EQUESTRIAN CANADA

Equestrian Canada (EC) represents, promotes and serves Canada's equine community and industry. Its core areas of activity involve sport, equine health and welfare, education and safety, governance and marketing, lobbying and communication. Equestrian Canada is recognized by Sport Canada., Agriculture and Agri-Food Canada, the International Equestrian Federation (FEI), the Canadian Olympic Committee (COC) and the Coaching Association of Canada (CAC) as the national organization representing equestrian sport and equine interests in Canada.

PATRON

Her Excellency the Right Honourable Mary Jeannie May Simon CC., CMM.,
COM., OQ., CD., FRCGS., Governor General of Canada

THE EQUESTRIAN CANADA RULEBOOK

Knowledge of the rules of any sport is required of each participant, and the competitor at an EC-sanctioned competition must accept this responsibility. Both a complete knowledge of and compliance with the rules are essential, and all participants must be fully cognizant of all rules as well as particular class specifications in the discipline/breed sport in which they compete.

It is not possible to provide for every conceivable eventuality in these rules. If there is no rule to deal specifically with a particular circumstance, or if the nearest interpretation of the pertinent rule would result in an obvious injustice, it is the duty of those responsible to make a decision based on common sense and fair play, thus reflecting as closely as possible the intention of the rules and regulations of Equestrian Canada.

Organization of the Rulebook

The EC Rulebook is divided into multiple sections, grouped by disciplines and breed sports. Section A covers general regulations that apply to all EC members, competitors, officials, owners, equines, organizers and persons responsible unless superseded in other sections of the Rulebook.

Evergreen Rules Process

The Equestrian Canada rulebooks are updated annually, effective January 1st. The official rulebook will be as published on the EC website and may be amended as follows.

Amendment of the Rules

It is the right of every sport licence holder of Equestrian Canada to propose amendments to the rules, subject to the current policies, procedures and schedules. The deadline for Rule Change Suggestions (RCS) shall be May 31 each year in accordance with the procedures outlined on the EC Rule Change page. Suggestions will be reviewed by the appropriate discipline/breed sport EC committees who will consider all suggestions and put forward those they recommend as Rule Change Proposals (RCPs). RCPs will be posted on the EC

website to allow for a 30-day review period. The EC committees will consider all comments and make any necessary revisions. Rule changes will be posted on the EC website in December to be effective January 1 the following year.

The amendment process will be strictly followed. Extraordinary rule amendments will be permitted only for FEI rule changes, safety, monetary, clarification, ethical and equine welfare reasons at the discretion of the National Rules Committee using the following protocol. Extraordinary rule amendments will be effective when published by EC on its official website. FEI Rules, applicable to EC-sanctioned competitions, are effective upon publication by the FEI.

Extraordinary Amendment Process

1. **Proposal** – An Extraordinary Rule Amendment (ERA) is composed by the EC discipline/breed committee, EC staff or National Rules Committee (NRC) with supporting rationale.
2. **Authorization** – The applicable discipline or breed committee must authorize each ERA, note it in their minutes and forward it to the NRC.
3. **Approval** – The NRC is responsible for confirming the ERA criteria (FEI rule change, safety, monetary, clarification, ethical or equine welfare) have been satisfied
4. **Posting** – EC will translate and post the amendment and show changes to both change visible and clean copy online Rulebooks. The amendments display the date of the NRC approval for consistency.
5. **Effective** – An ERA is effective when published on the EC website. The file reference shall retain the original approval date.

Interpretation of the Rules

Please read all cross-references carefully and refer to the EC website for rule changes and/or clarifications. Should the English and French versions differ, the English version shall prevail. In the case of conflict between General Regulations and the regulations of the disciplines/breed sports, the discipline/breed sport rules will prevail.

SECTION E – DRESSAGE AND PARA DRESSAGE

INTRODUCTION

For any circumstances not specifically covered in these rules, reference should be made to the publications listed below. EC General Regulations can be purchased through the EC e-store or downloaded for free from the EC website at www.equestrian.ca. FEI rules can be obtained from the FEI website at www.fei.org.

- EC General Regulations
- FEI General Regulations (FEI Sanctioned Events)
- FEI Rules for Dressage Events (FEI Sanctioned Dressage Events)
- FEI Rules for Para Dressage Events (FEI Sanctioned Para Dressage Events)
- FEI Rules for Children, Ponies, Juniors, Young Riders, U25 and Young Horse (FEI Sanctioned Dressage Events)
- FEI Veterinary Regulations (FEI Sanctioned Events)

Since every eventuality cannot be provided for in the EC rules, for any unforeseen or exceptional circumstances, it is the duty of the officials and the competition management to make a decision in a sporting spirit and approaching as nearly as possible the intention of these rules.

Note: An Equestrian Canada rule amendment that alters the Dressage or Para Dressage rules will be effective when published and can be found on the EC website www.equestrian.ca. The FEI rules for Dressage can be found on the FEI website www.fei.org.

CHAPTER 1 OBJECTS & PRINCIPLES

ARTICLE E 1.1 OBJECTS & PRINCIPLES—~~EC~~

1. EC adheres strictly to the FEI ~~Dressage-dressage and para dressage~~ terminology. ~~Athletes/Riders~~ therefore can study the description of the paces, movements and figures and be sure that they are on the correct path to international competition, which is governed by the FEI.
2. ~~Any FEI rule amendments that alter the following FEI Rules will be effective when published by the FEI.~~

ARTICLE E 1.2 OBJECT AND GENERAL PRINCIPLES OF DRESSAGE

1. The object of ~~Dressage-dressage~~ is the development of the horse into a happy athlete in a positive mental and physical state, through harmonious education, allowing the horse to be calm, supple, loose and flexible, but also confident, attentive and keen, thus achieving perfect understanding with the rider.

~~As a result, it makes the horse calm, supple, loose and flexible, but also confident, attentive and keen, thus achieving perfect understanding with the athlete.~~

These qualities are demonstrated by:

- the freedom and regularity of the paces;
 - the harmony, lightness and ease of the movements;
 - the lightness of the forehand and the engagement of the hindquarters, originating from a lively impulsion;
 - the acceptance of the bit/bridle, with submissiveness/throughness (Durchlässigkeit)—throughness thoroughness—without any tension or resistance.
2. The horse thus gives the impression of doing, of its own accord, what is required. Confident and attentive, submitting generously to the control of the athleterider, remaining absolutely straight in any movement on a straight line and bending accordingly when moving on curved lines.
 3. The walk is regular, free and unconstrained. The trot is free, supple, regular, and active. The canter is united, light and balanced. The hindquarters are never inactive or sluggish. The horse responds to the slightest indication of the athlete rider and thereby gives life and spirit to all the rest of its body.
 4. By virtue of a lively impulsion and the suppleness of the joints, free from the paralyzing effects of resistance, the horse obeys willingly and without hesitation and responds to the various aids calmly and with precision, displaying a natural and harmonious balance both physically and mentally.
 5. In all the work, even at the halt, the horse must be in front of the rider's aids, "on the bit", but it also has to accept the bit. A horse is said to be 'on the bit' when the neck is more or less raised and arched according to the stage of training and to the extension or collection of the pace, and when it accepts the bridle with a light and consistent soft submissive contact, thereby chewing the bit with a quiet, sensitive mouth. The head should remain in a steady position, as a rule with the nose line slightly in front of the vertical, with a supple poll as the highest point of the neck, and no resistance should be offered to the rider.
~~In all the work, even at the halt, the horse must be "on the bit". A horse is said to be "on the bit" when the neck is more or less raised and arched according to the stage of training and the extension or collection of the pace, accepting the~~

bridle with a light and consistent soft submissive contact. The head should remain in a steady position, as a rule slightly in front of the vertical, with a supple poll as the highest point of the neck, and no resistance should be offered to the athlete.

6. Cadence is shown in trot and canter. It is the proof of well-developed impulsion and the ability to carry weight that enables a horse to move with proper harmony, well-marked regularity and balance. Cadence must be maintained in all the different trot or canter exercises.

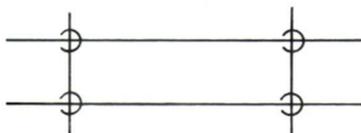

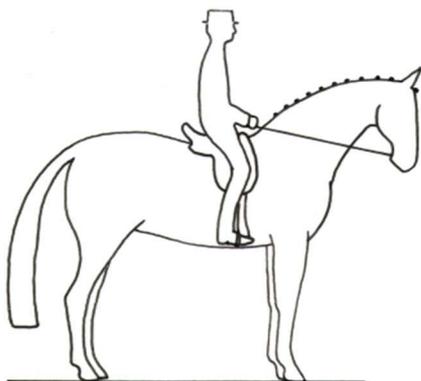

~~Cadence is shown in trot and canter, and is the result of the proper harmony that a horse shows when it moves with well-marked regularity, impulsion and balance. Cadence must be maintained in all the different trot or canter exercises and in all the variations of these paces.~~

7. In a movement which must be carried out at a certain point of the arena, it should be done at the moment when the riderAthlete'srider's body is above this point, except in transitions where the Horse approaches the letter from a diagonal or perpendicular to the point where the letters are positioned. In this case, the transitions must be done when the Horse's nose reaches the track at the letter so that the Horse is straight in the transition. This includes the execution of flying changes.

~~The regularity of the paces is fundamental to Dressage~~

ARTICLE E 1.3 THE HALT

1. At the halt the horse should stand attentive, engaged, motionless, straight and square with the weight evenly distributed over all four legs. The neck should be raised with the poll as the highest point and the nose line slightly in front of the vertical. While remaining "on the bit" and maintaining a light and soft contact with the ~~athlete's-rider's~~ hand, the horse may quietly chew the bit and should be ready to move off at the slightest indication of the ~~athleterider~~. The halt must be shown for at least three seconds. The halt should be shown throughout the salute.
2. The halt is obtained by the displacement of the horse's weight to the hindquarters by a properly increased action of the seat and legs of the ~~athleterider~~, driving the horse towards a softly closed hand, causing an almost instantaneous but not abrupt halt at a previously fixed place. The halt is prepared by a series of half-halts (see transitions).
3. The quality of the paces before and after the halt is an integral part of the assessment.

ARTICLE E 1.4 THE WALK

1. The walk is a marching pace in a regular well-marked four beat with equal intervals between each beat. This regularity combined with full relaxation must be maintained throughout all walk movements.
2. When the foreleg and the hind leg on the same side move almost on the same beat, the walk tends to become an almost lateral movement. This irregularity, which might become an ambling movement, is a serious deterioration of the pace.
3. The following walks are recognized: Medium walk, Collected walk, Extended walk and Free walk. There should always be a clear difference in the attitude and over-tracking in these variations.

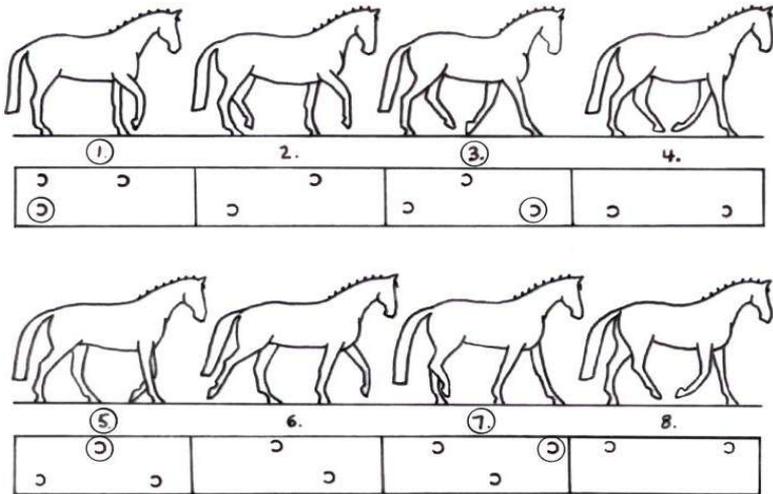

3.1 Medium walk: A clear, regular and unconstrained walk of moderate lengthening. The horse, remaining "on the bit", walks energetically but relaxed with even and determined steps, the hind feet touching the ground in front of the hoof prints of the forefeet. The athlete-rider maintains a light, soft and steady contact with the mouth, allowing the natural movement of the horse's head and neck.

3.2 Collected walk: The horse, remains "on the bit", moves resolutely forward, with its neck raised and arched and showing clear self-carriage. The head approaches the vertical position and a light contact is maintained with the mouth. The hind legs are engaged with good hock action. The pace should remain marching and vigorous, the feet being placed in regular sequence. The steps cover less ground and are higher than at the medium walk, because all the joints bend more markedly. The collected walk is shorter than the medium walk, although showing greater activity.

