THE EQUESTRIAN CANADA RULEBOOK

Knowledge of the rules of any sport is required of each participant, and the competitor at an EC-sanctioned competition must accept this responsibility. Both a complete knowledge of and compliance with the rules are essential, and all participants must be fully cognizant of all rules as well as particular class specifications in the discipline/breed sport in which they compete.

It is not possible to provide for every conceivable eventuality in these rules. If there is no rule to deal specifically with a particular circumstance, or if the nearest interpretation of the pertinent rule would result in an obvious injustice, it is the duty of those responsible to make a decision based on common sense and fair play, thus reflecting as closely as possible the intention of the rules and regulations of Equestrian Canada.

Organization of the Rulebook

The EC Rulebook is divided into multiple sections, grouped by disciplines and breed sports. Section A covers general regulations that apply to all EC members, competitors, officials, owners, equines, organizers and persons responsible unless superseded in other sections of the Rulebook.

Evergreen Rules Process

The Equestrian Canada rulebooks are updated annually, effective January 1st. The official rulebook will be as published on the EC website and may be amended as follows.

Amendment of the Rules

It is the right of every sport licence holder of Equestrian Canada to propose amendments to the rules, subject to the current policies, procedures and schedules.

The deadline for Rule Change Suggestions (RCS) shall be May 31 each year in accordance with the procedures outlined on the EC Rule Change page. Suggestions will be reviewed by the appropriate discipline/breed sport EC committees who will consider all suggestions and put forward those they recommend as Rule Change Proposals (RCPs). RCPs will be posted on the EC website to allow for a 30-day review period. The EC committees will consider all comments and make any necessary revisions. Rule changes will be posted on the EC website in December to be effective January 1 the following year.

The amendment process will be strictly followed. Extraordinary rule amendments will be permitted only for FEI rule changes, safety, monetary, clarification, ethical and equine welfare reasons at the discretion of the National Rules Committee using the following protocol. Extraordinary rule amendments will be effective when published by EC on its official website. FEI Rules, applicable to EC-sanctioned competitions, are effective upon publication by the FEI.

Extraordinary Amendment Process

1. **Proposal** – An Extraordinary Rule Amendment (ERA) is composed by the EC discipline/breed committee, EC staff or National Rules Committee (NRC) with supporting rationale.
2. **Authorization** – The applicable discipline or breed committee must authorize each ERA, note it in their minutes and forward it to the NRC.
3. **Approval** – The NRC is responsible for confirming the ERA criteria (FEI rule change, safety, monetary, clarification, ethical or equine welfare) have been satisfied
4. **Posting** – EC will translate and post the amendment and show changes to both change visible and clean copy online Rulebooks. The amendments display the date of the NRC approval for consistency.
5. **Effective** – An ERA is effective when published on the EC website. The file reference shall retain the original approval date.

Interpretation of the Rules

Please read all cross-references carefully and refer to the EC website for rule changes and/or clarifications. Should the English and French versions differ, the English version shall prevail. In the case of conflict between General Regulations and the regulations of the disciplines/breed sports, the discipline/breed sport rules will prevail.

CHAPTER 1 SPORT SAFETY

ARTICLE A101 ACCIDENTS & RETURN TO SPORT

1. This rule is applicable to all competitors (including foreign) at EC sanctioned events and applies to falls/accidents that occur at the event location.
2. Examination After a Fall: All competitors that have had a fall during training/warm up on the Competition site or in the Competition Arena/Field of Play must be assessed by qualified medical personnel onsite before they either take part in another test or competition. Competitors must not re-mount their horse until this assessment has been completed. The competitor is solely responsible for ensuring the onsite medical assessment takes place by the onsite qualified medical personnel.
3. In the event of a fall/accident where a concussion can be reasonably suspected, (not limited to a direct blow to the head or loss of consciousness), the competitor must receive medical clearance by qualified medical personnel onsite, through the EC Accident Injury Report Form before continuing. The competitor is solely responsible for ensuring the onsite medical assessment takes place by the onsite qualified medical personnel. If the competitor refuses to be evaluated, he/she is disqualified from the event.
4. If the qualified medical personnel suspects a concussion (regardless of symptoms displayed), or believes that the competitor may be at risk of concussion due to the nature of the fall or impact, the competitor is suspended from competition until medically released, as outlined in paragraph 6 below.
5. In the case of the preceding paragraphs, an EC Accident/Injury Report Form must be completed by either the attending Steward, Technical Delegate or the attending qualified medical personnel onsite and submitted to EC within 24 hours of the occurrence. It is the Steward's / Technical Delegate's responsibility to ensure forms are complete and submitted on time.
6. Any competitor suspended from competing further at the event on the basis of any of the preceding paragraphs will be placed on a medical suspension list, managed by EC, until medically released as in the process described in paragraph 7.
7. In the event a competitor is determined ineligible to compete per one of the above conditions, the competitor must submit the EC Return to Sport Form to EC, completed by a licensed physician/nurse practitioner. The EC Return to Sport Form will be processed by EC within two business days, at which point the competitor will be removed from the EC Medical Suspension list and may return to regular competition. If the competitor wishes to compete after being medically released by a physician but before the EC processing period of the form, the competitor must also submit a copy of the EC Return to Sport Form to the show secretary. In this case the competitor is competing at their own risk and may be pursuant to fines and penalties if the form is found to be incomplete in any way.
8. No competitor shall compete in an EC sanctioned event while on the EC Medical Suspension List. It is the responsibility of the competitor to refrain from competition and the competition organizer may refuse entry to anyone currently on the EC Medical Suspension List.
9. These rules also apply to EC sanctioned competitors competing in FEI and USEF competitions.

ii) coat or otherwise cover, or partially cover the bit.

The prohibition excludes the use of products permitted in the FEI Tack App (available for public download: <https://inside.fei.org/fei/your-role/it-services/mobile-apps/fei-tack-app>) and the provision of permitted natural treats given in moderation. Contravening this rule will entail an EC Yellow Warning Card and elimination.

- e) The officiating steward, judge technical delegate, president of ground jury or appointed competition veterinarian has the authority to remove a horse from the event for a period of up to 24 hours, if in their reasonable opinion the horse is unfit to compete, is in a situation of horse overuse or other, as defined in the Horse Welfare Code of Conduct, or where, in their reasonable opinion, there is a safety concern regarding the horse. Officials will issue a Recorded Warning. The official's decision is final and cannot be appealed or protested.

In the case of a horse collapsing while mounted or unmounted anywhere on the competition grounds, the horse will be prohibited from competition for 72 hours beginning at the time of the collapse.

A horse is considered to have collapsed (not fallen) when both the hind quarter and shoulder touch the ground simultaneously or separately for no

apparent reason. Refer to the Glossary for the definition of a Fall, which will be governed by the specific breed and/or discipline rules.

Exception: Upon being examined and cleared for competition by the official horse show veterinarian, a horse/pony that has collapsed will be permitted to return to competition after 24 hours have passed from the time the collapse occurred.

