INTRODUCTION

Equestrian Canada (EC) is responsible for sanctioning equestrian events in Canada for all Fédération Equestre Internationale (FEI) disciplines, as well as other disciplines and breed sports which agree to abide by [EC Rules](#).

EC has delegated responsibilities to its partner Provincial/Territorial Sport Organizations (PTSO) for the administration of EC sanctioned competitions at the levels specified in Appendix 1. PTSOs act as agents of EC and of the Competition Administration Policy (CAP).

This policy:

- Outlines the process for granting an EC competition sanctioning;
- Describes responsibilities of the Competition and EC; and,
- Outlines the responsibility of the discipline/breed groups as described in individual policies.

TERMINOLOGY

PTSO means Provincial/Territorial Sport Organization

CAP means Competition Administration Policy

OC means Organizing Committee

CAF means Competition Application Form

EC means Equestrian Canada

EC: Equestrian Canada (EC) is to be understood to mean the national federation with all its subsidiary groups, including discipline committees.

PTSO: A Provincial/Territorial Sport Organization (PTSO) that has a current agreement with EC to provide various services and represents the aims and objectives of the national federation in its region.

Competition Manager/Organizer: A person designated to manage a competition (see CAP 5.1.2). This person must hold a valid EC Sport Licence at or above the level of the competition and must be an EC and PTSO member in good standing.

Competition Contact: The individual who will be listed on the EC website and in the EC database as the primary contact for the EC sanctioned competition.

Competition: Includes all shows, events, horse trials and any other form of equestrian competition that is covered by the EC Rules. Bronze, Silver, Gold and Platinum level competitions are all sanctioned by EC and subject to the rules set out in the EC Rules.

ISO Calendar: EC uses the International Organization for Standardization (ISO) leap week calendar system to allocate sanctioning dates. Weeks start with Monday.

Management/Ownership Group: Group of persons with ownership of the competition and responsibility for selection of the management and operations staff, including the Competition Manager (above)

COMPETITION SANCTIONING PROCEDURE

Applicants for Competition sanctioning should be aware that the below principles form the basis of awarding dates and approvals for competitions, but that EC retains discretion to award or not award sanctioning approval for any Competition where necessary to achieve the overall objectives of EC and the development of a robust and progressive Competition structure aligned to the [athlete pathway](#).

EC has the responsibility to grant a date within the CAP guidelines. Competition applicants will be provided a rationale if the requested date is not granted. Competition Managers/Organizers have the right to appeal any such decision pursuant to the conditions of the [EC Discipline, Complaints and Appeals Policy](#).

***See discipline-specific appendices: Appendix 3: Gold Hunter/Jumper Date Reservation; Appendix 4: Gold Dressage Date Reservation; Appendix 5: Eventing Competition Calendar Date Reservation & Administration**

****All other Competition categories do not require date reservation and pre-approval by EC.** In the absence of any outstanding financial, safety or policy violations regarding EC sanctioned Competitions run in the previous year and provided that the Competition has completed the Competition Application Form (CAF) by the specified deadline, the competition date will be approved.

1.2 Gold, Platinum & FEI Competitions

The Gold & Platinum Date Request Form will be available at all times on the [EC website](#). The Gold & Platinum Date Request Form must be completed in full including venue information for each Competition. Facility agreements must be in place before an application for date approval is submitted to EC. The facility agreement must be available for review upon request by EC. Gold & Platinum Date Request Forms must be submitted to EC no later than July 31 in the year prior to the date requested. Exception: Date requests for CSI 5* and CSIO 5* competitions must be submitted to EC by April 1 of the preceding year.

1.2.1 Platinum and FEI Competitions require approval from EC and the FEI to be sanctioned.

- 1.2.2 EC approved dates for EC Platinum and FEI Competitions will be forwarded to the FEI by October 1 of each year for FEI approval. Note that all communication regarding proposed EC Platinum Competitions must be between EC and the FEI. No Organizing Committee (OC) is permitted to communicate directly with the FEI. **Exception:** CSI 5* and CSIO 5* approved dates will be forwarded to the FEI by May 1 of the preceding year for FEI approval.

1.3 Late Date Reservations

- 1.3.1 Date applications for existing competitions received after the deadline will be considered late and charged a late fee as determined by the EC Schedule of Fees. Late applications will only be considered after all properly submitted applications have been processed. Late applications for new Competitions may have this late fee waived at the discretion of EC.
- 1.3.2 Platinum and FEI date applications received after the FEI deadlines will be subject to FEI late fees without exception.
- 1.3.3 Late requests for dates already allocated to another competition within the same province/territory will be assessed by EC on a case-by-case basis, with preference only given to events submitted prior to the deadline.