3.3 Extended walk: The horse covers as much ground as possible, without haste and without losing the regularity of the steps, the hind feet touch the ground

clearly in front of the footprints of the forefeet. The athlete-rider allows the horse to stretch out the head and neck (forward and downwards) without losing contact with the mouth and control of the poll. The nose must be clearly in front of the vertical.

3.4 Free walk: The free walk is a pace of relaxation in which the horse is allowed complete freedom to lower and stretch out his head and neck. The degree of ground cover and length of strides, with hind feet stepping clearly in front of the footprints of the front feet, are essential to the quality of the free walk.

The walk is a pace in four beat rhythm with eight phases (numbers in circles indicate the beat).

ARTICLE E 1.5 THE TROT

1. The trot is a two-beat pace of alternate diagonal legs (left fore and right hind leg and vice versa) separated by a moment of suspension.
2. The trot should show free, active and regular steps.
3. The quality of the trot is judged by general impression, i.e. the regularity and elasticity of the steps, the cadence and impulsion in both collection and extension. This quality originates from a supple back and well engaged hindquarters, and by the ability to maintain the same rhythm and natural balance, with all variations of the trot.
4. The following trots are recognized: Working trot, Lengthening of Steps, Collected trot, Medium trot and Extended trot.

4.1 Working trot: This is a pace between the collected and the medium trot, in which a horse's training is not yet developed enough and ready for collected movements. The horse shows proper balance and remaining "on the bit", goes forward with even, elastic steps and good hock action. The expression "good hock action" underlines the importance of an impulsion originating from the activity of the hindquarters.

4.2 Lengthening of steps: In the test for four-year-old horses "lengthening of steps" is required. This is a variation between the working and medium trot in which a horse's training is not developed enough for medium trot.

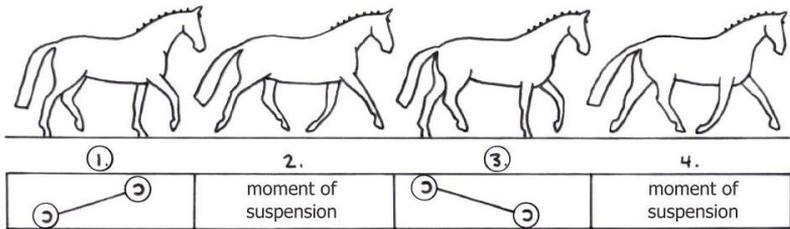

4.3 Collected trot: The horse, remaining "on the bit", moves forward with the neck raised and arched. The hocks, being well engaged and flexed, must maintain an energetic impulsion, enabling the shoulders to move with greater mobility, thus demonstrating complete self-carriage. Although the horse's steps are shorter than in the other trots, elasticity and cadence are not lessened.

4.4 Medium trot: This is a pace of moderate lengthening compared to the extended trot, but "rounder" than the latter without hurrying. The horse goes forward with clearly lengthened steps and with impulsion from the hindquarters. The ~~athlete-rider~~ allows the horse to carry the head a little more in front of the vertical than at the collected and the working trot, and to lower the head and neck slightly. The steps should be even, and the whole movement balanced and unconstrained.

4.5 Extended trot: The horse covers as much ground as possible. Without hurrying, the steps are lengthened to the utmost as a result of great impulsion from the hindquarters. The ~~athlete-rider~~ allows the horse to lengthen the frame and to gain ground whilst controlling the poll. The forefeet should touch the ground on the spot towards which they are pointing. The movement of the fore and hind legs should reach equally forward in the moment of extension. The whole movement should be well balanced and the transition to collected trot should be smoothly executed by taking more weight on the hindquarters.

5. All trot-work is executed "sitting", unless otherwise indicated in the test.
6. **Stretching on a long rein.** This exercise gives a clear impression of the "throughness" of the horse and proves its balance, suppleness, obedience and relaxation. ~~In order to~~ execute the exercise "stretching on a long rein" correctly, the ~~Athlete-rider~~ must lengthen the reins as the horse stretches gradually forward and downward. As the neck stretches ~~forwards forward~~ and downwards, the mouth should reach more or less to the horizontal line corresponding with the point of the shoulder. An elastic and consistent contact

with the Athlete's-rider's hands must be maintained. The pace must maintain its rhythm, and the horse should remain light in the shoulders with the hindlegs well- engaged. During the retake of the reins the horse must accept the contact without resistance in the mouth or poll.

*The trot is a pace in two beat rhythm with four phases
(Numbers in circles indicate the beat)*

ARTICLE E 1.6 THE CANTER

1. The canter is a three beat pace where in canter to the right, for example, the footfall is as follows: left hind, left diagonal (simultaneously left fore and right hind), right fore, followed by a moment of suspension with all four feet in the air before the next stride begins.
2. The canter, always with light, cadenced and regular strides, should be moved into without hesitation.
3. The quality of the canter is judged by the general impression, i.e. the regularity and lightness of the steps and the uphill tendency and cadence originating from the acceptance of the bridle with a supple poll and in the engagement of the hindquarters with an active hock action – and by the ability of maintaining the same rhythm and a natural balance, even after a transition from one canter to another. The horse should always remain straight on straight lines and correctly bent on curved lines.
4. The following canters are recognized: Working canter, Lengthening of strides, Collected canter, Medium canter and Extended canter.
 - 4.1 **Working canter:** This is a pace between the collected and the medium canter, in which a horse's training is not yet developed enough and ready for collected movements. The horse shows natural balance while remaining "on the bit", and goes forward with even, light and active strides and good hock action. The expression "good hock action" underlines the importance of an impulsion originating from the activity of the hindquarters.
 - 4.2 **Lengthening of strides:** In the test for four-year-old horses "lengthening of strides" is required. This is a variation between the working and medium canter in which a horse's training is not developed enough for medium canter.
 - 4.3 **Collected canter:** The horse, remaining "on the bit", moves forward with the neck raised and arched. The hocks, being well engaged, maintain an energetic impulsion, enabling the shoulders to move with greater mobility thus demonstrating self-carriage and an uphill tendency. The horse's strides are shorter than in the other canters, without losing elasticity and cadence.

4.4 Medium canter: This is a pace between the working and the extended canter. Without hurrying, the horse goes forward with clearly lengthened strides and impulsion from the hindquarters. The athlete-rider allows the horse to carry the head a little more in front of the vertical than in the collected and working canter, and at the same time allows the horse, to lower the head and neck slightly. The strides should be balanced and unconstrained.

4.5 Extended canter: The horse covers as much ground as possible. Without hurrying, the strides are lengthened to the utmost. The horse remains calm, light and straight as a result of great impulsion from the hindquarters. The athlete-rider allows the horse to lengthen the frame with a controlled poll and to gain ground. The whole movement should be well balanced and the transition to collected canter should be smoothly executed by taking more weight on the hindquarters.

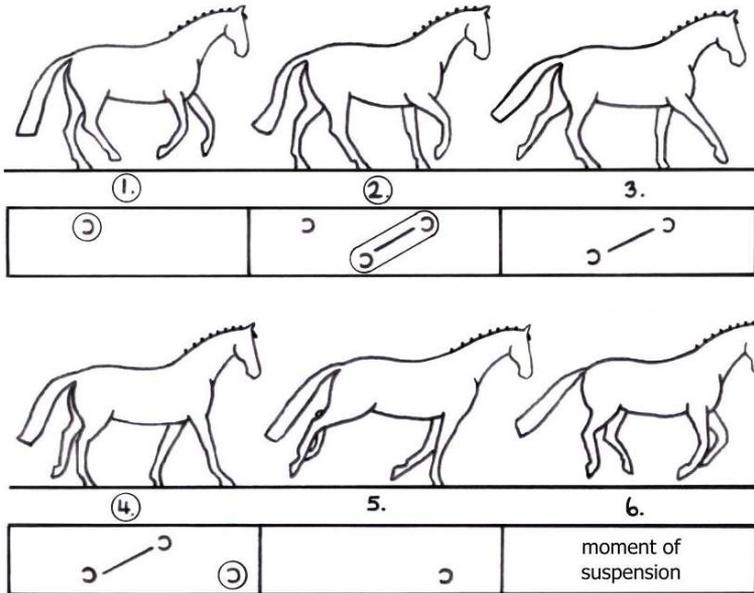

4.6 Counter-Canter: The counter canter is a balancing and straightening movement that must be executed in collection. The horse canters in correct sequence with the outside foreleg leading with positioning to the side of the leading leg. The foreleg should be aligned to the same track as the hind leg.

4.7 Simple change of leg at the canter: This is a movement in which, after a direct transition out of the canter into a walk, with three to five clearly defined steps, an immediate transition is made onto the other canter lead.

4.8 Flying change of leg: The flying change is performed in one stride with the front and hind legs changing at the same moment. The change of the leading front and hind leg takes place during the moment of suspension. The aids should be precise and unobtrusive.

Flying changes of leg can also be executed in series, at every 4th, 3rd, 2nd or at every stride. The horse, even in the series, remains light, calm and straight with lively impulsion, maintaining the same rhythm and balance throughout the series concerned. In order not to restrict or restrain the lightness, fluency and ground cover of the flying changes in series, enough impulsion must be maintained.

Aims of flying changes: To show the reaction, sensitivity and obedience of the horse to the aids for the change of leg.

The canter is a pace in three beat rhythm with six phases

ARTICLE E 1.7 REINBACK

1. The reinback is a rearward diagonal movement with a two beat rhythm but without a moment of suspension. Each diagonal pair of legs is raised and returned to the ground alternatively, with the forelegs aligned on the same track as the hind legs.
2. During the entire exercise, the horse should remain "on the bit", maintaining its desire to move forward.
3. Anticipation or precipitation of the movement, resistance to or evasion of the contact, deviation of the hindquarters from the straight line, spreading or inactive hind legs and dragging forefeet are serious faults.
4. The steps are counted as each foreleg moves back. After completing the required number of steps backward, the horse:
 - 1.a) should show a square halt or
 - 2.b) move forward in the required pace immediately. In tests where a reinback of one horse's length is required, it should be executed with three or four steps.
5. Reinback series (Schaukel) is a combination of two reinbacks with walk steps in between. It should be executed with fluent transitions and the required number of steps.

ARTICLE E 1.8 THE TRANSITIONS

The changes of pace and variations within the paces should be exactly performed at the prescribed marker. The cadence (except in walk) should be maintained up to the moment when the pace or movement is changed or the horse halts. The transitions within the paces must be clearly defined whilst maintaining the same rhythm and cadence throughout. The horse should remain light in hand, calm, and maintain a correct position.

The same applies to transitions from one movement to another, for instance from passage to piaffe or vice-versa.

ARTICLE E 1.9 THE HALF-HALTS

Every movement or transition should be invisibly prepared by barely perceptible half-halts. The half-halt is an almost simultaneous, coordinated action of the seat, the legs and the hands of the ~~athleterider~~, with the object of increasing the attention and balance of the horse before the execution of the movements or transitions to lower and higher paces. By shifting slightly more weight onto the horse's hindquarters, the engagement of the hind legs and the balance on the haunches are improved for the benefit of the lightness of the forehand and the horse's balance as a whole.

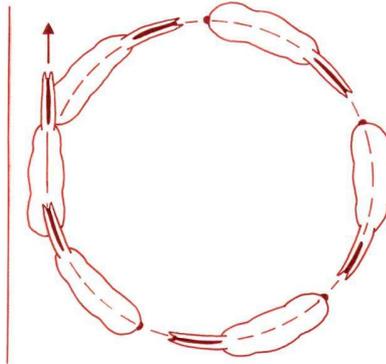

ARTICLE E 1.10 THE CHANGES OF DIRECTION

1. At changes of direction, the horse should adjust the bend of his body to the curvature of the line it follows, remaining supple and following the indications of the ~~athleterider~~, without any resistance or change of pace, rhythm or speed.
2. Changes of directions can be executed in the following ways:
 1. ~~a)~~ ——— Right angled turn including riding through the corner (one quarter of a volte of approximately. six metres)
 2. ~~b)~~ ——— Short and long diagonal.
 3. ~~e)~~ ——— Half voltes and half circles, with change of rein
 4. ~~d)~~ ——— Half pirouettes and turns on the haunches
 5. ~~e)~~ ——— Serpentine loops
 6. ~~f)~~ ——— Counter changes of hand ~~in and in zig-zag~~*. The horse should be straight for a moment before changing direction.
~~*g)~~ Zig-zag: A movement containing more than two half passes with changes of direction.