- f) The officiating steward, judge, or technical delegate must investigate any information or complaints regarding cruelty, abuse, or inhumane treatment of horses and these officials may thereafter act with the following authority: a) the official may issue a Yellow Warning Card; or b) the official may fine the offender; or c) the official may disqualify the offender from further participation in the competition. In all cases, the official will submit a Steward Report of Abuse.

Cruelty can be defined as causing pain or unnecessary discomfort to a horse. As examples, an act of cruelty can be but is not limited to any of the following:

- a) nosebands used in such a way that they interfere with the horse's breathing, or be tight enough to cause pain or discomfort.

Effective January 1, 2026 Art. 1044.8 of the FEI Veterinary Regulations applies in relation to the permitted tightness of the noseband **at all national competitions.**

- b) excessively whipping or beating a horse;
c) subjecting a horse to any kind of electric shock device;
d) excessively or persistently using spurs or jabbing a horse in the mouth with the bit;
e) riding/driving/lunging an obviously exhausted, lame or injured horse;
f) excessive lunging or abusive use of equipment to the detriment of the horse;
g) rapping a horse at the event location (see Glossary for definition of "Rapping");
h) hyper sensitizing any part of a horse;
i) neglect by:
i) leaving a horse without adequate food, drink and exercise; or
ii) failing to safely and securely tie or contain a horse while at the event location;
j) using shackles or chains (not to be confused with rubber or elastic exercising devices);
k) competing with a horse with raw or bleeding sores, or evidence of other blood on the horse (with the exception of insect bites or other environmental causes);
l) using an explosive (i.e. firecracker, fire extinguisher except in the case of fire) or using fire such as lighters, matches, etc.; or
m) ignoring adverse medication reactions that compromise the horse's welfare (including but not limited to staggering and falling down) is considered abuse. Such reactions must be reported immediately to the steward or organizing committee, and may be subject to equine medication control. A horse exhibiting adverse reactions to medication must be withdrawn for a minimum of 24 hours. In order to resume competing, the horse must receive a veterinary examination which finds no clinical abnormalities that would preclude return to competition in order to resume competing.
n) Any horse that receives shockwave therapy is not eligible to compete for

~~96 hours. Shockwave therapy can only be administered on competition grounds by a veterinarian* and a Shockwave form must be filled out, signed and given to an officiating Steward or to the Competition Organizer. The penalty for competing within 96 hours is immediate suspension of the horse from that competition, return of all awards received and a yellow card.~~

~~A report of alleged abuse must be completed and submitted to the EC officials on-site and to the Organizing Committee and forwarded to Equestrian Canada with the official's reports. For Eventing, Driving and Hunter/Jumper competitions refer to discipline rules.~~

- ~~3.6. The officiating steward, judge technical delegate, president of ground jury or appointed competition veterinarian has the authority to remove a horse from the event for a period of up to 24 hours, if in their reasonable opinion the horse is unfit to compete, or where, in their reasonable opinion, there is a safety concern regarding the horse. The official's decision is final and cannot be appealed.~~
 - ~~5. The officiating steward, judge, or technical delegate must investigate any information or complaints regarding cruelty, abuse, or inhumane treatment of horses and these officials may thereafter act with the following authority: a) the official may issue a Yellow Warning Card; or b) the official may fine the offender; or c) the official may disqualify the offender from further participation in the competition.~~
- ~~For Eventing, Driving and Hunter/Jumper competitions refer to discipline rules.~~
- ~~6. Information regarding or reports of cruelty, abuse or inhumane treatment of horses will be compiled by the officiating steward, judge or technical delegate and are to contain, at a minimum, the following information:
 - ~~a) date and time of the alleged abuse;~~
 - ~~b) EC competition name and number;~~
 - ~~c) name of alleged offender and sport licence number;~~
 - ~~d) name, horse recording/passport number or photo of the horse as applicable;~~
 - ~~e) a description of the incident and the nature of the alleged abuse;~~
 - ~~f) signature of the steward, judge or technical delegate;~~
 - ~~g) witness information including *Eye Witness Report* form; and~~
 - ~~h) veterinary information and report, if available.~~~~

~~Copies of these reports must be attached to the Steward's Report and forwarded to the organizing committee and Equestrian Canada.~~

ARTICLE A518 ELIMINATION AND DISQUALIFICATION

1. The organizing committee, without waiting for a protest to be made, may eliminate a competitor who has made an improper entry of a horse, rider or driver. See Glossary for definition of "Elimination".
2. If at any EC-sanctioned competition, there appears to be a violation of the EC rules by a competitor which, in the judgment of the majority of the members of the organizing committee requires immediate action, the organizing committee shall investigate the alleged rule violation immediately. After hearing from the person affected, the organizing committee may eliminate or disqualify such person or persons from further participation in the competition. Anyone eliminated or disqualified from a competition is considered not in good standing at that competition. All organizing committee decisions must be immediately reported in writing to Equestrian Canada for possible further action.

Exception: A violation described in Article A517 shall be resolved only as set

out in that Article. For Eventing exceptions see D116; for Driving exceptions see C201 and C-FEI Code of Conduct for Welfare of the Horse.

3. Persistent acts of discourtesy or disobedience, as reasonably determined by the organizing committee, may also result in elimination or disqualification from the competition.
4. If an entry is eliminated or disqualified, it is not to be placed, regardless of the number of entries in the class, but it does count as an entry in the class.
5. In cases where, through post-competition results validation or review, it is determined that a competitor has participated in violation of EC rules governing eligibility, cross-entry restrictions, or other similar participation criteria, the competitor's result in the affected class(es) will be marked as Disqualified (DQ). The class will be re-placed accordingly, with all eligible competitors moving up in the standings. These decisions will be made in accordance with applicable rules and in consultation with the competition, and may occur regardless of whether the violation was identified during or after the competition.
- 4.6. Where results validation identifies administrative violations—such as lapsed or missing memberships, incorrect sport licence levels for athlete or owner, or inactive horse recordings—the competitor will not be disqualified from the class. The result will remain on record and the class will not be re-placed. However, the entry will be flagged with an administrative error, any National Rankings points earned in that class will be forfeited, and the competitor will be subject to a fine as outlined in the EC Schedule of Fines and Penalties. These measures are applied to uphold the integrity of EC's competition records and membership compliance.

ARTICLE A519 VACCINATIONS

All horses attending Equestrian Canada sanctioned competitions must have been administered Equine Influenza and Equine Herpes Virus (1&4) vaccinations within 6 months (+21 days grace period) before arrival at the event. No horse shall receive vaccination within 7 days prior to arrival at the event. Horses not in compliance with this rule may be asked to leave the event site at the discretion of Competition Management.

The frequency of vaccine administration should be as recommended by the vaccine manufacturer or veterinarian. It is recommended that vaccines be administered by or under the direction of a veterinarian. Competition management may request supporting documentation confirming a horse's compliance with mandatory vaccination requirements.

In the case of a horse that is unable to receive either of the vaccines, a letter from a veterinarian on official letterhead must be provided with the entry form, stating the horse cannot be vaccinated due to medical concerns. At the discretion of competition management, a log of the horse's temperature prior to arrival at the event site or during the event can be requested.

