward(s) may be learner or basic Dressage steward(s). The competition must select individuals who are well versed in the divisions being offered and suited by experience to the divisions in which they are to adjudicate as Dressage stewards. Any deviation from the tack/dress rules must always be brought to the attention of the chief steward.

NOTE: Categories of Dressage Stewards Cards with details on criteria for the levels, licensing and promotion information is no longer shown in this chapter. This information is available on the Officials page of the EC website <https://www.equestrian.ca/programs-services/officials>
Please direct inquiries to officials@equestrian.ca

Note: These measurements are for the actual competition arena and do not affect advertising on fence lines around the whole area.

The maximum area of the logo is as follows:

1. 200 square centimeters on each side of a saddle pad (maximum one sponsor's logo per side).

3. One logo no bigger than 75 square centimetres on ear hoods.

fence or otherwise making it difficult or impossible for the horse to negotiate the practice obstacle without hitting it.