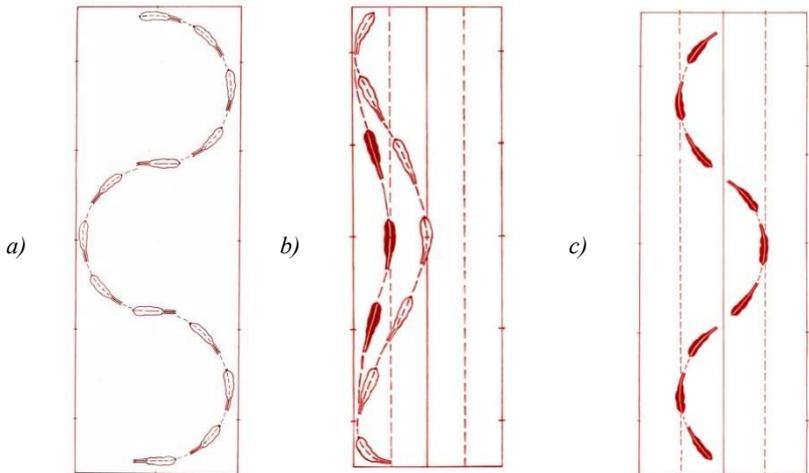

ARTICLE E 1.11 THE FIGURES

The figures asked for in Dressage-dressage tests are the voltes, the serpentines and the figures of eight.

1. **Volte:** The volte is a circle of six, eight, or 10 metres in diameter. If larger than 10 metres it is a circle.

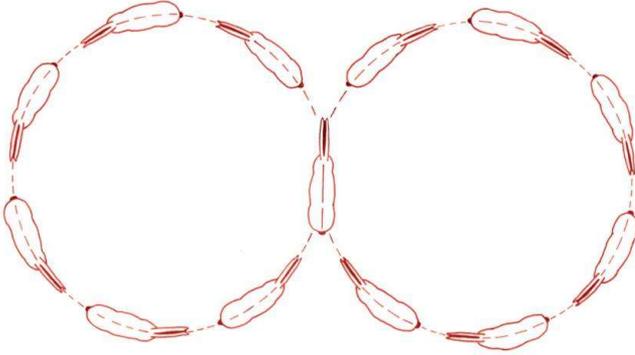

2. **Serpentine:** The serpentine with several loops touching the long side of the arena consists of half circles connected by a straight line. When crossing the centerline the horse should be parallel to the short side (a). Depending on the size of the half-circles the straight connection varies in length. Serpentines with one loop on the long side of the arena are executed with five metres or 10 metres distance from the track (b). Serpentines around the centerline are executed between the quarter lines (c).

3. —

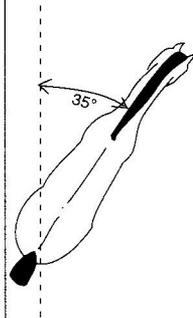

4.3. Figure of Eight: This figure consists of two voltes or circles of equal size as prescribed in the test, joined at the centre of the eight. The **athlete-rider** should make his horse straight an instant before changing direction at the centre of the figure.

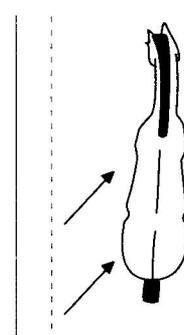

ARTICLE E 1.12 LEG-YIELDING

1. The aim of leg-yielding: to demonstrate the suppleness and lateral responsiveness of the horse.
2. The exercise Leg-yielding is performed in working trot in FEI Competitions. The horse is almost straight, except for a slight flexion at the poll away from the direction in which it moves, so that the **athlete-rider** is just able to see the eyebrow and nostril on the inside. The inside legs pass and cross in front of the outside legs.
3. Leg-yielding should be included in the training of the horse before it is ready for collected work. Later on, together with the more advanced shoulder-in movement, it is the best means of making a horse supple, loose and unconstrained for the benefit of the freedom, elasticity and regularity of its paces and the harmony, lightness and ease of its movements
4. Leg yielding can be performed “on the diagonal” in which case the horse should be as nearly as possible parallel to the long sides of the arena, although the forehand should be slightly in advance of the hindquarters. It can also be performed “along the wall” in which case the horse should be at an angle of about 35 degrees to the direction in which he is moving.

Leg-yielding along the wall

Leg-yielding on the diagonal

ARTICLE E 1.13 LATERAL MOVEMENTS

1. The main aim of lateral movements – except leg-yielding - is to develop and increase the engagement of the hindquarters and thereby also the collection.
2. In all lateral movements shoulder-in, travers, renvers, and half-pass, the horse is slightly bent and moves on different tracks.
3. The bend or flexion must never be exaggerated so that it does not impair the rhythm, the balance and fluency of the movement.
4. In the lateral movements, the pace should remain free and regular, maintaining a constant impulsion, yet it must be supple, cadenced and balanced. The impulsion is often lost because of the athlete's-rider's preoccupation with bending the horse and pushing it sideways.
5. **Shoulder-in:** Shoulder-in is performed in collected trot. The horse is ridden with a slight but uniform bend around the inside leg of the athlete-rider maintaining engagement and cadence and a constant angle of approx. 30 degrees. The outside shoulder of the Horse is brought into alignment in front of its inside hip: from the front and from behind one sees three (3) lines. The horse's inside foreleg passes and crosses in front of the outside foreleg; the inside hind leg does not cross but steps forward under the horse's body weight following the same track of the outside foreleg, with the lowering of the inside hip. At the end of the shoulder-in, the forehand is brought back to the track and aligned with the hindquarters unless the shoulder-in is followed by a circle or a consecutive exercise on the diagonal line. If hind legs are crossing, it is incorrect. The horse is bent away from the direction in which it is moving.
6. **Travers:** Travers can be performed in collected trot or collected canter. The horse is slightly bent round the inside leg of the athleterider, but with a greater degree of bend than in shoulder-in. A constant angle of approximately 35 degrees should be (shown from the front and from behind one sees four tracks). The forehand remains on the track and the quarters are moved inwards. The horse's outside legs pass and cross in front of the inside legs. The horse is bent in the direction in which it is moving.
To start the travers, the quarters must leave the track or, after a corner or circle are not brought back onto the track. At the end of the travers, the quarters are brought back on the track (without any counter-flexion of the poll/neck) as one would finish a circle.
Aims of travers: to show a fluent collected trot movement on a straight line and a correct bend. Front and hind legs are crossing, balance and cadence are maintained.
7. **Renvers:** Renvers is the inverse movement in relation to travers. The hindquarters remain on the track while the forehand is moved inward. To finish the renvers the forehand is aligned with the quarters on the track. Otherwise, the same principles and conditions that apply to the travers are applicable to the renvers.
The horse is slightly bent around the inside leg of the athleterider. The horse's outside legs pass and cross in front of the inside legs. The horse is bent in the direction in which it is moving.
Aims of renvers: To show a fluent collected trot movement on a straight line with a greater degree of bend than in shoulder-in. Fore and hind legs cross, balance and cadence are maintained.
8. **Half-pass:** Half-pass is a variation of travers, executed on a diagonal line instead of along the wall. It can be performed in collected trot (and in passage

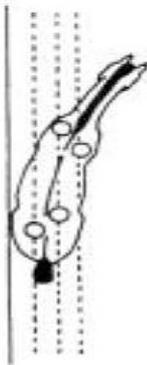

in a freestyle) or collected canter. The horse should be slightly bent around the inside leg of the ~~athlete-rider~~ and in the direction in which it is moving. The horse should maintain the same cadence and balance throughout the whole movement. In order to give more freedom and mobility to the shoulders it is of great importance that the impulsion be maintained, especially the engagement of the inside hind leg. The horse's body is nearly parallel to the long side of the arena with the forehand slightly in advance of the hindquarters. In the trot, the outside legs pass and cross in front of the inside legs. In the canter, the movement is performed in a series of forward sideways strides.

Aims of half-pass in trot: to show a fluent collected trot movement on a diagonal line with a greater degree of bend than in shoulder-in. Fore and hind legs cross, balance and cadence are maintained.

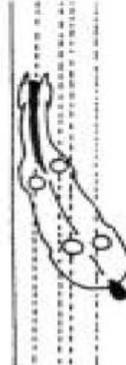

Aims of the half-pass in canter: to both demonstrate and develop the collection and suppleness of the canter by moving fluently forwards and sideways without any loss of rhythm, balance or softness and submission to the bend.

ARTICLE E 1.15 THE PIROUETTE, THE HALF PIROUETTE AND TURN ON THE HAUNCHES

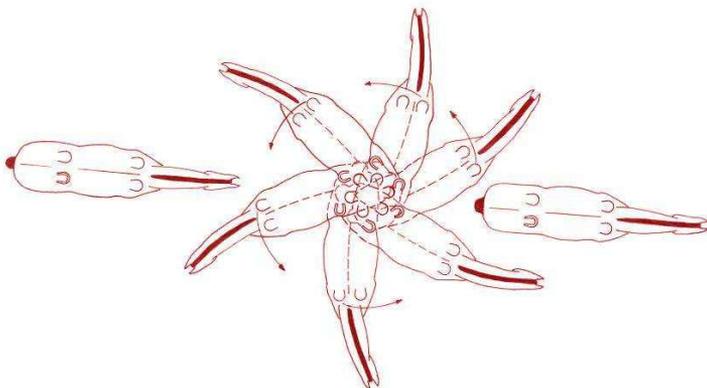

1. **The pirouette (half-pirouette):** is a turn of 360 degrees (180 degrees) executed on two tracks, with a radius equal to the length of the horse and the forehand moving around the haunches.
2. Pirouettes (half-pirouettes) are usually carried out at collected walk or canter but can also be executed at piaffe.
3. At the pirouette (half-pirouette) the forefeet and the outside hind foot move around the inside hind foot. The inside hind leg describes a circle as small as possible.
4. At whatever pace the pirouette (half-pirouette) is executed, the horse, slightly bent in the direction in which it is turning, remains "on the bit" with a light contact, turning smoothly around, and maintaining sequence and timing of footfalls of that pace. The poll remains the highest point during the entire movement.
5. During the pirouettes (half-pirouettes) the horse should maintain its activity (walk also included) and never move backwards or sideways.
6. In executing the pirouette or the half-pirouette in canter, the **athlete-rider** should maintain lightness of the horse while accentuating the collection. The horse's hindquarters are well engaged and lowered and show a good flexion of the joints. An integral part of the movement is the quality of the canter strides before and after the pirouette. The strides should show an increased activity and collection before the pirouette and the balance should be maintained at the end of the pirouette.

Aims of the pirouette and half-pirouette in canter: to demonstrate the willingness of the horse to turn around the inside hind leg on a small radius, slightly bent in the direction of the turn while maintaining the activity and the clarity of the canter, the straightness and the balance before and after the figure and clear canter strides during the turn. In the pirouette or half-pirouette in canter, the judges should be able to recognize a real canter stride although the feet of the diagonal – inside hind leg, outside front leg – are not touching the ground simultaneously.

7. The quality of the pirouette (half pirouette) is judged according to the suppleness, lightness and regularity, and the precision and smoothness of the

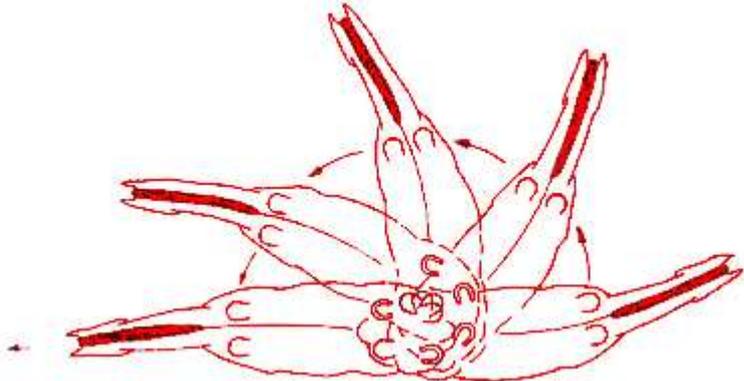

entrance and exit. Pirouettes (half-pirouettes) in canter should be executed in six to eight strides – full pirouettes – and three to four strides – half-pirouette.

8. Half-pirouettes in walk (180 degrees) are executed out of collected walk with the collection being maintained throughout the exercise. When the horse exits the half-pirouette, it returns to the initial track without crossing the hind legs.