ARTICLE A520 PERMITTED SUPPORTIVE THERAPIES

1. Permitted Supportive Therapies include:
 - a. static magnetic equipment/ionic boots (e.g. magnetic rugs, magnetic leg and neck wraps);

2. Supportive Therapies may be carried out by PRs, additional PRs and/or Support Personnel. PRs, additional PRs and/or Support Personnel must only carry out Supportive Therapies on the horse(s) they are directly responsible for.
 3. The carrying out of Supportive Therapies and associated equipment are subject to routine checks by the Competition Veterinarian, Stewards and other EC Officials.
 4. The use of PEMF machines is only permitted if their electromagnetic field is below 0.1 Tesla (1000 Gauss).
 5. Cooling with ice and water is not permitted if the temperature is below 0°C.
 6. Cooling with machines and other cooling equipment is only permitted if the devices can be locked so the temperature does not fall below 0°C.
 7. It is not permitted to insert ice or cold water into the horse's rectum.
 8. Kinesiology taping is only permitted in the stabling area. Its use outside the stabling area is prohibited.
 9. Supportive Therapies may be carried out in the Horse's stable.

ARTICLE A521 BIOSECURITY

In the case of a biosecurity concern regarding a horse, the organizing committee, in consultation with the competition veterinarian or veterinarian on call, and EC officials has the authority to immediately impose biosecurity measures, remove a horse from the event, order that a horse be quarantined, cancel the competition, and/or to cause competitors to be notified of a possible exposure if, in their reasonable opinion, biosecurity measures warrant.

Examples of a biosecurity concern may include but is not limited to;

- a. competing with a horse which has had recent exposure to one or more of the following equine diseases, or where there is reasonable cause to believe the horse is showing signs or symptoms of one or more of the following ("Reportable Disease"):
 - nEHV-1
 - Strangles
 - Equine Influenza
- b. failing to report to the show office or horse show veterinarian any horse on the competition grounds that has a fever over 38.8° C (102° F) or which displays any of the signs or symptoms of a Reportable Disease, whether that horse is competing or not.

CHAPTER 10

EQUINE MEDICATION CONTROL

ARTICLE A1001 INTRODUCTION

1. The rules to control equine medications as set out herein are intended to guarantee fairness to all participants in events recognized and sanctioned by EC, to ensure the welfare of horses and to maintain public confidence in the fairness of EC-sanctioned competitions.
2. EC sport licence holders competing in other countries should be aware that equine medication control rules in other jurisdictions may differ significantly from the equine medication rules in this chapter. These Equine Medication Rules are unique to Canada and will apply to all competitions in Canada sanctioned by EC.
3. Veterinarians retained by Persons Responsible are advised to consult these equine medication control rules and the Schedule of Drugs available from the Canadian Pari-Mutuel Agency (Agriculture and Agri-Food Canada) for guidance on the administration of medication and drugs to horses competing at EC-sanctioned competitions. The elimination guidelines set out in the Schedule of Drugs may not apply to compounded products. In addition, take note of all warnings and explanatory notes contained in the Schedule of Drugs.
 - a) Where determined relevant, the EMCC may reference the time listed in the FEI's List of Detection Times in place of the time listed in the CPMA's Elimination Guidelines. This will be noted in EC's Equine Medication Control Guide.
4. For the purposes of Chapter 10 Equine Medication Control the following words have the following meaning:
 - a) "drug" means any substance as defined in the Canadian Pari-Mutual Agency (CPMA) Schedule of Drugs; <https://laws-lois.justice.gc.ca/eng/regulations/SOR-91-365/page-16.html>;
 - b) "horse" includes horse, pony, mule and donkey;
 - c) "official chemist" means a chemist who is designated by EC;
 - d) "official laboratory" means a federally approved laboratory that is designated by EC;
 - e) "official sample" means a sample of blood, urine or other bodily substance that is collected from a horse and sent to the official laboratory.
 - f) "person(s) responsible (PR)" see Glossary.
 - g) "hearing panel (Panel)" a panel formed by EC consisting of three qualified persons who will conduct the hearing.
 - h) "witness" An individual who witnesses the collection process and/or an individual who attends a hearing on behalf of a party to the hearing.

ARTICLE A1002 ENFORCEMENT

1. The equine medication control rules will be enforced by the Equestrian Canada Equine Medication Control Committee or its designate.
2. In case of dispute over the interpretation of these equine medication control rules not involving a hearing or an appeal, the decision of the Chair of the Equestrian Canada Equine Medication Committee shall be final.

ARTICLE A1003 PERMITTED MEDICATIONS

Permitted Medications may be present in a horse during an EC-sanctioned competition, except Endurance competitions (refer to A1003.4).

1. Permitted medications are the following:
 - a) non-steroidal anti-inflammatory drugs (NSAIDs) approved for use in Canada for horses: firocoxib, flunixin meglumine, ketoprofen, phenylbutazone or acetylsalicylic acid, subject to the restrictions below.
 - b) pergolide;

 - j) IV rehydration fluids; within the guidelines of the Prohibited Practice
 - k) Vitamins

Prohibited Practice

The administration of any medication or substance by injection to a horse (including NSAIDs) is not permitted before competition on the day in which the horse competes, other than IV rehydration fluids and antimicrobials (exception: procaine penicillin G is prohibited) administered by a licensed veterinarian more than 6 hours prior to the start time of the class.

Note: The elimination guidelines published for the EC Medication Control program still apply. Both the elimination guidelines and prohibited practices described above must be adhered to.

2. Only one non-steroidal anti-inflammatory drug may be administered. If more than one non-steroidal anti-inflammatory drug is found in any sample, the test will be deemed positive. Samples found to contain a permitted medication may be subjected to quantitative testing.
 - a) In case of a medical emergency requiring the administration of a different NSAID (e.g. flunixin for colic), an Emergency Medication Report Form must be filled out and submitted in accordance with the form's directives (Article A1005).
3. Restrictions relating to permitted medication concentrations are as follows:
 - a) the maximum permissible plasma or serum concentration of flunixin is 1.0 microgram per milliliter;
 - b) the maximum permissible plasma or serum concentration of phenylbutazone is 15.0 micrograms per milliliter;
 - c) the maximum permissible plasma or serum concentration of ketoprofen is 0.25 microgram per milliliter; and

4. Endurance horses may only compete with the permitted medications listed in sub-paragraphs B through K in section A, Chapter 10 – Article 1003 Permitted Medications. Endurance horses may not compete with non-steroidal anti-inflammatory drugs (NSAIDs).

~~NOTE: The use of pergolide has been approved by the EC National Rules Committee on a two-year trial basis from January 1, 2024, through until December 31, 2025. Data collected during the trial period will be used to guide recommendations on a permanent ruling regarding use of this medication in competition.~~

Prohibited Practice for Endurance:

The administration of any medication or substance by injection, including intravenous (IV) and naso-gastric fluids, is not permitted within 12 hours before the start of the endurance ride, or between any phases of the competition. Intravenous (IV) administration may only be performed by a licensed veterinarian.