2. Competition Application Procedure

- 2.1 Competition Managers/Organizers or OCs applying to hold an EC sanctioned Competition must submit the CAF pursuant to Appendix 1. **A CAF must be submitted for every Competition being held.**
- 2.2 The CAF must be signed by the Competition Manager/Organizer taking responsibility for the conduct of the Competition and shall contain the following statement:

In applying for the above dates, the competition agrees to abide by the Equestrian Canada Rules and understands that failure to do so constitutes a violation of Equestrian Canada Rules and may subject the competition to fines & penalties under the provisions of the Competition Administration Policy and the Schedule of Fines & Penalties.

The Competition Manager/Organizer has the authority to bind the corporation and any violations/penalties will be considered as those of the corporation.

- 2.3 Each Competition Application must list only one discipline covered by the Rules of Equestrian Canada. For example, a competition may host multiple breed discipline classes as covered by Section B: Breeds, however, they may not host classes covered by Section G: Hunter, Jumper, Equitation and Hack under the same licence)

3. Competition Fees

- 3.1 Competition sanctioning fees are set on an annual basis and outlined in the Schedule of Fees.

Competitions that are denied an accepted date will be refunded the sanctioning fee. Competitions failing to meet sanctioning requirements and therefore not approved will not receive a refund of sanctioning fees, late fees or guest card fees. Applications received after the deadline must include the full sanctioning fee and may receive a late administration fee at the discretion of EC or the administering PTSO.
- 3.3 A Competition will pay a single sanctioning fee for the highest level of competition offered.
- 3.4 All Competitions with an outstanding balance in excess of 30 days from the payment due date will be charged an administrative past due fee at an interest rate of 1.5% per month on the total balance on the account, in addition to all accumulated late fees. A balance in excess of 60 days will result in the Competition Manager being placed Not in Good Standing until all outstanding payments are resolved. .
- 3.5 At their discretion, EC may require the advance payment of any fees in order to proceed with date approval, sanctioning, or submission of dates to the FEI.
- 3.6 EC no longer accepts payments by cheque. All submissions direct to EC must be made via credit card, EFT/wire transfer, or Interac Online.

- 6.7.4 Results from EC-sanctioned competitions noted in CAP 6.7.1 must be submitted within seven (7) days of the competition end date. Late submissions may be imposed with a penalty as per the Schedule of Fines & Penalties.
- 6.7.5 EC may reduce the submission deadline at any point to ensure results are received in time to meet qualification deadlines for EC National Championships. Events taking place close to these deadlines should be aware of this and be prepared to have results ready for submission by the end of the competition.
- 6.7.6 Failure to comply with EC results reporting will result in the removal of future EC dates and withholding of sanctioning for the OC and Competition Manager/Organizer.
- 6.7.7 Results that do not comply with the EC submission format will be deemed invalid. Results with excessive errors that prevent the prompt posting of the event (within 7 days of EC's initial validation) will be liable for fines per the Schedule of Fines & Penalties. The Competition will then be subject to penalties and/or withholding of sanctioning of future date/sanctioning applications should the issues persist.

- 6.7.8 Any error in the reported results brought to EC's attention by sport licence holders via the Results Review process will be brought to the competition for verification and correction. These corrections must be made within 7 days, otherwise the competition will be liable for penalty as per the Schedule of Fines & Penalties.
- 6.7.9 EC will provide access to the Organizer Results submission portal where any sanctioned hunter/jumper, dressage, or eventing competition may manually submit results for posting to the EC website. Competitions who submit results per CAP 6.7.1 may use the portal to adjust or correct any previously submitted results.

 - b) In the case of non-negotiable payment for entries and/or any other Competition fees, the Competition Manager/Organizer shall report to EC within seven (7) days following notification by the bank/credit card processing terminal, enclosing photocopies of the signed entry form, both sides of the cheque and the bank slip that accompanied the returned cheque or evidence of declined credit card payment. A copy of the pertinent invoice must be enclosed.

Fine payable within 30 days of notice of the infraction.

8.1 If a Competition is held without prior sanctioning and so that competitors are not affected, a decision may be made to retroactively sanction the Competition under the following conditions:

- a) This is a first offence;
- b) That the Competition Manager/Organizer or Contact provides EC or the administering PTSO the following within 48 hours of the competition:
 - i. CAF listing all officials and competition licensing fee
 - ii. Certificate of Insurance
 - iii. Prize List
 - iv. Master List of Entries
- c) That the OC and/or Competition Manager/Organizer pay a fine as per the Schedule of Fines & Penalties, payable to EC;
- d) That the OC or Competition Manager/Organizer’s future Competitions be considered probationary through the completion of the current year and throughout the year following. All rules, deadlines etc., as stipulated by EC and its policies must be adhered to;
- e) In the event that the Competition Steward is the same Steward/Technical Delegate identified in the prize list and responsible for the prize list approval, sanctions may be imposed on the individual Steward; and,
- f) All Officials will be notified that they have officiated at a non-sanctioned event and that this is on record. If this is the first offence for the Official(s), it will not be counted against the Official.