Pirouette and half-pirouette in canter

9. Turn on the haunches from walk. For younger horses that are still not able to show collected walk, the “turn on the haunches” is an exercise to prepare the horse for collection. The “turn on the haunches” is executed out of medium walk, prepared by half halts to shorten the steps a little and to improve the ability to bend the joints of the hindquarters. The horse does not halt before or after the turn. The “turn on the haunches” can be executed on a larger radius than the pirouette in walk, at approximately one metre (Note: FEI rules state a radius of 1/2 meter. The larger radius quoted in this EC rule is due to the rules governing the USEF Dressage-dressage tests in use), but the demands of the training scale concerning rhythm, contact, activity and straightness are the same. A turn on the haunches is to be judged like a regular half pirouette except that full credit must also be given for a well performed but larger (one meter) turn on the haunches. Full credit should also be given for a well performed regular sized half pirouette. A significant deduction should be made if an athletea rider attempts a regular half pirouette, but performs it poorly.

Half-pirouette in walk

~~10. Turn on the haunches from halt to halt (one hundred and eighty degrees). To maintain the forward tendency of the movement one or two forward steps at the beginning of the turn are permitted. The same criteria apply as for the turn on the haunches from walk.~~

ARTICLE E 1.16 THE PASSAGE

1. **The passage** is a measured, very collected, elevated and cadenced trot. It is characterized by a pronounced engagement of the hindquarters, a more accentuated flexion of the knees and hocks, and the graceful elasticity of the movement. Each diagonal pair of legs is raised and returned to the ground alternately, with cadence and a prolonged suspension.
2. In principle, the height of the toe of the raised forefoot should be level with the middle of the cannon bone of the other supporting foreleg. The toe of the raised hind foot should be slightly above the fetlock joint of the other supporting hind leg.
3. The neck should be raised and gracefully arched with the poll as the highest point and the nose line close to the vertical. The horse should remain light and soft "on the bit" without apparent effort and without altering the cadence. The impulsion remains lively and pronounced.
4. Irregular steps with the hind or front legs, swinging the forehand or the hindquarters from one side to the other, as well as jerky movements of the forelegs or the hind legs, dragging the hind legs or double beat in the moment of suspension are serious faults.
The aim of passage is to demonstrate the highest degree of collection, cadence and suspension in the trot.

ARTICLE E 1.17 THE PIAFFE

1. **Piaffe** is a highly collected, rhythmical, elevated diagonal movement giving the impression of remaining in place. The horse's back is supple and elastic. The hindquarters are lowered; the haunches with active hocks are well engaged, giving great freedom, lightness and mobility to the shoulders and forehand. Each diagonal pair of legs is raised and returned to the ground alternately, with spring and regularity.
 - 1.1 In principle, the height of the toe of the raised forefoot should be level with the middle of the cannon bone of the other supporting foreleg. The toe of

the raised hind foot should reach just above the fetlock joint of the other supporting hind leg.

- 1.2 The neck should be raised and gracefully arched, with the poll as the highest point. The horse should remain "on the bit" with a supple poll, maintaining soft contact. The body of the horse should move in a supple, cadenced and harmonious movement.
- 1.3 Piaffe should show true commitment and must always be animated by a lively activity and characterized by perfect balance. While giving the impression of remaining in place, there may be a visible inclination to advance, this being displayed by the horse's eager acceptance to move forward as soon as it is asked.
- 1.4 Moving even slightly backwards, irregular or jerky steps with the hind or front legs, no clear diagonal steps, crossing either the fore or hind legs, or swinging either the forehand or the hindquarters from one side to the other, getting wide behind or in front, moving too much forward or double beat rhythm are all serious faults.

The aim of piaffe is to demonstrate the highest degree of collection while giving the impression of remaining in place

ARTICLE E 1.18 THE IMPULSION/THE SUBMISSION (WILLING CO-OPERATION)

1. **Impulsion** is the term used to describe the transmission of an eager and energetic, yet controlled, propulsive energy generated from the hindquarters into the athletic movement of the horse. Its ultimate expression can be shown only through the horse's soft and swinging back guided by gentle contact with the ~~athlete's-rider's~~ hand.
 - 1.1 Speed, of itself, has little to do with impulsion; the result is more often a flattening of the paces. A visible characteristic is a more pronounced articulation of the hind leg, in a continuous rather than staccato action. The hock, as the hind foot leaves the ground, should first move forward rather than being pulled upwards, but certainly not backwards. A prime ingredient of impulsion is the time the horse spends in the air rather than on the ground. Impulsion is, therefore, seen only in those paces that have a period of suspension.
 - 1.2 Impulsion is a precondition for a good collection in trot and canter. If there is no impulsion, then there is nothing to collect.
2. **Submission** (willing co-operation) does not mean subordination, but an obedience revealing its presence by a constant attention, willingness and confidence in the whole behavior of the horse as well as by the harmony, lightness and ease it is displaying in the execution of the different movements. The degree of the submission (willing co-operation) is also demonstrated by the way the horse accepts the bit, with light and soft contact and a supple poll. Resistance to or evasion of the ~~athlete's-rider's~~ hand, being either "above the bit" or "behind the bit" demonstrate the lack of submission. The main contact with the horse's mouth must be through the snaffle bit
 - 2.1 Putting out the tongue, keeping it above the bit or drawing it up altogether, as well as grinding the teeth or agitation of the tail are mostly signs of nervousness, tension or resistance on the part of the horse and must be taken into account by the judges in their marks for every movement

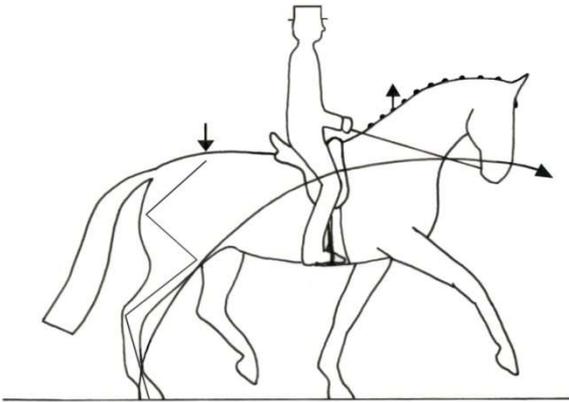

concerned as well as in the collective mark for “submission” (willing co-operation).

- 2.2 The first thought when considering submission is willingness, that the horse understands what is being asked of it and is confident enough in the **athlete rider** to react to the aids without fear or tension.
- 2.3 The horse’s straightness, uphill tendency and balance enable it to stay in front of the **athlete’s rider’s** legs and go forward into an accepting and self-carrying contact with the bit. This is what really produces the picture of harmony and lightness.

The fulfilling of the main requirements/movements of a **Dressage-dressage** test is the main criterion for submission (willing co-operation).

ARTICLE E 1.19 THE COLLECTION

1. The aim of the collection of the horse is:
 1. ~~a)~~ — To further develop and improve the balance and equilibrium of the horse, which has been more or less displaced by the additional weight of the **athleterider**.
 2. ~~b)~~ — To develop and increase the horse’s ability to lower and engage its hindquarters for the benefit of the lightness and mobility of its forehand.
 3. ~~e)~~ — To add to the "ease and carriage" of the horse and to make it more pleasurable to ride.
2. Collection is developed through the use of half-halts and the use of lateral movements shoulder-in, travers, renvers and half pass.
3. Collection is improved by the use of the seat and legs and containing hands to engage the hind legs. The joints bend and are supple so that the hind legs can step forward under the horse’s body.
4. However, the hind legs should not be engaged so far forward under the horse, that they shorten the base of support excessively, thereby impeding the movement. In such a case, the line of the back would be lengthened and raised too much in relation to the supporting base of the legs, the stability would be impaired, and the horse would have difficulty in finding a harmonious and correct balance.
5. On the other hand, a horse with an over-long base of support, which is unable or unwilling to engage its hind legs forward under its body, will never achieve acceptable collection, characterized by "ease and carriage" as well as a lively impulsion, originating from the activity of the hindquarters.
6. The position of the head and neck of a horse at the collected paces is naturally dependent on the stage of training and, to some degree, on its conformation. It is distinguished by the neck being raised without restraint, forming a harmonious curve from the withers to the poll, which is the highest point, with the nose slightly in front of the vertical. At the moment the **athlete-rider** applies his aids to obtain a momentary and passing collecting effect, the head may become more or less vertical. The arch of the neck is directly related to the degree of collection.

ARTICLE E 1.20 THE POSITION AND AIDS OF THE ATHLETE-RIDER

1. All the movements should be obtained with imperceptible aids and without apparent effort of the athlete-rider. The athlete-rider should be well balanced, elastic, sitting deep in the centre of the saddle, smoothly absorbing the movement of the horse with his loins and hips, supple thighs with the legs steady and stretched well down. The heels should be the lowest point. The upper part of the body should be tall and supple. The contact should be independent from the athlete's-rider's seat. The hands should be carried close together, with the thumb as the highest point and a straight line from the supple elbow through the hand to the horse's mouth. The elbows should be close to the body. All of these criteria enable the athlete-rider to follow the movements of the horse smoothly and freely.
2. The effectiveness of the athlete's-rider's aids determines the precise fulfillment of the required movements of the tests. There shall always be the impression of a harmonious co-operation between horse and athlete-rider.
3. Riding with both hands is obligatory. When leaving the arena at a walk on long rein, after having finished the test the athlete-rider may, at his/her discretion, ride with only one hand. For Freestyle tests, see also Directives for Judges – Freestyle tests and Directives for assessing the degree of difficulty in a Freestyle test available at www.fei.org.
4. The use of the voice or clicking the tongue repeatedly is a serious fault, which should be considered in the mark for the movement.

ARTICLE E 1.21 PARA DRESSAGE -THE POSITIONS AND AIDS OF THE ATHLETE-RIDER

1. The athlete-rider will be as well balanced and steady in the saddle as possible, conforming to the FEI definition of the athlete-rider position. This position makes it possible for the athlete-rider to show progressive riding and /or training and to show all the movements and transitions with as little effort of the athletes rider as possible. The aids with which the athlete-rider communicates with the horse are of great importance in Para-Dressagepara dressage.

CHAPTER 2

NATIONAL MOVEMENTS & REQUIREMENTS

EC governs and designs the easier grades, which build up to the international standard. The following is a description of some of the movements and requirements which are used as a foundation for the more difficult movements of advanced ~~Dressage-dressage~~ and which are not included in the objects and general principles of ~~Dressage-dressage~~ above.

ARTICLE E 2.1 LENGTHENED STRIDE

The horse is asked to lengthen its stride while engaging its hocks. A quickening of pace is to be strictly penalized. This is a ~~pre~~preparation for the medium and extended paces of the more advanced levels. The transition between lengthened stride and ordinary stride helps to create balance and impulsion.

ARTICLE E 2.2 SITTING AND RISING TROT

In all levels the working, medium, extended trots and trot with lengthened stride are all executed sitting unless otherwise instructed. When rising trot is permitted in a test or class, the ~~athlete-rider~~ should change the rising diagonal when changing directions, except during a lengthening. The correct rising diagonal is ~~considered to be~~when the ~~athlete-rider~~ is sitting when the outside front foot and inside hind foot are on the ground. In general, riding on the outside diagonal correctly influences the horse's balance in movements other than straight lines. A change of direction in rising trot implies a change of rising diagonal, but it is up to the ~~athlete-rider~~ to determine where the change should occur. If no change is made, there is no error and no deduction is made unless the balance of the horse is adversely affected, as it might be, for example, in a turn, circle or leg yield. In that case, the movement is judged accordingly and the collective marks for Submission and Effective Use of the ~~Aids~~ ~~aids~~ could be negatively impacted.

At a transition from a rising trot to a canter, walk, or halt, the last few steps of the trot should be executed sitting. See test sheet for rising or sitting instructions.

Note: ~~Sidesaddle-Ladies Riders riding sidesaddle-Sidesaddle riders to~~ execute all trot movements sitting.

ARTICLE E 2.3 CHANGE OF LEG THROUGH TROT

The change of leg when performed through the trot must not include more than three or four steps of trot. ~~For simple changes E1.6.4.7.~~

ARTICLE E 2.4 TROT AND CANTER, ROUND AND LOW

The trot and canter, round and low, will be developed on the 20m circle. The horse, by smoothly taking the rein, will stretch its head and neck forward and down, stretching over its back in a round frame, while maintaining a rhythmic gait and contact with the bit.

ARTICLE E 2.5 EXECUTION OF MOVEMENTS

In a movement which must be carried out at a certain point of the arena, it should be done at the moment when the ~~competitor's-rider's~~ body is above this point, except in transitions where the horse approaches the letter from a diagonal or perpendicular to the point where the letters are positioned. In this case, the transitions must be done

when the horse's nose reaches the track at the letter so that the horse is straight in the transition.