ARTICLE A1004 DRUGS

1. A “drug” means any substance as defined in the Canadian Pari-Mutual Agency (CPMA) Schedule of Drugs;
<https://laws-lois.justice.gc.ca/eng/regulations/SOR-91-365/page-16.html>.
2. Persons Responsible, veterinarians, owners, trainers and riders are cautioned against the use of medicinal preparations, tonics, pastes, feeds, supplements, nutraceuticals or herbal products of any kind, the ingredients and quantitative analysis of which are not specifically known, as they may contain a drug, the use of which in competition is not permitted.

ARTICLE A1005 EMERGENCY VETERINARY TREATMENT

1. The purpose of this article on emergency therapeutic veterinary treatment is to allow the Person(s) responsible to self-disclose to Equestrian Canada, in advance of competing, that a horse, because of acute illness or injury, required immediate treatment with a prohibited drug which may not have cleared in time for competition. Continuing the horse in competition must not be detrimental to the overall welfare of the horse nor accelerate the disease process and horses must not compete for 24 hours following treatment. To prevent abuse of emergency therapeutic treatment, equine medication control may be specifically targeted at horses mentioned in any Emergency Medication Report.
 - a) By exception to the time listed in Article A1005.1, and EC General Regulations, Section A, Chapter 10 Article 1005.3 (b), a horse that has been treated with a single dose of injectable dexamethasone (intravenous (IV) or intramuscular (IM) only), up to a maximum of 10mg, administered by a licensed veterinarian for an acute allergic reaction such as hives/urticaria or asthma, must be withdrawn from competition for a minimum of 12 hours following administration. An emergency medication report form must be completed and given to the steward. Permitted ONCE per competition. Subsequent administration of dexamethasone requires 24 hour withdrawal.
 - b) By exception to the time listed in Article A1005.1, and EC General Regulations, Section A, Chapter 10 Article 1005.3 (b), a horse that has been treated with salbutamol and/or fluticasone and/or ciclesonide administered as per veterinary prescription, by metered-dose inhaler for

acute respiratory ailment, may continue to compete, and is not required to observe a withdrawal from competition. An emergency medication report form must be completed and given to the competition steward.

Subsequent administrations do not require the resubmission of an emergency medication report form.

This exception does not apply in the sport of Endurance.

2. The filing of an *Emergency Medication Report* is not an automatic defense to any subsequent certificate of positive analysis and/or an allegation by the Equestrian Canada Equine Medication Control Committee or its designate that there has been a violation of the equine medication rules. If the equine medication control result from an official sample collected from a horse treated as indicated on the Emergency Medication Report shows the presence of a drug, the Equestrian Canada Equine Medication Control Committee or its designate will fully investigate the matter and will review the nature of the alleged acute illness or injury, any relevant earlier filed Emergency Medication Reports, the therapeutic treatment administered and the drug detected in the official sample. In its sole discretion the Equestrian Canada Medication Control Committee may decide to take no further action, issue a warning or hold a hearing to determine if an Equine Medication Rule was violated. If a hearing is conducted, the information contained in the Emergency Medication Report and the veterinarian's medical records together with any other relevant information will be considered to determine whether there has been a violation of the equine medication rules.
3. A horse exhibiting at an EC-sanctioned competition that receives any drug other than as listed in A1003 is not eligible for competition and will be found in violation of the equine medication rules unless the Person(s) responsible can demonstrate that the following requirements in connection with an *Emergency Medication Report* have been fully satisfied:
 - a) the drug administered must be therapeutic and necessary for the treatment of an acute illness or injury. Administration of a drug for such purposes as shipping or clipping or for elective procedures such as dentistry is not considered acute or therapeutic;
 - b) the horse must in every instance be withdrawn from competition for a period of not less than 24 hours after the last administration of a drug; and
 - c) the drug must be administered by a licensed veterinarian.
4. At all levels of EC-sanctioned competitions the Person(s) responsible must use the current version of the EC *Emergency Medication Report* form. The EC *Emergency Medication Report* form must be signed by the licensed veterinarian responsible for treating the horse and filed with the steward prior to the horse's competition commencing and;
 - a) within one hour after administration of the drug or medication; or
 - b) within one hour after the steward returns to duty (if the drug or medication is administered at a time other than during competition hours); or
 - c) within one hour after arrival on the grounds (if the administration of the drug or medication is at a time before arrival on the grounds).
5. The following facts must be furnished in the Emergency Medication Report:
 - a) horse's name, age, gender, colour, weight, whether it is a horse or pony, horse recording number and entry numbers;
 - b) name of Person(s) responsible who signed the entry form and owner's name;

- c) product and generic name of the drug, amount administered, route of administration (oral, intravenous, topical, intramuscular, subcutaneous, inhalation) date(s) of administration, time of last administration;
 - d) detailed diagnosis and reason for administration; and
 - e) name (printed) and signature of veterinarian administering the drug, as well as a phone number and email address, or the Online Emergency Equine Medication Veterinary Declaration must be submitted by the veterinarian.
6. The Steward will:
- a) record the date and time of receipt on the Emergency Medication Report;
 - b) note the name, location and dates of the show on the Emergency Medication Report;
 - c) note whether the horse continued to compete or was withdrawn from the competition;
 - d) sign the Emergency Medication Report (name also to be printed)
 - e) add any comments, in writing; and
 - f) retain one copy and forward the Emergency Medication Report to the Equestrian Canada Equine Medication Committee (c/o Equestrian Canada) no later than 14 days after the conclusion of the event or competition.
7. The official Emergency Medication Report Form is available from the officiating Steward at the competition. The form is also available on the EC web site and may be downloaded.
8. All required information must be included when filing the *Emergency Medication Report*. Failure to strictly comply with the provisions of this Article may result in a violation of the equine medication rules. The Steward must report violations of this Article to EC for such further action as may be deemed appropriate.

ARTICLE A1006 EXAMINATION, SAMPLE COLLECTION AND TESTING

1. To ensure that horses competing in EC-sanctioned competitions are not in breach of the equine medication control rules, the Chair of the Equestrian Canada Equine Medication Control Committee or its designate in each province or the Chair's delegate shall appoint an Equine Medication Control Technician (EMCT) to obtain official samples of urine from selected horses. The Chair, the Chair's delegate for an Equestrian Canada official officiating at the competition may also appoint a licensed veterinarian to examine horses participating at EC-sanctioned competitions. This veterinarian's examination may include a physical examination, the collection of official samples or any other test or procedure
2. On the recommendation of the chair or the chair's delegate or an EC official officiating at the competition, the technician or the licensed veterinarian may select for sample collection and testing any horse entered in any class at an EC-sanctioned competition, including any horse withdrawn by a competitor within 24 hours prior to a class for which it had been entered, while the horse is on the competition grounds. This selection may include a horse that experiences any adverse drug reaction (see 517.3).
3. The targeted or random selection of competitions for equine medication control shall be made prior to the competition by the Equestrian Canada Equine Medication Control Committee or it's designate. The targeted or random

selection of classes and horses for equine medication control shall be made at the competition by the Equine Medication Control Technician. In addition, horses may be specifically selected for targeted testing at a competition at the discretion of the Chair, the Chair's delegate or an Equestrian Canada official officiating at the competition so long as any such targeted testing of a horse at a competition is not used for any purpose other than legitimate equine medication control. Horses on competition grounds which stagger, collapse, die **or are euthanized** at the site of, or during competition, **where possible, are required** to undergo medication control.