8.2 In the event of a second offence:

- a) EC will file a protest under the Dispute Resolutions for EC Sanctioned Competitions with the Organizing Committee as the Respondent (see EC Rules, Section A: General Regulations, Chapter 12);

- b) All Officials will be notified that they have officiated at a non-sanctioned event and this will be on record. If this is the first offence for the Official, it will not be counted against the Official;
- c) A fine will be imposed, payable to EC as per the Schedule of Fines & Penalties;
- d) The Competition Manager/Organizer will be declared not in good standing;
- e) A Committee of Inquiry will be called as per the policy; and,
- f) There may be additional penalties as outlined in the EC Rules, Section A: General Regulations, Chapter 12 and determined by the Hearing Panel.

9. EC Competition Cancellation Policies

- 9.1 Cancellation of the entire Competition as per EC Rules, Section A: General Regulations, Article A308. All entries and fees paid must be refunded entirely within 30 days. Cancellations made due to extraordinary circumstances (e.g. natural disasters, air quality, storms, accidents or emergencies) will be addressed on a case-by-case basis with EC.
- 9.2 In the event that a class or the remainder of a class is cancelled and cannot be rescheduled within the duration of the Competition, the competitor will be reimbursed the class fee.
- 9.3 Classes can only be rescheduled within the duration of the competition. Any classes rescheduled outside of the given licence duration must be sanctioned as a new event.
- 9.4 A Competition receiving written confirmation from a competitor of cancellation of their entry before the closing date will refund the competitor 100% of class fees paid, except the administration fee set by the Competition and applicable stall reservations as identified in the prize list, which may be retained by the Competition Manager/Organizer. Fees collected on behalf of other organizations or entities (including but not limited to: drug fees and discipline levies) must be returned to competitors.
- 9.5 Each prize list must contain the cancellation and refund policy of the organizers. Fees collected on behalf of other organizations or entities (including but not limited to: drug fees and discipline levies) must be returned to competitors in the case of Competition cancellation.
- 9.6 Competition Managers/Organizers must refund any entry fees, stabling and administration fees exempted, paid in advance by a competitor for any horse(s) that is subsequently named to the official Canadian Equestrian Team (CET), as CET participation will prevent the horse for competing in that Competition.
- 9.7 Refunds may be offered in the form of a credit towards entry at a future Competition operated by the same OC on a dollar-for-dollar basis, if acceptable to the competitor.

Extreme Conditions

Heat/Cold

For recommendations on how to proceed under extreme temperature conditions, please see EC’s Guidelines for Equine Competition and Training During Extreme Environmental Conditions.

Humidity

EC uses the Wet Bulb Globe Temperature (WBGT) index to assess the risk of heat stress.

Organizers are required to cancel or reschedule when the relative humidity is high, and the WBGT index is >33. EC sanctioning will be revoked for events that run during conditions of WBGT index of >33.

For information on understanding WBGT and humidity please see EC’s Guidelines for Equine Competition and Training During Extreme Environmental Conditions.

Storms

Organizers must pause or cancel in the event of dangerous weather such as, but not limited to, thunderstorms or tornadoes.

Poor Air Quality

EC uses the Air Quality Health Index (AQHI) provided by [Environment and Climate Change Canada's Air Quality](#) Index for human activity to assess the risk to participating in EC events for horses and athletes.

Organizers are required to cancel or reschedule when the AQHI is at Very High (>10). EC sanctioning will be revoked for events that run during conditions of Very High AQHI.

For information on understanding Air Quality Health please see EC's Guidelines for Equine Competition and Training During Extreme Environmental Conditions.

APPENDIX 3: HUNTER/JUMPER COMPETITION ADMINISTRATION

Gold Hunter/Jumper Date Reservation

Competitions that offer the Gold rating with prize money of \$0 to \$3,000 are exempt from the Gold date approval process.

A Gold hunter/jumper Competition is limited to seven (7) competition days. If a Competition would like to extend past the allotted seven (7) days, an exemption can be applied for and will only be considered providing each division is only offered once during the duration of the Competition.

Conflicting FEI events within the country will be reviewed on a case by case basis. An FEI only event running on the same date as a Gold competition will not be considered to be in conflict. Priority will be given to the event with significance to athlete qualification or the higher star level.

ISO Calendar Weeks: EC uses the International Organization for Standardization (ISO) leap week calendar system to allocate sanctioning dates. Weeks start with Monday.

Exclusivity Policy

A limited number of Competitions in each province/territory will be approved to run on exclusive dates at the discretion of EC.