ARTICLE E 2.6 THE TRANSITIONS

The changes of pace and variations within the paces should be performed exactly at the prescribed marker. The cadence/rhythm of a pace should be maintained up to the moment when the pace or movement is changed or the horse halts. Transitions within the paces must be clearly defined while maintaining the same rhythm and cadence throughout. The horse should remain light in hand, calm, and maintain a correct position. The same applies to transitions from one movement to another, for instance from passage to piaffe or vice versa.

ARTICLE E 2.7. THE QUARTER PIROUETTE

As a preparatory exercise, the quarter-pirouette is usually executed on the track at a given letter or from a diagonal, the horse being highly collected for one or two strides before and then through the execution of a 90 degree turn around the haunches in two-three strides, maintaining a correct canter footfall.

ARTICLE 2.8 THE WORKING PIROUETTE

The pirouette (half-pirouette) is a turn of 360 degrees (180 degrees) executed on two tracks, with the forehand moving around the haunches. The working pirouette should be approximately three meters. The requirements for a working half-pirouette are identical to those of a regular half-pirouette, except that the allowable diameter is increased to approximately three meters. A working half-pirouette is to be judged like a regular half-pirouette except that full credit must be given for a well-performed, but larger (three meter) half-pirouette. Full credit should also be given for a well-performed regular-sized half-pirouette. A significant deduction should be made if an athlete a rider attempts a regular half pirouette but performs it poorly.

ARTICLE E 3.7 PURPOSE OF TESTS FOR DRESSAGE/ PARA DRESSAGE COMPETITIONS

1. Objectives and standards for national tests:
 1. **Para Dressage:** Para dressage tests provide riders with a physical or visual impairment the opportunity to compete against other riders with similar abilities. Riders are classified and given a “Grade” based on their functional ability and are then judged on their riding skill against other riders of the same Grade.
 2. **Introductory:** To introduce the rider and, or horse to the sport of dressage. To show understanding of riding the horse forward with a steady tempo into an elastic contact with independent, steady hands and a correctly balanced seat. To show proper geometry of figures in the arena with correct bend (circles and corners).
 3. **Training Level:** To confirm that the horse demonstrates the correct basics, it is supple and moves freely forward in a clear rhythm with a steady tempo, accepting contact with the bit.
 4. **First Level:** To confirm that the horse demonstrates the correct basics, and in addition to the requirements of Training Level, has developed the thrust to achieve improved balance and a degree of thoroughness ~~thoroughness~~ and is reliably on the bit and accepts the contact without any tension or resistance.
 5. **Second Level:** To confirm that the horse demonstrates correct basics, and having achieved the thrust required in First Level, now accepts more weight on the hindquarters (collection); moves with an uphill tendency, especially in the medium gaits; and is reliably on the bit. A greater degree of straightness, bending, suppleness, thoroughness ~~thoroughness~~, balance and self-carriage is required than at First Level.
 6. **Third Level:** To confirm that the horse demonstrates correct basics and having begun to develop an uphill balance at Second Level, it now demonstrates increased engagement, especially in the extended gaits. Transitions between collected, medium and extended gaits should be

well defined and performed with engagement. The horse should be reliably on the bit and show a greater degree of straightness, bending, suppleness, thoroughness, balance and self-carriage than at Second Level.

7. **Fourth Level:** To confirm that the horse demonstrates correct basics, and has developed sufficient suppleness, impulsion and thoroughness to perform the Fourth Level tests which have a medium degree of difficulty. The horse remains reliably on the bit, showing a clear uphill balance and lightness as a result of improved engagement and collection. The movements are performed with greater straightness, energy and cadence than at Third Level.

ARTICLE E 3.8 MISCELLANOUS CLASSES

1. These classes may be offered by any EC dressage competition using ART A503 Miscellaneous Classes. Miscellaneous Western Dressage, Pony Club or Eventing/Horse Trials Dressage Tests should refer to those specific discipline rules.

ARTICLE E 6.1 OBJECTIVE OF PARA DRESSAGE

1. To provide and develop competition opportunities for equestrian ~~athletes riders~~ with ~~either a physical and/or and, or~~ visual ~~impairments~~ impairment.
2. ~~To classify all athletes competing at silver and gold competitions with a functional profile and grade. This classification enables the athletes to compete on an equitable basis using permitted compensating aids according to their respective degrees of impairment and provides suitable tests at each grade for competition.~~

~~3.1 GRADES FOR ATHLETES~~

1. ~~Grade I: Athlete has a severe impairment affecting all limbs and trunk. The Athlete usually requires the use of a wheelchair. They may be able to walk with an unsteady gait. Trunk and balance are severely impaired.~~
- 2.1. ~~Grade II: Athlete has either a severe impairment of the trunk or minimal impairment of the upper limbs or moderate impairment of the trunk, upper and lower limbs. Most Athletes in this Grade use a wheelchair in daily life.~~
- 3.1. ~~Grade III: Athlete has severe impairment in both lower limbs with minimal or no impairment of the trunk or moderate impairment of the upper and lower limbs and trunk. Some Athletes in this Grade may use a wheelchair in daily life.~~
- 4.1. ~~Grade IV: Athlete has a severe impairment or deficiency of both upper limbs or a moderate impairment of all four limbs or short stature. Athletes in Grade IV are able to walk and generally do not require a wheelchair in daily life. Grade IV also includes Athletes having a visual impairment equivalent to B1 with very low visual acuity and/or no light perception.~~
- 5.1. ~~Grade V: Athlete has a mild impairment of movement or muscle strength or a deficiency of one limb or mild deficiency of two limbs. ARTICLE E 6.2 CONDITIONS OF PARTICIPATION

1. ~~Athlete Classification:~~ It is a condition of participation that the ~~athlete rider~~ has a permanent, verifiable and measurable physical or visual impairment that is supported by medical evidence ~~and that~~ satisfies the ~~minimal minimum~~ impairment criteria.
2. ~~All athletes~~ Riders wishing to compete in para dressage classes at EC Sanctioned silver and ~~or~~ gold competitions must undergo an ~~athletea rider~~ classification session with two nationally or FEI accredited Para Dressage para dressage classifiers before they can take part in a competition.
 1. ~~An athlete~~ A rider will be allocated a grade ~~Grade~~ for competition based on their functional profile as described in the FEI PE ~~Para Equestrian~~ Classification Manual; <https://inside.fei.org/fei/disc/para-dressage/classification>.

- ~~1.2. This functional A rider's~~ profile may need to be reviewed periodically. Classifiers determine the frequency of the review (re-classification schedule). An athlete A rider with supporting medical documentation can also ask to undergo a medical review for re-classification if their condition deteriorates or improves.
- ~~2.3. Athletes-Riders not yet officially classified may compete in para dressage classes at with a permanent impairment wishing to participate in EC sanctioned Bronze level competitions. 6. Classified and non classified **athletes-riders** must complete an EC request for non-standard compensating aids they are considering using a non-standard compensating aid. The request will be reviewed by the non-standard compensating aids panel. If the request is accepted by the panel the non-standard compensating aid will be added to the **athletes-riders** EC Classification Master list of the EC Medical Dispensation list. If the non-standard compensating aid does not appear on the list, the **athlete-rider** may not use it. If the request is not accepted, the non-standard compensating aids panel will state why the request was not accepted.

10. **Stirrups** – riders with 1 leg may ride with 1 stirrup. If the rider rides with a prosthesis 2 stirrups must be used. Riders may ride without stirrups if required.
11. **Use of sign language**
12. **Commanders and Callers** – see ART E 6.10

3. Non-Standard Compensating Aids or Adaptive Equipment

1. ~~Non Standard compensating aids or adaptive equipment~~ **aids are aids or equipment, other than those above, required by an individual rider and not described specifically in these rules. The need for these aids must be supported through the Classification process and the aid must be approved by the EC Compensating Aids or Adaptive Equipment Aids Panel. The aids are prescribed. These aids are approved specifically for the athlete**~~rider~~ **to enable them to ride the horse without an advantage over other athletes**~~riders~~ **within the same profile or Grade. These aids may include modifications to a standard or profile specific compensating aid or adaptive equipment **aid or a piece of non-standard equipment custom made for the Athlete**~~rider~~.**
2. ~~The use of non-standard compensating aid must be approved by the EC non-standard compensating aids panel before being used. Any requests for non-standard compensating aids or adaptive equipment~~ **aids must be**

made to EC Para Dressage Department who will forward the request to the CAP Compensating Aids or Adaptive Equipment Aids panel. The CAP panel will review the request and if approved the item will be added to the Athlete's rider's EC Classification Master List or EC Para Dressage Dispensation Certificate. Equipment cannot be used, until it appears on the EC Classification Master list or the EC Para Dressage Dispensation Certificate.

3. It is the responsibility of the athlete rider to ensure that all special equipment/non-standard compensating aids or adaptive equipment aids they use in competition meet the requirements under these rules, and that any non-standard or profile-specific compensating aids are noted for that athlete on their EC Classification Master list or EC Para Dressage Dispensation Certificate.

ARTICLE E 6.18-6.10 COMMANDERS AND CALLERS

COMMANDERS

1. Definitions:—Commanders read a test – The Canadian term ‘called’ is understood.;
—Callers call out the letters to those athletes with visual impairment who need this assistance.
2. At EC sanctioned Bronze, Silver and Gold level competitions, all EC para dressage national tests Para Dressage (EC and/or FEI) tests may be commanded. At EC Silver and Gold level competitions, all EC Para Dressage tests may be commanded, but FEI Para Dressage para dressage tests may only be commanded if a commander is listed as an approved compensating aid or adaptive equipment aid on the EC Para Dressage Dispensation Certificate or the EC Classification Master List. The Canadian term ‘called’ is understood where the FEI rules state ‘commanded’.
3. Commanders are permitted at championship shows if the athlete rider has this compensating aid or adaptive equipment aid listed on the EC Para Dressage Dispensation Certificate or the EC Classification Master List.
4. An electronic communication device may be used by the Commander if it is listed on the athlete's rider's EC Para Dressage Dispensation Certificate or the EC or FEI Classification Master List.
5. The person communicating to a competitor rider in the ring must stand next to a steward or an OC organizing committee appointed supervisor.
6. Riders shall have no more than one commander who shall stand in a fixed position outside the arena at E or B, or if this is not possible, stand as directed by the judge at C.
7. The commander may read each movement once or twice only, from the official printed text version of the test or extracts from it (without any augmentation).
8. The commander may inform the rider that the bell has rung.
9. Commanders may not carry a whip.
10. Headset use during test:
 1. All riders who have been allowed a commander or caller(s) as a compensating aid or adaptive equipment aid on the EC Para Dressage Dispensation Certificate or the EC Classification Master List are permitted to use a headset during freestyle tests only.
 2. Athletes/Riders who qualify as above (6.18.2) to use a commander, and who are also deaf, or hearing impaired as identified through the

classification process, may use sign language and/or and, or they may use a radio headset during all tests. This will be stated as a compensating aid or adaptive equipment aid on the EC Para Dressage Dispensation Certificate or the EC or FEI Classification Master List.

3. It is the responsibility of the rider to provide a fully functioning headset with a receiver to enable the steward to listen to all communication going from the Commander to the rider. If a headset is not provided for the steward, the rider will not be permitted to use the equipment and must ride the test without it. **Exception:** If lack of a headset for the steward is noted during warmup, a judge may permit rescheduling until a suitable headset is provided.

All athletes who have been allowed a commander or caller(s) as a compensating aid on the EC Para Dressage Dispensation Certificate or the EC Classification Master List are permitted to use a headset during freestyle tests only.

It is the responsibility of the athlete to provide a fully functioning headset with a receiver to enable the steward to listen to all communication going from the coach / helper to the athlete. If a headset is not provided for the steward, the athlete will not be permitted to use the equipment and must ride the test without it. **Exception:** If lack of a headset for the steward is noted during warm-up, a judge may permit rescheduling until a suitable headset is provided.

Athletes shall have no more than one commander who shall stand in a fixed position outside the arena at E or B, or if this is not possible, stand as directed by the judge at C.

The commander may read each movement once or twice only, from the official printed text version of the test or extracts from it (without any augmentation).

All commanders must be supervised by a steward or an OC appointed supervisor, preferably one who speaks the same language.

Commanders may not carry a whip.

CALLERS

1. Callers call out the letters to those riders with visual impairments.
2. Callers may only call the name of the letter(s).
3. Only the lead caller (who may also be the commander command—where approved as in 6.14.3) may be in the center of the arena and may not move around except for a safe distance to avoid the path of the horse. All other callers must be positioned outside the arena, and may move from one marker to another, provided they do not restrict the vision of any of the Judges/judges.
4. There shall be no more than four (4) human callers placed around the arena and one (1) caller at X, but Athletes/riders with classified visual impairment are encouraged to use as few callers as possible.
5. Electronic callers can be placed at every letter. The caller at C may be exchanged for a beacon beeper which is to be provided by the athlete/rider. The OC/organizing committee must be notified if electronic callers are being used and the set-up of such devices must not affect the running of the competition, nor cause any disturbance to other athletes/riders.
6. Callers may not carry a whip.