4. When a horse is selected to undergo sample collection and equine medication control, the competitor or groom or the person responsible shall be notified by the technician and/or licensed veterinarian that the horse has been selected for testing. The competitor and/or the Person(s) responsible shall accompany or select a representative (i.e. groom) to accompany the horse to the official sample collection area

The Person(s) responsible, competitor or the representative, must witness the collection of the official sample, witness the sealing of the official sample container and sign all the documentation provided by the EMCT and/or licensed veterinarian.

The Person(s) responsible, competitor or the representative, must witness the collection of the official sample, witness the sealing of the official sample container and sign all the documentation provided by the technician and/or licensed veterinarian.

When the competitor is a Junior, the competitor cannot be the witness. However, the witness may be a parent/guardian who is not an EC or USEF member. In every case, the witness must be an Adult who is at least 18 years old as of January 1 of the current calendar year. If the person(s) responsible, the competitor or a representative, fails or refuses to witness the sample collection, this shall constitute a waiver of any objection to the identification of any horse tested and the manner in which the official sample was collected, sealed and shipped to the official laboratory.

5. Once the selected horse is at the designated medication control sample collection area and available for sample collection, the horse and witness will be required to remain at the designated location for up to 30 minutes to collect a urine and/or blood sample.
 - a) The Equine Medication Control Technician will confirm with the witness when the sample collection time has started.
 - b) If no urine sample is obtained by the end of 30 minutes, a blood sample must be obtained by a licensed veterinarian present on the competition grounds.
 - i. By exception, if no licensed veterinarian is available the horse can be excused.
 - c) Available for sample collection means; untacked, in the medication control sample collection area that is free from food sources, and requires no other intervention(s) from the rider, groom, trainer, etc. (cooling blankets, lengthy cool out, bathed, bandages, etc.)
6. Failure to submit a selected horse for examination, sample collection and drug testing or failure to cooperate with the Equestrian Canada Equine Medication Control Committee or its designate or their appointed representatives shall itself constitute a violation of the equine medication rules and may make the Person(s)

responsible subject to the penalties under Chapter 12 - General Dispute Resolution and Protests at EC-sanctioned Competitions. This will be determined at a hearing conducted for this purpose.

- a) Cooperation includes polite attitude and actions towards the Equine Medication Control Technician and/or the Veterinarian.
 - b) Once notified of selection, there must not be excessive delay to making the horse available for testing.
7. The official sample testing and analysis shall be governed by procedures approved by Agriculture and Agri-Food Canada. Any and all tests and analysis, whether general screening, quantitative or qualitative, that are deemed appropriate by the official chemist may be performed on urine samples collected by a technician and/or blood samples collected by a licensed veterinarian. The testing and analysis of all official samples must be carried out by an official laboratory.
8. On completion of the testing and analysis of an official sample, an official chemist shall classify the official sample as positive and issue a certificate of positive analysis if he or she has determined that:
- a) with respect to a drug set out in Part 1 of the Drug Classification Scheme, the drug is present in the official sample;
 - b) with respect to a drug set out in Part 2 of the Drug Classification Scheme, the drug is present in the official sample in a concentration that exceeds the quantitative limit set out for the drug in that part.

ARTICLE A1007 EQUINE MEDICATION CONTROL FACILITIES – COMPETITION RESPONSIBILITY

Each EC-sanctioned competition must provide, to the satisfaction of the Chair or the Chair's designate of the Equestrian Canada Equine Medication Control Committee or its designate, suitable facilities (e.g. stall) designated and used for the purpose of examinations and official sample collection procedures. Failure to provide suitable facilities, or excessive delay, may result in disciplinary action against the competition manager and/or the competition, as listed in the *Schedule of Fines and Penalties*.

- a) Suitable Facilities include, but are not limited to; a stall (preferably), in a lower traffic location within reasonable proximity to the field of play. The facility is to be clean (cleared of old bedding and debris), safe (working latches, no popped nails/screws, loose or broken boards, etc.) and an appropriate amount of bedding (shavings or straw) that is encouraging of urination.
- b) Facilities are to be ready before the start of competition so as to not delay the Equine Medication Control process.

ARTICLE A1008 DRUG TESTING FEES – COMPETITION RESPONSIBILITY

1. All EC-sanctioned competitions are required to collect a prescribed drug testing fee for each horse entered. All fees collected are to be remitted using the Equestrian Canada Form to the Equestrian Canada Equine Medication Control Committee or its designate as per the Competition Administration Policy. This fee is to be identified on the entry form as a stand-alone item and not bundled or combined with other fees.
 - a. Drug testing fees for EC Sanctioned Classes are paid at the highest class level entered (bronze, silver or gold).

- b. Horses entered in FEI sanctioned classes are required to pay the FEI Equine Anti-doping and Controlled Medication Programme (EADCMP) fee.
2. At the end of a competition, the organizing committee shall, within 14 days, forward to the Equestrian Canada Equine Medication Control Committee or its designate per the Competitions Administration Policy monies representing the number of horses entered in the competition, such monies to be held by the Equestrian Canada Equine Medication Control Committee or its designate in a separate fund for use in equine medication control and to support the activities of the Equestrian Canada Medication Control Committee or its designate.
3. If these funds are not sent to Equestrian Canada or its designate within 14 days of the competition, such competition shall be subject to fines as listed in the current EC *Schedule of Fines and Penalties*.

ARTICLE A1009 EXCEPTIONS

The following are exempt from drug fees and testing:

1. Horses on competition grounds not entered in competition are exempt from random testing but could be subject to target testing under General Regulations Chapter 10.

ARTICLE A1010 VIOLATIONS

1. No person shall:
 - a) administer or permit the administration of a drug to a horse that is entered in an EC-sanctioned competition in such a manner that a certificate of positive analysis would be issued under section A1006.8 with respect to that horse;
 - b) tamper with a horse before, during or after an EC-sanctioned competition in such a manner as to interfere with the collection or analysis of an official sample;
 - c) unless otherwise permitted by the technician or licensed veterinarian conducting the official sample collection, administer anything except drinking water to a horse that has been selected to undergo a drug test pursuant to Article A1006;
 - d) interfere with the collection or analysis of an official sample;
 - e) substitute another horse for any horse that has been selected to undergo a drug test pursuant to Article A1006; or
 - f) substitute or misrepresent the contents of an official sample container;
 - g) be in possession of any of the following drugs (i) injectable magnesium, (ii) gamma amino butyric acid (GABA) or (iii) hydroxy-gamma butyric acid (Hydroxy-GABA) at an EC-sanctioned competition;
 - h) administer or permit the administration by any means to a horse entered in an EC-sanctioned competition any of the following drugs (i) injectable magnesium, (ii) gamma amino butyric acid (GABA) or (iii) hydroxy-gamma butyric acid (Hydroxy-GABA); or
 - i) refuse the request of an on duty EC licensed official to provide for independent inspection and testing the equipment and materials used for the injection or attempted injection of a horse at an EC sanctioned competition.