Events that will be considered for exclusivity include:

- Canadian National Championships
- Canadian Regional Championships
- Events with significance to athlete development/qualification as determined by the Jumping Department
- Platinum events with a 4* or 5* rating

The request for consideration of exclusivity must be noted on the date request form at the time of submission. Late requests will not be accepted.

APPENDIX 4: DRESSAGE COMPETITION ADMINISTRATION

ISO Calendar Weeks: EC uses the International Organization for Standardization (ISO) leap week calendar system to allocate sanctioning dates and determine exclusivity. Weeks start with Monday.

Exclusivity Policy

A limited number of Competitions in each province/territory will be approved to run on exclusive dates at the discretion of EC. An organizing committee may not hold more than 2 exclusive dates per year. The exclusive date must be on the same week in order to retain exclusive rights.

The following criteria will be used by EC to determine whether a Competition qualifies for exclusivity:

- One (1) day Competitions are not eligible for exclusive dates in any province/territory;
- Competitions may qualify for exclusivity if they reach the required Tier 1 minimum number of horses in the preceding year on the same date;
- The quota requirements and criteria for Tier 1 status will be reconsidered when necessary in order to remain current and relevant; and,
- Exclusivity of a Tier 1 Competition is province/territory specific.

Tier 1:

Tier 1 Number of Horses:

In order to be eligible for Tier 1 exclusivity, a Competition must meet or exceed the following minimum number of horses, as demonstrated by their prior year Dressage Levy payments:

<i>British Columbia</i>	<i>50 horses</i>	<i>Alberta</i>	<i>50 horses</i>
<i>Ontario</i>	<i>70 horses,</i>		
<i>Quebec</i>	<i>50 horses,</i>		

The number of horses entered will be considered the total entries from the Competition.

It is considered that the other provinces/territories in Canada would not currently benefit from an exclusivity threshold and therefore none will apply.

During a Major Games year, if a Competition has a blackout period and an exclusive date falls within that period, the Competition will be granted their exclusive date the following year.

Date Resolution Process (for Tier 1 Competitions)

If there are date conflicts or other issues related to sanctioning, meetings may be called between OCs and applicants may be asked to participate in conflict resolution efforts.

The following general policies are currently in place and will be used by EC to render judgment:

With the understanding that there are no outstanding issues or non-compliance from any previous year, a Competition will be granted its exclusive date in the subsequent year.

- Gold Competitions having the same exclusive date but in different provinces will not be in conflict.
- Platinum Competitions having the same exclusive date but in different regions will not be in conflict.
- Two (2) Competitions may operate on the same date, provided both Competitions have no outstanding issues and that the parties having exclusive dates agree to this arrangement.

In the event that a Competition Manager/Organizer or member of an OC is found to be subject to any reason for losing or withholding sanctioning, EC retains the right to either remove the exclusivity of the application or, depending on the severity, withhold sanctioning completely or impose conditions on the approval. A Competition having lost its right to exclusivity in one year may regain the right in subsequent years.

New Competitions

New Competitions may apply for any vacant date or any date not held under the exclusivity policy.

EC Gold Dressage Championships (Provincial/Territorial, Regional)

To apply for a Gold Dressage Championship (Provincial/Territorial, Regional), the OC and/or the Competition Manager/Organizer must have recent experience (within two (2) years of application date) with running a successful Gold dressage competition.

EC Gold Dressage Championships (Provincial/Territorial, Regional) should be held on separate weekends and should not be held on consecutive days or on the same days as another EC Gold Dressage Championship; however, an EC Gold Dressage Championship (Provincial/Territorial, Regional) may be held in conjunction with an EC Platinum or Gold Competition. Where possible, EC Gold Dressage Championships (Provincial/Territorial, Regional) should be standalone competitions.

The panels for EC Gold Dressage Championships (Provincial/Territorial, Regional), should not be identical. Panels from year to year should not be identical.

EC designates the use of the term National Championship.

Platinum Competitions

EC Platinum dressage Competitions should be at minimum 10 days (from the final day of competition) apart when in the same region, as defined below. For the definition of regions see the EC Rules, Section E: Dressage, Article E 7.23, also defined below. If they are less than 10 days apart, both OCs should sign off before date approvals are granted.

Regions

Pacific: British Columbia and the Yukon

West: Alberta, Manitoba, Saskatchewan, the Northwest Territories and

Nunavut East: Ontario and Quebec

Atlantic: New Brunswick, Nova Scotia, Prince Edward Island and Newfoundland and Labrador

Any calendar conflicts for EC Platinum dressage Competitions will be addressed by the committee using the guidelines outlined in the Date Resolution Process (for Tier 1 Competitions) above.

First time Platinum Competition Managers/Organizers will be approved for the CDI 1* level with future applications being approved at the CDI 2* and then CDI 3* level.