ARTICLE E 6.66.11 THE POSITION AND AIDS OF THE ATHLETE/RIDER

Wherever able, athletes should follow the guidelines as set out in Article E 1.20

1. Wherever possible the athlete~~rider~~ should follow the objective and general principles of Dressage~~dressage~~. However, as athletes~~riders~~ with impairments do not have the use of the entire body, all references to the aids must be interpreted to include the use of other parts of the body ~~and/or~~and, or appropriate and approved compensating ~~aids or adaptive equipment~~aids.
 2. The athlete~~rider~~ will try to be well balanced and steady in the saddle, conforming as far as possible to the FEI definition of an athlete's~~a rider's~~ position. This position makes it possible for the athlete~~rider~~ to show progressive riding ~~and/or~~and, or training and to show all the movements and transitions with as little effort of the Athlete~~rider~~ as possible. The aids that communicate the wishes of the athlete~~rider~~ to the horse are of great importance in dressage.
 3. Where possible, athletes~~riders~~ will ride with both hands. If foot reins are used, neither the hands nor arms may be used, at all Para Dressage events when executing any official Para Dressage tests published by the FEI or EC.
 1. A discreet "pat on the neck" for a well performed exercise or for reassurance is perfectly acceptable or is the situation of an Athlete~~a rider~~ needing to wipe a fly from their eye or other situations such as adjusting clothing etc. However, if the athlete~~rider~~ intentionally takes the reins into one hand in order to use either the reins of the other hand to produce more impulsion from the horse, or to promote applause from the spectators during the test, it will be considered a fault and will be reflected in the mark for both the movement and the collective mark for "Athlete~~rider~~". If foot reins are used, neither the hands nor arms may be used.
 2. When leaving the arena at a walk on a long rein, after having finished their performance, the athlete~~rider~~ may, at their own discretion, ride with only one hand.
- Voice — athletes in Grades I, II and III may use their voice as an aid whilst riding in their allocated grade, provided they do so in moderation. Athletes in Grades IV and V may not use their voice at any time during the execution of their test.
- Once a test has started the athlete shall not speak to any other person, unless spoken to by the judge. Such a fault will be penalized by the deduction of at least two (2) marks by each judge from those that would otherwise have been awarded for the movement where the voice was used.

ARTICLE 6.5E 6.12 EXECUTION OF TESTS

1. All FEI ~~para dressage~~ tests must be carried out entirely from memory, ~~except~~**Exception:** ~~those who may have their Tests commanded and/or called and, or caller listed as a compensating aid or adaptive equipment~~aid listed on their EC Para Dressage Dispensation Certificate or EC Classification Master List, or FEI Classification Master List.
- 1.2. All athletes~~riders~~ with visual impairment may start the test from within the arena.
- 2.3. At EC ~~Dressage para dressage~~ competitions, ~~on the grounds of safety,~~ athletes~~riders~~ in Grade I, II, III and Profile 36 (totally blind) ~~riders,~~ may be accompanied around the outside arena by the trainer, or ~~his~~their representative, before the ~~Test~~test starts. They may be led, but must not be schooled from the ground. ~~This~~During this test, this person may stand outside the competition

arena in the space surrounding the competition arena within the overall enclosure.-on the field of play during the Test

4. ~~For Grade I, II and III riders, if circumstances allow, a companion horse, that horse may stand adjacent to the arena. The area where a companion horse may stand must be designated by the Judge-judge at C prior to the start of the class.~~
- 3-5. ~~Grade I, II and III riders may use their voice during the test.~~
4. ~~Maximum Tests per day: All athletes of all grades may compete in a maximum of four tests per day. Within this four a day limit, athletes are allowed to compete both Para Dressage and Dressage tests. Horses may compete in a total of four tests per day regardless of grade or division.~~
- 5-6. ~~In the event that the horse starts to defecate or urinate, the clock will be stopped until the horse is ready to continue at which point the clock will be restarted.~~
6. ~~All athletes may salute with a nod of their head only. Headgears must not be removed at the salute, and contact must be maintained on the reins.~~
7. ~~Beginning/End of test.~~ A test begins with the Entry-entry at A and ends after the salute at the end of the tests as soon as the horse moves forward.

~~ARTICLE E 6.6 THE POSITION AND AIDS OF THE ATHLETE~~

~~Wherever able, athletes should follow the guidelines as set out in Article E 1.20~~

- 2.1. ~~Wherever possible the athlete should follow the objective and general principles of Dressage. However, as athletes with impairments do not have the use of the entire body, all references to the aids must be interpreted to include the use of other parts of the body and/or appropriate and approved compensating aids.~~
- 3-1. ~~The athlete will try to be well balanced and steady in the saddle, conforming as far as possible to the FEI definition of an athlete's position. This position makes it possible for the athlete to show progressive riding and/or training and to show all the movements and transitions with as little effort of the Athlete as possible. The aids that communicate the wishes of the athlete to the horse are of great importance in dressage.~~
- 4.1. ~~Where possible, athletes will ride with both hands at all Para Dressage events when executing any official Para Dressage tests published by the FEI or EC.~~
 1. ~~A discreet "pat on the neck" for a well performed exercise or for reassurance is perfectly acceptable or is the situation of an Athlete needing to wipe a fly from their eye or other situations such as adjusting clothing etc.~~

~~However, if the athlete intentionally takes the reins into one hand in order to use either the reins of the other hand to produce more impulsion from the horse, or to promote applause from the spectators during the test, it will be considered a fault and will be reflected in the mark for both the movement and the collective mark for "Athlete". If foot reins are used, neither the hands nor arms may be used.~~
- 5-1. ~~When leaving the arena at a walk on a long rein, after having finished their performance, the athlete may, at their own discretion, ride with only one hand.~~
- 4.1. ~~Voice— athletes in Grades I, II and III may use their voice as an aid whilst riding in their allocated grade, provided they do so in moderation. Athletes in Grades IV and V may not use their voice at any time during the execution of their test.~~
- 5.1. ~~Once a test has started the athlete shall not speak to any other person, unless spoken to by the judge. Such a fault will be penalized by the deduction of at~~

least two (2) marks by each judge from those that would otherwise have been awarded for the movement where the voice was used.

ARTICLE E ~~6.7.6.13~~ COLLECTIVE MARKS

1. National Tests

1. Paces
2. Submission (way of going, attention and confidence, ease of movements, acceptance of bridle)
3. Skill and accuracy of rider
4. Equestrian feel and skill of rider~~Rider's position and seat, correctness and effect of the aids~~

2. FEI Tests

1. General Impression (harmonious presentation of the rider/horse combination, equestrian feel and skill of the rider, discreet and effective influence of the aids, accuracy)
- ~~1. Collective marks on Para-Dressage tests differ slightly from collective marks in Dressage tests. Movements, and certain transitions from one (1) movement to another, which have to be marked by the Judges, are numbered on the Judge's sheet.~~
 - ~~2. They are marked from zero (0) to ten (10) by each Judge, zero (0) being the lowest and ten (10) the highest mark.~~
 - ~~3. For the scale of marks see E.9.7.10.a) b) c).~~
 - ~~4. "Not executed" means that practically nothing of the required movement has been performed.~~
 - ~~5. Collective mark – After the Athlete has finished their performance, a collective mark is allocated for "General Impression"~~
 - ~~6. The collective mark, as well as certain difficult movements, can be given a coefficient, which is fixed by the FEI.~~

ARTICLE E ~~6.8.6.14~~ ERROR OF TEST/ELIMINATION/PENALTIES

The following ~~replace or are in places or is~~ in addition to the information stated in Chapter 9, Article E 9.3 Error of Test and Article E 9.5 Elimination from a Class Error of Test

1. Error of Test:

Each of these errors incur 2 technical penalties in EC para dressage test and 0.5% in FEI tests ridden at EC sanctioned competitions, two (2) penalty points which are not cumulative and therefore do not result in elimination. The technical penalties will be deducted per fault by each judge but these deductions are not cumulative and will not result in elimination (including the freestyle tests):

- ~~1. **Sound of the Bell:** Entering the Dressage arena before the sound of the bell; not ~~Not~~ entering the Dressage arena within ~~sixty (60)~~ 60 seconds after the bell, but within ~~one hundred and twenty (120)~~ 120 seconds. If an Athlete does not enter the arena within 120 seconds of the bell being rung, the Athlete will be eliminated. For Freestyle ~~freestyle~~ tests, entering the Dressage arena after more than ~~thirty (30)~~ 30 seconds of music, but within ~~sixty (60)~~ 60 seconds.~~
- ~~2. **Discrepancy in Dress Rules:** Entering the arena with boots on the horse's legs or a discrepancy in the dress rules. If the test has already started before the discrepancy has been noticed, the Judge at C stops the Athlete and if~~

needed and possible, an assistant may enter the arena to remove the item(s). Once the items have been removed, the athlete may continue their test, either by starting from the beginning (from inside the fence) or from the movement where they were stopped. The marks given before they were stopped are not changed.

- 3.2. **Resistance** - Resistance may last no longer than 60 seconds. However, resistance that may endanger athleteriders, horsehorses, officials or members of the public may result in immediate elimination for safety reasons. see below point 2.
- 4.3. **Horse Leaving the Arena:** Athlete Rider directing the horse to the outside of the arena. In the case of a horse being unintentionally directed to leave the arena with all four feet where the boards are continuous, the steward or other suitable person will remove one or more boards to allow the athlete rider to re-enter the arena safely.

Errors for Freestyles

5. **Disallowed Movements:** ~~An athlete intentionally showing disallowed paces or movements during the execution of the freestyle test will have eight (8) marks deducted by each judge each time a disallowed movement is shown, and the choreography mark will be five (5) or below but will not be eliminated. The decision of the judge at C will be final in such cases.~~
6. **Required Movements:** The test sheet shows a list of required movements that must be included in the test. If a required movement has been omitted, the judge(s) will each give zero (0) for that movement. The mark for choreography will also be affected. The decision of the judge at C will be final.
7. **Discussions:** Once a test has started the athlete shall not speak to any other person, unless spoken to by the judge. Such a fault will be penalized by the deduction of at least two (2) marks by each judge from those that would otherwise have been awarded for the movement where the voice was used.

1-2. Elimination from a Class

Each of the below situations will result in elimination:

1. **Fall:** Fall of horse and/or athlete
- 2.1. **Entering Arena:** Entering the Dressage arena after 120 see seconds for technical tests and after 90 seconds for freestyle tests.
- 3.2. **Horse Leaving Arena:** A horse leaving the arena completely, with all four feet and in a willful manner, causing the athlete-rider to lose control, however However, if the athlete rider directs the horse to the outside of the arena or the arena is not fully boarded, the horse is not automatically eliminated see ART E 6.14. The decision is that of the judge at C. Such incidents will incur a two (2) point deduction of the marks. In the case of a horse being unintentionally directed to leave the arena with all four feet where the boards are continuous, the steward or other suitable person will remove one or more boards to allow the athlete to re-enter the arena safely.
- 4.3. **Resistance:** Resistance which lasts over sixty (60)60 seconds. Resistance that endangers the athleterider, horse, officials or members of the public will result in immediate elimination for safety reasons
5. **Outside Assistance:** ~~Any outside assistance or intervention, including coaching by voice, signs etc., may result in elimination, at the discretion of the president of the ground jury or the judge at C. In cases where an Athlete stops the test and receives outside assistance in order to turn a~~

temporarily unsafe situation back into a safe situation, (in case of a lost stirrups), each judge should give zero (0) for the particular movement, but allows the Athlete to continue their Test. However, if the danger seems to be of a more permanent character, it shall remain at the discretion of the judge at C to eliminate the combination.