2. Should the analysis of an official sample taken from a horse competing in an EC- sanctioned competition result in a certificate of positive analysis being issued by the official laboratory this will be prima facie evidence that a drug has been administered to the horse and shall be a violation of equine medication rules.
3. When notice of a certificate of positive analysis is received from an official laboratory, the Equestrian Canada Equine Medication Control Committee will determine the nature and category of the offense. The EC-EMCC will offer the person(s) responsible the option to accept an administrative penalty or to hold a hearing in accordance with Chapter 12 - General Dispute Resolution and Protests at EC-sanctioned Competitions and the *Schedule of Fines and Penalties*.
4. The Person(s) responsible found pursuant to A1011 to be responsible and accountable for a horse whose official sample resulted in a certificate of positive analysis shall be required to forfeit all winnings at the competition in question by said horse, and the same shall be redistributed in consequence. In addition, the Person(s) responsible shall be subject to the penalties in accordance with the *Schedule of Fines and Penalties* or in the case of a hearing, as determined by the Hearing Panel in accordance with the *Schedule of Fines and Penalties*. Any suspension imposed on the Person(s) responsible may be served at any time at the discretion of the Hearing Panel. In addition, the horse may be suspended for any period of time specified by the Hearing Panel. The Person(s) responsible and/or the horse shall be placed in not-in-good standing for the duration of their suspensions and until all fines are paid in full.
5. If any person who is subject to these equine medication rules administers, instructs, aids, conspires with another to administer, or employs anyone who administers or attempts to administer a drug to a horse who is competing at a competition sanctioned by EC in such a manner that a certificate of positive analysis would be issued under section A1006.8 with respect to that horse, the penalties for such actions may be the same as the penalties that may be imposed on the Person(s) responsible.
6. If an on duty EC licensed official (i.e. steward, judge, technical delegate) personally witnesses any person injecting or attempting to inject a horse at an EC sanctioned competition the licensed official must inform the person that he or she was seen injecting or attempting to inject the horse and the licensed official may then request of that person that all the injection equipment (needles and syringes) be turned over and provided to the licensed official for independent inspection and testing to determine whether any of the following drugs: (i) injectable magnesium, (ii) Gamma amino butyric acid (GABA) or (iii) Hydroxy-gamma butyric acid (Hydroxy-GABA) were present in or on the injection equipment. If, after being asked by the licensed official to provide the injection equipment to the licensed official, the person refuses or fails to comply, such conduct will itself result in a violation with the same sanction to be imposed as a positive analysis report for a class two (2) substance of the EC Drug Classification Scheme.
7. No Person(s) responsible will be fined or suspended nor will a horse whose official sample resulted in a certificate of positive analysis be barred from competition until the administrative sanction is accepted or a written ruling has been issued by Equestrian Canada or its designate, including notification, with

due discretion, of the organizer of the competition where the infraction occurred.

ARTICLE A1011 PERSON(S) RESPONSIBLE (PR)

See Glossary for the definition of “Person(s) responsible”.

1. a) The Person(s) responsible (PR), is responsible and accountable under the violation and penalty provisions of these EC Rules for the care, training, custody and performance of the horse. The PR may avoid liability under this clause only if the PR can demonstrate on the basis of substantial and credible evidence that he or she did not know or suspect and could not reasonably have known or suspected even with the exercise of the utmost caution, that a horse for whom the PR is responsible and accountable was in breach of any EC Rule and, in addition:
 - (i) for the condition of the horse;
 - (ii) to guard each horse at and sufficiently prior to an EC-sanctioned competition such as to prevent the administration by anyone of, or its exposure to, any drug which results in a certificate of positive analysis;
 - (iii) to not enter a horse in a competition or allow a horse to be entered in a competition if that horse has been administered with a drug which results in a certificate of positive analysis; and
 - iv) to know all the provisions of this Chapter 10 and all other rules of EC including the violation and penalty provisions of said rules.To be responsible and accountable for the care, training, custody and performance of the horse together with the provisions in (i) to (iv) inclusive are the “duties” of the Person(s) responsible;
 - b) for the purposes of these Rules, substantial evidence means affirmative evidence of such a clear and definitive nature as to establish that the Person(s) responsible was:
 - (i) not responsible or accountable for his or her duties; and
 - (ii) bears absolutely no fault or negligence for the issuance of a certificate of positive analysis and the failure to perform his or her duties;
 - c) Persons Responsible who are prevented from performing their duties by reason of illness or other cause, or who must be absent from any competition where horses under their care are entered and stabled shall immediately notify the competition secretary and, at the same time, appoint a substitute. Such substitute Person(s) responsible shall place his or her name on the entry form forthwith and thereby shall assume full responsibility for the performance of the duties. Any such substitution does not automatically relieve the original Person(s) responsible of his or her responsibility and accountability for the performance of the duties. One or more Persons Responsible may be found jointly responsible and accountable for the care, training, custody and performance of the horse and for any failure to perform the duties.
2. The Person(s) responsible and the owner acknowledge that the Person(s) responsible represents the owner with respect to the horses entered in the competition in matters relating to entries, scratches for any reason, equine medication control and any act performed on any horse under the care and custody of the Person(s) responsible.
 3. For Platinum competitions please refer to FEI rules.

ARTICLE A1012 PROTESTS

No competitor may file a protest regarding any alleged administration of a drug to another competitor's entry.

ARTICLE A1013 EQUINE ANTI-DOPING AND CONTROLLED MEDICATION PROGRAMME – FEI SANCTIONED COMPETITIONS

The FEI EADCMP rules and fees will apply.

ARTICLE A1014 PUBLIC DISCLOSURE

All Equine Medication Control hearings, whether documentary or oral are private. Only following the conclusion of a hearing or once the administrative penalty has been accepted, the following information shall be published on the EC website: The name of the person(s) responsible, the horse's name; the name and date of the competition, the drug, the class of violation and the penalty. The information outlined will only be published after the person(s) responsible has been notified by Equestrian Canada or its designate. The information will remain published as per the time frame listed in the EC Schedule of Fines and Penalties.

If the Person(s) responsible or any associated or related person makes information concerning a rule violation or an alleged rule violation public prior to the conclusion of the hearing, the acceptance of the administrative penalty and the release of the EC's public report, EC may comment on all such public information.

ARTICLE A1015 JOINT INJECTIONS

Intrasynovial injections (joint, tendon sheath or bursal) are prohibited within 96 hours of competition.

CHAPTER 11 MEASUREMENT

ARTICLE A1101 GENERAL

1. The rules contained in this chapter are the general rules relating to the measurement of the height, and the toe and heel length of horses and ponies.
2. The measurement procedures outlined are common to all classes of horses and ponies.
- 2.3. All height measurements must be recorded in both hands and centimetres.