6. ~~**Blood:** Presence of blood also see Art E 9.5: If the Judge at C suspects fresh blood anywhere on the horse during the test, they will stop the horse to check for blood. If the horse shows fresh blood, it will be eliminated. If the Steward discovers fresh blood in the horse's mouth or in the area of the spurs during the equipment check at the end of the test, they must inform the Judge at C, who will eliminate the horse and the athlete. If there is blood on the horse, the onsite veterinarian is to be called to decide if the horse is fit to continue in additional classes at the event. If the horse is eliminated pursuant to the above, or if the horse is injured during the test and starts bleeding after finishing the test, it should be examined by an onsite veterinarian prior to the next class to determine if it is fit to continue in the event.~~
7. ~~**Schooling:** At Silver and Gold Championships, schooling of horses may only be done by the competing athlete from their arrival on the show grounds until their last class ridden, under penalty of elimination, with the exception of Grade I, II and III Classified Para Dressage athletes (See 6.11.1.1. below) A groom mounted in the saddle may walk the horse on a long rein.~~

ARTICLE E **6.156.9 OTHER OUTSIDE ASSISTANCE**

1. Any outside assistance or intervention, including coaching by voice, signs etc., may result in elimination, at the discretion of the president of the ground jury or the judge at C.
2. In cases where ~~an athlete~~ rider stops the test and receives outside assistance ~~in order~~ to turn a temporarily unsafe situation back into a safe situation (e.g. in case of a lost stirrup, broken equipment or broken compensating aid or adaptive equipment), each judge should give zero (0) for the particular movement, but allow the athlete-rider to continue their test when the unsafe situation is resolved. However, if the dangerous situation persists, it shall remain the discretion of the judge at C to eliminate the combination. The athlete's-rider's trainer or representative may stand near the competition arena to relay the judges' instructions, if necessary.
3. For Grade I, II and III, helpers (maximum ~~four~~ 4 in total including the trainer or other personnel as described above) may be placed in corners outside the arena for safety reasons. Each helper must stand as directed by the Steward steward to ensure they do not impede the view of the Judges~~judges~~. In an emergency, they may give physical assistance. Penalties will be at the discretion of the Judge~~judge~~ at C, who may eliminate the Athlete-rider either at the time, or at the conclusion of the ~~Test~~test. Any outside assistance other than in case of emergency, will be considered as unauthorized assistance (see FEI article 8430.14.1) and must result in elimination, see ART E 9.4.
4. ~~For Grade I, II and III, if circumstances allow, a companion horse may stand adjacent to the arena.~~
5. ~~All athletes with visual impairment may start the test from within the arena.~~

ARTICLE E-6.106.16 THE FEI FREESTYLE TEST

1. The FEI freestyle tests are competitions that can be used by offered for all grades-Grades at all levels (Novice, Intermediate and Grand Prix). Each grade Grade has its own freestyle test. See FEI tests at <https://inside.fei.org/fei/your-role/organisers/p-e-dressage/tests>.
2. Grade I - III freestyle tests must be no shorter than four minutes and no longer than four minutes and 30 seconds. Tests are performed in a 20 m x 40 m arena.
- 3.—Grade IV - V freestyle tests must be no shorter than four minutes 30 seconds, and no longer than five minutes, and may be arc ridden in a 20m x 40m or 20 m x 60 m arena. The music must not start more than twenty (20) seconds before the athlete enters the arena, and the music must cease at the final salute.
- 4.—A halt and salute on the center line facing the judge at C at the beginning and end of the test is compulsory. The test time will start when the athlete moves off from the first halt and finishes at the final halt.
- 5.—Prohibited Movements
- 6.—Athletes riding in Grade I and II may not show canter, piaffe or passage.
- 7.—Athletes riding in Grade III may not show piaffe or passage and only show canter work that does not include lateral work, flying changes, half or full pirouettes.
- 8.—Athletes riding in Grade IV may not show piaffe, passage, sequence changes or half or full canter pirouettes.
- 9.—Athletes riding in Grade V may not show piaffe, passage, one time or two times sequence changes or full pirouettes.
- 10.—An athlete intentionally showing disallowed paces or movements during the execution of the test will have eight (8) marks deducted by each judge each time a disallowed movement is shown, and the choreography mark will be five (5) or below but will not be eliminated. The decision of the judge at C will be final in such cases.
- 11.—The test sheet shows a list of required movements that must be included in the test. If a required movement has been omitted, the judge(s) will each give zero (0) for that movement. The mark for choreography will also be affected. The decision of the judge at C will be final.
- 12.—In case of equality of percentages in a Freestyle test for the first three (3) places, the higher artistic marks will decide on the better placing. Should the artistic mark be the same, the higher mark for harmony will decide. If still tied, the higher mark for choreography will decide. In the case of equality of marks for the remaining places, the athletes are given the same placing.

ARTICLE E 6.16.1 TIME LIMIT

1. The minimum and maximum time limit for all FEI freestyle tests can be found at the top of each freestyle test sheet.
2. The test is timed from the horse's move-off after the initial halt and salute and ceases at the final salute.
3. In the case of a freestyle test being clearly above or below the required time limit there will be a deduction of 0.5% (time penalty) from the total of the artistic score. Slight failure to perform within the given time (approx. 10 seconds) should be treated generously without a deduction of marks, especially if unusual circumstances occur.
4. The rider has 60 seconds to signal the music and 30 seconds to enter the arena after the start of the music. Exceeding 30 seconds after the start of the music will incur a penalty see ART E 6.14.1 Exceeding 90 seconds before entering the

arena will entail elimination see ART E 6.14.2.

ARTICLE E 6.16.2 COMPULSORY OR FORBIDDEN ELEMENTS

1. Compulsory elements are listed on each freestyle test sheet
2. Forbidden elements are movements of a higher class (a movement that is not mentioned in the test sheet) examples include:
 1. Grade I and II riders: Canter, piaffe, passage
 2. Grade III riders: Canter lateral work, flying changes, half or full pirouettes, piaffe, passage
 3. Grade IV riders: In canter: sequence changes and half or full pirouettes, piaffe, passage
 4. Grade V riders: More than a half pirouette in canter, two (2) time and one (1) time changes, piaffe and passage

ARTICLE E 6.16.3 SCORING, JUDGING, TECHNICAL EXECUTION

1. **Technical Execution:** The mark for the technical execution depends on the quality of performing the compulsory movements of the test. Scoring is as in standard tests. The Judge gives a mark (full and half marks are allowed) for each single movement shown. If the rider performs a movement several times, the Judge has to give several single marks, which then will be averaged by the Judge to a final mark for this movement at the end of the performance. The total for the Technical Execution is found by adding the final marks for each movement multiplied by their coefficients.
2. **Artistic Marks:** The six artistic marks are scored by full, half or decimal marks and multiplied by their coefficients:
 1. Rhythm, energy, elasticity
 2. Harmony
 3. Riding skills
 4. Choreography
 5. Music
 6. Interpretation of musicThe total of the artistic marks is found by adding the six final marks multiplied by their coefficients.
3. Scorers must apply the relevant coefficients to each movement as marked by the judge, in both the technical and artistic sections. These coefficients are clearly marked in the column titled coefficient in both the technical and artistic sections. Once the coefficients have been calculated, scorers must total the technical section and the artistic sections separately.
4. Once the technical and artistic totals are prepared, scorers must then add the total of the technical and artistic scores together and divide by the total possible score to calculate the final percentage to three decimal points.
5. When there is more than one judge, each judge's final total shall be added together and divided by the number of judges. This number will then be calculated as a percentage.
6. All scores in both technical and freestyle tests must be calculated to the third decimal point.
7. In the case of a tie, the higher score for artistic presentation will determine the winner. Should the artistic mark be the same, the higher mark for harmony will decide. If there is still a tie the higher mark for choreography will decide.

8. **Omissions:** If a compulsory movement has been left out completely and deliberately the judge has to give a zero (0) for the movement. The score for both, choreography and rider skill cannot be higher than 5.5. It is up to the judge to go further down with these two marks if more than one movement has been left out.
9. **Movements of higher class:** If a rider deliberately shows a movement of a higher class there is no mark possible for that movement and there will be a deduction of eight (8) points each time the not allowed movement is deliberately shown. The score for both, choreography and rider skill cannot be higher than 5.5. The judge should always pay attention to whether the requirements were exceeded intentionally or due to a mistake.
10. **Performing additionally allowed movements:** Additionally allowed movements cannot be judged in the technical marks. Therefore, showing them can only be reflected in the artistic marks. If they are performed well, it enhances the artistic mark and confirms the marks already given or makes them slightly higher. If they are not performed well they will be penalized and every mark could be affected. If they are executed in a way not according to the principles or riding as described in the FEI Dressage Handbook and or not considering the welfare of the horse then there will be a one (1) point deduction on the rider skill mark and the choreography mark cannot be higher than 5.5.
11. **Execution not according to the freestyle rules:** If a required movement has been shown deliberately not according to the rules the mark for the technical execution of the movement has to be below 5, there will be a one (1) point deduction on the rider skill mark and the choreography mark cannot be higher than 5.5.
12. **Exceeding the requirements deliberately:** If a compulsory movement has been shown deliberately (not as the result of a mistake) above the requirements, the mark for the technical execution of the movement has to be below 5, there will be a one (1) point deduction on the rider skill mark and the choreography mark cannot be higher than 5.5.
13. **Execution below the requirements:** If a compulsory movement has been shown deliberately (not as the result of a mistake) and significantly below the requirements and without having been shown correctly at least once, the mark for the technical execution of that movement has to be below 5, there will be a one (1) point deduction on the rider skill mark and the choreography mark cannot be higher than 5.5.

ARTICLE E 6.11 THE SCHOOLING AND SHARING OF HORSES

Schooling of horses/ponies may only be done by EC Sport Licence holders.

- 1.— ~~At Silver and Gold Championships, schooling of horses may only be done by the competing athlete from their arrival on the show grounds until their last class ridden, under penalty of elimination, with the exception of Grade I, II and III Classified Para Dressage athletes (See 6.11.1.1. below) A groom mounted in the saddle may walk the horse on a long rein.~~
- 1.1 — ~~At Silver and Gold Championships, horses for Grades I, II and III may be ridden and/or schooled for up to 30 minutes per day by the~~

trainer/coach/groom who should wear an armband of distinctive colour to identify themselves. Armbands to be provided by the athlete. Horses may not be ridden and/or schooled unless an official steward is present to observe and regulate the time allowed. Training times can be supervised by an OC appointed supervisor if a second steward is not available.

2. At Silver and Gold Championships, horses being competed by Grade I, II and III athletes may not be trained/schooled by anyone other than the athlete for the 15 minutes before they enter the competition arena to perform their Dressage test. Horses may, however, be led around with or without the athlete during the 15 minutes prior to this but may not be schooled from the ground.
3. Shared horses
 - 3.1 Horses may not be shared by athletes in the same Grade category. A horse cannot compete against itself in the same class.
 - 3.2 When the horse is shared by two athletes (one lower grade/one higher grade):
 - a) If the lower grade competes first, 30 minutes schooling applies prior to the test.

~~**Training Level.** To confirm that the horse demonstrates correct basics, is supple and moves freely forward in a clear rhythm with a steady tempo, accepting contact with the bit.~~

~~**First Level.** To confirm that the horse demonstrates correct basics, and in addition to the requirements of Training Level, has developed the thrust to achieve improved balance and thoroughness and maintains a more consistent contact with the bit.~~

~~**Second Level.** To confirm that the horse demonstrates correct basics, and having achieved the thrust required in First Level, now accepts more weight on the hindquarters (collection); moves with an uphill tendency, especially in the medium gaits; and is reliably on the bit. A greater degree of straightness, bending, suppleness, thoroughness, balance and self-carriage is required than at First Level.~~

~~**Third Level.** To confirm that the horse demonstrates correct basics, and having begun to develop an uphill balance at Second Level, now demonstrates increased engagement, especially in the extended gaits. CHAPTER 8

RISING STARS EQUITATION PROGRAM GUIDELINES

The Rising Stars Equitation Program was developed and continues to be overseen by the Rising Stars Youth Dressage Committee established in 2004 in Chilliwack, BC. In 2019 the Rising Stars Equitation program was recognized by EC as a Dressage dressage youth development program.

Mission Statement:

‘To provide youth athletesriders, up to and including 25 years, the opportunity to participate in a Dressage-dressage competition that is exclusively their own, in an environment that provides a fair playing field for youth athletes-riders of different age groups wherein each will compete against their peer group at all levels of skill, from beginners to advanced.’

ARTICLE E 8.0 OBJECTIVES

To develop and improve the equitation of youth Dressage-dressage athletes-riders by providing ongoing evaluation of their equitation skills during the performance of technical Dressage-dressage tests. The improvement of equitation skills is the best pathway forward to develop youth Dressage-dressage athletes-riders toward higher levels.

ARTICLE E 8.1 CATEGORIES

- A) Foundation level: those competing at: Introductory; Training; First and Second, or
- B) Progressive level: those competing at: Third; Fourth and FEI

Note: A competition may offer the Foundation level only or both Foundation and Progressive levels. The decision is at the discretion of the competition organizing committee.

ARTICLE E 8.2 LICENCE LEVELS

- 1. Bronze, Silver, and Gold sanctioned Equestrian-CanadaEC Dressage-dressage competitions may offer Rising Stars Equitation classes.