ARTICLE A1102 REQUIREMENT FOR HEIGHT MEASUREMENT

1. No horse or pony shall be shown in any performance class where height is a qualifying factor unless it is properly measured at the competition or the owner possesses a Permanent Measurement Card or, in the case of a horse or pony under eight years of age, a temporary measurement form.
Exception: EC recognizes valid USEF measurement cards for all divisions for American-owned horses or ponies recorded with USEF.
2. For classes where height is a factor, the competition organizing committee must provide for the measurement of all horses or ponies without a *Permanent Measurement Card* or a valid temporary measurement form.

ARTICLE A1103 PERMANENT MEASUREMENT CARDS

1. Permanent measurement cards are issued for horses or ponies eight years old or over.
2. To obtain a permanent measurement card, a horse or pony must be measured at an EC-sanctioned competition in which it is competing. Blank cards are available from the Participating PTSO or the competition office. Refer to Article A1105, Officials Authorized to Measure Height.
3. For horses or ponies with passports, the Record of Measurement on the back page of the EC passport is to be completed. This constitutes the permanent measurement card.

ARTICLE A1104 TEMPORARY MEASUREMENT FORMS

Until a horse or pony is eight years of age, a temporary measurement form must be obtained annually. Such forms remain valid for the calendar year. Blank forms can be obtained from the Participating PTSO or the competition secretary. A horse or pony must be measured at an EC-sanctioned competition in which it is competing. Refer to Article A1105, Officials Authorized to Measure Height.

ARTICLE A1105 OFFICIALS AUTHORIZED TO MEASURE HEIGHT

1. The height of the horse or pony must be measured by any two of the following event or competition officials: veterinarian, steward, technical delegate or judge, none of whom can be the owner of the horse or pony.
2. Both officials must carry out and/or witness the measurement prior to signing the *Permanent Measurement Card* or the *Temporary Measurement Form for horses or ponies under eight*. The officials must ensure that one copy of the temporary form is retained by the owner and that another is sent to Equestrian Canada.
3. The officials authorized to measure horses or ponies must check the measurement devices for accuracy in order to record true measurements;

however no liability shall be attributable to any official involved in any stage of the measurement of a horse or pony.

ARTICLE A1106 DEVICES FOR MEASURING HEIGHT

1. A standard metal measurement stick or an EC-approved measuring device shall be used for the measurement of all horses and ponies where height is a requirement.
2. A standard metal measurement stick is a straight, stiff, unbendable stick that is equipped with a spirit level to ensure that the crosspiece is parallel to the ground surface.
3. At competitions where ponies are measured, the measurement stick should be checked against a metal tape measure to ensure accuracy.
4. Measurements of height may be expressed in hands, inches, or centimeters. A hand is four inches; fractions of hands are expressed in inches.

ARTICLE A1107 SURFACE FOR MEASURING HEIGHT

1. The measurement surface must be level. Under no circumstances should horses be measured on dirt or gravel. A concrete slab or other level paved surface is most desirable but when not available at a competition, a sheet of heavy plywood can be used. Otherwise, the measuring officials must ensure that a suitable, alternate surface is used.
2. If such surface is not available, horses without a *Permanent Measurement* or a valid *Temporary Measurement Form* may be measured to compete in that competition only but no measurement form shall be given to the owner or returned to EC.

ARTICLE A1108 POSITION OF HORSE FOR HEIGHT MEASUREMENT

1. The horse must be sound and stand squarely on all four feet in such a position that the front legs are vertical to the ground and the back of the hocks are in a vertical line with the point of the horse's quarters.
2. The head must be held low enough to reveal the highest point of the withers but no lower.
3. The horse must be free of all appliances and handlers must not interfere with the horse in any way that will prevent it from standing in this position.

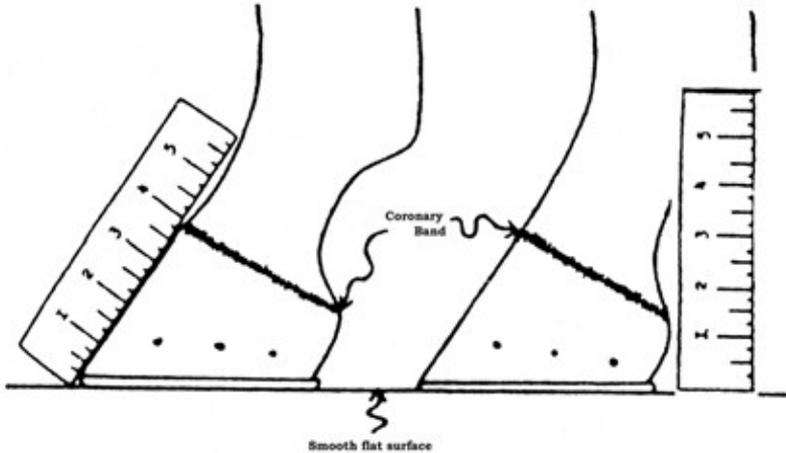

ARTICLE A1109 METHOD OF MEASURING HEIGHT

1. With the horse in the described position, measure the vertical distance from the highest point of the withers to the ground.
2. Horses are to be measured barefoot or as if barefoot. If the horse is shod, the measurement of the shoe must be deducted from the horse's height unless discipline/breed sport rules specify alternate criteria.
3. The arm or the crosspiece of the measuring device shall be placed over the highest point of the withers and no measurement taken at any other part of the horse's body shall count. Additional pressure must not be applied to the crosspiece or arm on the measuring stick.

ARTICLE A1110 REQUIREMENT FOR TOE AND HEEL MEASUREMENTS

1. Toe and heel length must be recorded when a horse's height is officially measured.
2. Toe length measurement may also be required for horses competing under certain breed rules.

ARTICLE A1111 METHOD OF MEASURING TOE AND HEEL

1. With a metal ruler six inches or 15 cm in length, determine the length of the toe by measuring the front of the hoof, in the center, from the skin line on the lower side of the coronary band to the ground.
2. The skin line on the lower side of the coronary band is to be defined by palpation. The thumb should be used to press on the horny hoof wall proceeding from the ground toward the hairline. The first compressible soft tissue palpated is the lower side of the coronary band. The hairline does not necessarily coincide with the lower side of the coronary band.
3. Determine the height of the heel by measuring from the skin line on the lower side of the coronary band to the ground, with the ruler perpendicular to the ground.

ARTICLE A1112 PROTESTING HEIGHT

1. No protest may be lodged against the height of a horse or pony under the age of eight that possesses a valid temporary measurement form.
2. Any owner, lessee, trainer, coach, rider or driver may file a signed protest in writing to the competition organizing committee, upon payment of a cash deposit as listed in the current EC *Schedule of Fines and Penalties* and subject to EC rules of protest, concerning the height of any one horse or pony eight years or older competing against them in the same class. In accordance with Article A1205.3, the protest fee will be held by the competitions until such time as the protest and any appeals have been resolved.

3. There is a limit to the number of protests that may be filed against the height measurement of any given horse or pony eight years of age or over. That limit is once in any calendar year, to a maximum of three times during that horse's life. **Exception:** For hunter and jumper ponies, see discipline/breed sport rules.
4. It is the duty of the competition organizing committee to ensure that the protested horse is remeasured by any two of the following who must not have taken the measurements being protested:
 - a) Veterinarians;
 - b) Judges;
 - c) Competition steward.
5. The officials responsible for the remeasurement shall take new measurements immediately.
6. If the horse is found to be in violation, it will be disqualified from the competition and all entry fees and winnings for the entire competition shall be forfeited. The competition organizing committee must send a copy of the protest to the Participating PTSO and EC.
7. The decision of the organizing committee may be appealed in writing to the Participating PTSO within 15 days of the measurement. See Article A1115, Appeal of Height Measurement.
8. It is the responsibility of the owner to keep copies of any protest forms regarding height and have available during competition.

ARTICLE A1113 CHANGE OF HEIGHT CLASSIFICATION

1. A horse with a permanent card in a given height classification may never revert to a lower height classification. For example, an "A" hunter pony will always be an "A" hunter pony.
2. If a horse is required to transfer to another division or height classification by virtue of an official remeasurement, its *Permanent Measurement Card* or *Temporary Measurement Form* must be surrendered to the competition steward who shall forward the same to EC with the official steward's report.

ARTICLE A1114 PROTESTING TOE LENGTH

1. In a class where the length of toe may be an issue, any owner, lessee, trainer, coach, rider or driver may protest the length of toe of any horse competing in a class in which he is competing. Such protest is subject to all EC rules regarding protests (see Chapter 12 - General Dispute Resolution and Protests at EC-sanctioned Competitions).
2. If the length of toe of any horse is protested, the competition organizing committee must have the official veterinarian and a judge or steward officiating in the competition measure the toe immediately so that no change can be made by reshoeing.
3. If the limit for length of toe is exceeded, the horse must be disqualified for the balance of the competition and the owner of the horse forfeits all entry fees and winnings including points, ribbons, prizes and trophies for that horse for the entire competition.

ARTICLE A1115 APPEAL OF HEIGHT MEASUREMENT

1. The owner or trainer of a horse or pony declared ineligible for a division or class because of height may appeal a measurement made at a sanctioned competition, by requesting re-measurement.
2. The requirements for re-measurement are:
 - a) the appeal must be made to EC in writing within 15 days of a measurement taken at a sanctioned competition and must be accompanied by a fee as listed in the current EC *Schedule of Fines and Penalties*;
 - b) all expenses including veterinary fees and drug testing costs shall be paid by the appellant, who shall deposit a fee as listed in the current EC *Schedule of Fines and Penalties* with EC as an advance on such expenses prior to delivery of the horse to the measurement site;
 - c) EC will select a location and time for the re-measurement that is as convenient as possible for all parties concerned;
 - d) the measurement shall be performed by one licensed veterinarian and one steward or judge at an EC competition where the pony is competing; however, the officials cannot have performed the measurement that gave rise to the protest;
 - e) any horse or pony submitted for re-measurement must show no evidence of lameness due to paring of hooves. If found to be lame by the examining veterinarian, the horse or pony may not be re-measured for 30 days, and the appellant shall forfeit both the fee as listed in the current EC *Schedule of Fines and Penalties* and any veterinary expenses incurred;
 - f) horses or ponies being re-measured under the appeal process will be subject to Equine Medication Control testing;
 - g) should the horse be resubmitted after 30 days as permitted in A1115.2.e, the appellant shall pay all expenses including veterinary fees and must post an additional deposit of a fee as listed in the current EC *Schedule of Fines and Penalties* against such expenses;
 - h) the horse shall be barred from competing in the particular height division or classes from which it was declared ineligible until the re-measurement is performed;
 - i) if the appeal is upheld, the *Permanent Measurement Card* must be signed and dated by the measurement officials and cannot be protested again within the same calendar year; and
 - j) if the appeal is not upheld or the appellant fails to submit the horse for re-measurement within 45 days, the horse shall be barred from showing for the balance of the year.

3. Points used to determine awards will be based on the total prize money actually awarded in divisions rated for EC points (i.e. each breed or discipline such as General Performance, Jumper, Arabian, etc.) offered at a EC sanctioned competition. The total prize money actually awarded at each competition will determine the multiplying factor for that competition or for each division at that competition. The total prize money actually awarded at each competition for all classes (per discipline) will determine the multiplying factor for that competition for National Rankings.
4. Points for the EC awards will be calculated according to the discipline/breed sport rules or following system, subject to exceptions noted in Article A1506: Points for placing in the class (see Article A1505.6) multiplied by the number of horses competing in the class (see Article A1505.7) multiplied by the factor for total prize money actually awarded in EC point classes in each division (see Article A1505.3) offered in the competition.

Example: A horse that places second in a class with 27 horses in a competition that had a total of \$8,500 actually awarded in Arabian classes would earn 945 points, as follows:

5 points (for 2nd place) X 27 horses (in class) X 7 (multiplier) = 945 points

5. Placings are valued at:

First Place	6 points
Second Place	5 points
Third Place	4 points
Fourth Place	3 points
Fifth Place	2 points
Sixth Place	1 point

6. The multiplying factor based on actually awarded prize money in EC point classes is:

<u>Total Division Prize</u>	<u>Money Factor</u>
\$15,001 or more	12
\$12,501 to \$15,000	11
\$10,001 to \$12,500	10
\$9,001 to \$10,000	8
\$8,001 to \$9,000	7
\$7,001 to \$8,000	6
\$5,501 to \$7,000	5
\$4,001 to \$5,500	4
\$2,501 to \$4,000	3
\$1,001 to \$2,500	2
Under \$1,000	1

7. The competition management is responsible for recording the number of horses per class. All counts must be based on the judge's score card or, in the event that the judge's card does not have a complete count of class entries, either the ring master's or the competition secretary's count will be used.

8. In the event of a tie, duplicate awards must be presented.

ARTICLE A1506 EXCEPTIONS TO THE RULES FOR CALCULATING POINTS

- ~~2. In addition, Equestrian Canada, as a member federation of FEI must also be fully compliant with the FEI anti-doping rules. The FEI anti-doping rules may apply to certain members of Equestrian Canada in certain situations. The FEI anti-doping rules are fully compliant with the 2015 World Anti-Doping Code, International Standards and Guidelines as they may exist from time to time. To view or download the FEI anti-doping rules, please visit <http://www.fei.org/content/anti-doping-rules>.~~
- ~~3. In the event of a conflict between other anti-doping policies established by Equestrian Canada and the 2015 CADP and/or the FEI anti-doping rules, the rules of the 2015 CADP or the FEI shall prevail, as applicable.~~

~~Every athlete and other person participating in the sport shall reasonably cooperate with the Canadian Centre for Ethics in Sport (CCES) or another anti-doping organization investigating anti-doping rule violations and a failure to do so may be the basis for disciplinary action within the sport.~~