Note: For other competition opportunities, including Rising Stars Equitation classes being offered at PTSO sanctioned competitions under PTSO rules visit: www.risingstarsdressage.com

- 2. Rising Stars Equitation classes in each division will be designated in the competition prize list by the competition organizing committee. (i.e. Foundation Level Test 2 in Training; First or Second and Progressive Level; Third through FEI)

- 3. Any youth athlete-rider up to and including 25 years may compete in the Rising Stars Equitation Program by entering a designated technical Dressage-dressage test at their level of proficiency from Introductory through to FEI. The technical test will be judged in the usual technical manner by the judge at C with a second judge, judging only the athlete’s-rider’s equitation during the technical test using the Rising Stars Equitation score sheet.

Note: The organizing committee may use other options to offer the Equitation judging during a technical test: eg. a class designated as the RS Equitation class. The athlete-rider rides their technical test but is only judged on their equitation using the RS Equitation score sheet. For more options, visit

www.risingstarsdressage.com

4. If using the two-judge system, with the judge at C judging the technical test, the second judge, the Equitation judge may sit at E, H, M, B or any marked letter (at the discretion of the competition organizing committee), and judge solely on the equitation skills of the athleterider.
5. Amateur athletesriders, 18 years and older may compete in the Rising Stars Equitation Program in classes designated for amateurs at either the Foundation or Progressive level. There will however be no 'Ride Off' at either level for amateur athletesriders. The amateur Champion and Reserve Champion will be determined by the highest and second highest equitation score of 60% or over in each of the Foundation or Progressive levels.
6. There may be no cross entry between Rising Stars Youth Dressage Equitation classes and Rising Stars Equitation classes for amateurs.

ARTICLE E. 8.3 AWARDS AND CHAMPIONSHIPS

1. The judged score from the designated technical test will be included with all other technical tests in the same class for class and competition awards. The equitation score and technical score are not combined to determine equitation placings.
2. Based only on the equitation scores of the athletesriders, all athletesriders achieving 60% or over, will be eligible to compete in one of two Equitation Championships:

1. **Foundation level:** those competing at: Introductory; Training; First and Second, or
2. **Progressive level:** those competing at: Third; Fourth and FEI

Note: A competition may offer the Foundation level only or both Foundation and Progressive levels. The decision is at the discretion of the competition organizing committee.

For eligible athletesriders in:

1. ~~A), the Equitation~~ Foundation Level Championship 'Ride Off' will be based solely on equitation skills judged by the 'equitation judge'.

The 'Ride Off' will be a group class including all athletesriders who achieved 60% or over in their Equitation test in Introductory, Training, First or Second level. Individual patterns may be requested by the 'Equitation judge' to establish the Champion and Reserve.

Note: If for any reason, a show committee is not able to offer the "ride off", for the Champion and Reserve Equitation Foundation Level, the Champion and Reserve will be determined by the overall highest and second highest score (from the equitation score sheet).

2. ~~For eligible athletes in B) Equitation~~ Progressive Level the Champion and Reserve will be determined by the highest and second highest equitation scores achieved by those athletesriders who achieved 60% or over on their equitation score at Third, Fourth or FEI level.

Note: Where a competition offers Rising Stars Equitation classes under more than one licence, all eligible competitorsriders from ALL licenses will participate in ~~A) or B) 1. or 2.~~ to determine the overall competition Equitation Champion and Reserve in ~~A) and B) 1. and 2.~~

If offered, Champion and Reserve Champions in both ~~A) 1.~~ Foundation and

~~B)2.~~ Progressive, established at each competition, will be qualified to compete in their Provincial or Regional Championship for a Provincial or Regional ‘Ride Off’. Once Provincial or Regional ‘Ride Off’ Equitation Championships have been held, the intent is that an annual National Equitation ‘Ride Off’ be established at an appropriate venue.

If a PTSO competition is being held at the same venue, on the same dates, as an EC competition and both competitions offer Rising Stars Equitation Classes, then the Equitation Championships will include ALL athletes-riders from BOTH competitions to establish an overall Equitation Champion and Reserve for the whole competition.

ARTICLE E 8.4 ATHLETE-RIDER/HORSE/PONY

1. Athlete-Rider: Must hold at minimum, a current EC ~~sanctioned~~–Bronze sport licence or equivalent to the EC competition licence level entered. If the athlete-rider is competing in Rising Stars Equitation classes at a PTSO competition, a current PTSO membership is required.

CHAPTER 9 EXECUTION OF TESTS, PENALTIES, JUDGING, SCORES AND PLACINGS

ARTICLE E 9.1 CALLING TESTS

All EC national tests ~~Introductory through Fourth inclusive~~ may be called ~~during the competition at EC sanctioned Bronze, Silver and Gold competitions.~~

~~except~~ **Exception:** Championships, see ART E 7.6

Exception: Para Dressage see ART E 6.10

~~for championship classes at Gold and Silver Championships when all tests must be ridden from memory.~~

1. If tests are called, it is the responsibility of the ~~competitor~~ rider to arrange for a person to call the test. Lateness and errors in announcing the test will not relieve the ~~athlete~~ rider from “error penalties”.

~~2. A competition cannot require competitors to use callers employed by the competition management.~~

~~3.2.~~ Calling the tests is limited to reading the movement a maximum of ~~twice~~ two ~~times~~, without providing any additional assistance to the rider ~~adding anything else which might assist the athlete~~. Failure to comply with this ruling will involve elimination of the ~~competitor~~ rider. It is the responsibility of the judge to monitor this.

~~4.3.~~ **Caller’s dress code:** Smart casual. Jeans, slacks and mid length shorts are permitted. Tank tops, flip flops or sandals are not allowed. Inappropriately dressed callers may not be allowed to call a test.

~~5.4.~~ Callers may not wear two-way personal electronic communication devices, e.g. Bluetooth, headphones etc. while calling tests. However, they may read the tests from any form of media device.

Exception: Para dressage riders, see ART E 6.10.

Exception: Riders with hearing impairments, see ART E 4.10.B.3

Exception: Masters Test of Choice, see ART E 14.1

~~Exception:~~ callers for athletes with documented hearing impairment may use a two-way communication device only if a doctor’s letter is submitted with the competition entry and the steward and judge are advised and, the competition organizer is able to appoint a supervisor to stand with the caller. Alternatively, callers for athletes with documented hearing impairment may use a one-way voice amplifier if a doctor’s letter is submitted with the competition entry and the steward and judge are advised. For Para Dressage athletes, reference Article E 6.18 commanders and callers. An EC Para Dressage Dispensation Certificate indicating the athlete’s hearing impairment must be submitted with the competition entry and the steward and judge must be advised.

~~6.5.~~ Callers must position themselves in such a manner ~~so as to~~ not obstruct ~~the a~~ judge’s view.

~~7.6.~~ Tests may be ~~commanded~~ called in the ~~competitor’s~~ rider’s own language.

~~8.7.~~ All FEI tests and all freestyle tests must be ridden from memory.

Exception: Master Test of Choice, see ART E 14.10,14.9 ~~Masters Test of Choice.~~

Exception: Para Dressage ~~dressage~~ riders, see ART E 6.10, E6.18.

ARTICLE E 9.2 SALUTE

1. ~~Athletes~~ Riders must take the reins in one hand (either left or right) at the salute, let the other arm drop loosely along the body and incline the head in a slight bow.
Exception: Para ~~Dressage~~ dressage athletes riders, see ART E 6.9 may salute with head only (nod).
2. ~~Gentlemen~~ Athletes Riders may not remove their protective headgear at the salute.
3. The military salute is only permissible when riding in uniform.
4. In freestyle classes, the initial and final salutes must be made inside the arena and on the centreline with the horse and athlete-rider facing the judge at C.
5. Failure to salute ~~is an error of test and the athlete~~ will incur a two technical penalties. point penalty.

ARTICLE E 9.3 EXECUTION OF THE TESTS, DEDUCTIONS FOR ERRORS OF TEST AND TECHNICAL PENALTIES – ERRORS AND PENALTIES

1. ~~Error of course are errors of test-~~ When a competitor-rider makes an "error of course test" (takes a wrong turn, omits a movement, performs rising trot when sitting trot is required or sitting trot when rising trot is required, etc.) the judge at C rings the bell. The judge at C shows the athleterider, if necessary, the point at which they must take up the test again and the next movement to be executed and then leaves the athlete-rider to continue by themselves. If ringing the bell would unnecessarily impede/impedes the fluency of the performance, it is up to the judge at C to decide whether to do so or not. ~~One example of this would be if an athlete made a transition from medium trot to collected walk at V instead of K. Another example would be a canter pirouette on centre line ridden at D instead of L.~~ In principle, a competitor-rider is not allowed to repeat a movement of the test unless the judge at C decides on an error of course test (rings the bell). If, however, the athlete-rider has started the execution of a movement and attempts to do the same movement again, the judge(s) must consider only the first movement shown and, at the same time, penalize for an error of course test.
 1. If the bell is not rung and the same error occurs again because the same movement is required to be repeated in the test, only one error is recorded.
 2. ~~If an athlete performs a rising trot when sitting trot is required, or vice versa, the judge must ring the bell and warn the athlete that this is an error that accumulates if repeated, leading to elimination at the third occurrence.~~

The decision as to whether ~~or not~~ an error of course test has been made will be that of the judge at C. The other judges' scores will be adapted accordingly.
2. **Deductions for Errors of Test Course.**
In all national tests ridden at at National level/EC sanctioned competitions (Introductory through Fourth Level and EC Para Dressage Grades I-V), every "error of course test", whether the bell is sounded or not, must be penalized, except as noted in 9.3.1 above:
 1. the first time by 2 points,
 2. the second time by 4 points,
 3. the third time the competitor-rider is eliminated.
 4. ~~If the judge has not noted an error the competitor gets the benefit of the doubt.~~

In FEI Children, Pony, Junior, ~~Young Rider through Grand Prix and~~ Young Horse and Para Dressage

In all FEI tests ridden at National level EC sanctioned competitions, every 'error of course' test', whether the bell is sounded or not, will always must be penalized except as noted in ART E 9.3.1 above: using the current FEI error scale stated on the relevant test.

1. the first time by - 0.5%,
2. the second time by - 1%,
3. the third time the rider is eliminated.
4. If the judge has not noted an error the rider gets the benefit of the doubt.

In FEI Young Rider through Grand Prix tests ridden at EC competitions, every "error of test", whether the bell is sounded or not, must be penalized, except as noted in ART E 9.3.1 above:

1. the first time by - 2%,
2. the second time the rider is eliminated.
3. If the judge has not noted an error the rider gets the benefit of the doubt.

3. ~~Penalties and Technical Penalties - Faults~~ Penalties - Faults. ~~All of the~~ The following are considered ~~errors/technical penalties/faults~~ errors/technical penalties which incur ~~a deduction of two- 2 technical~~ a deduction of two- 2 technical penalty points in ~~national tests EC level classes and 0.5% in FEI tests each time (zero point five percentage points) in FEI classes ridden at EC competitions, they~~ national tests EC level classes and 0.5% in FEI tests each time (zero point five percentage points) in FEI classes ridden at EC competitions, they Technical penalties will be deducted per fault by each judge but these deductions are not cumulative and will not result in elimination, ~~(including the Freestyle tests): Technical penalties will be deducted from the total technical score at the end of the test with a comment explaining the penalty.~~

1. Salute: athletes-Riders not taking the reins in one hand at the salute.

Exception: Para dressage riders see ART E 6.9.

1. Equipment: entering the space around the arena with boots/bandages on the horse's legs or with discrepancy in dress (eg. lack of gloves) or with a whip in a championship.

2. Entering the Dressage competition arena with boots/bandages on the horse's legs or with discrepancy in dress (e.g. lack of gloves), or with a whip in a championship. If the test has already started before the discrepancy has been noticed, the judge at C stops the ~~athlete-rider~~ athlete-rider and if needed, and possible, an assistant may enter the arena to remove the item(s). ~~The athlete then continues the test, either starting from the beginning from the inside of the fence or from the movement where they were stopped. The marks Marks~~ given before they were stopped are not changed.

Note: Entering the arena with a whip in a Championship class will entail elimination.

Exception: Para dressage riders see ART E 6.8 and 6.9.

 3. ~~for freestyle tests, entering the area after more than 30 seconds of music~~
 4. ~~**Voice.** The use of a loud voice or clicking the tongue repeatedly is a serious fault and must be penalized by the deduction of two points from the movement in which it occurs. The use of an inappropriate voice will incur a deduction of points each time it is used but does not constitute elimination, nor should it be scored as an error of test or error of course. For example, a judge awarding eight to a movement must deduct two points or more from the given mark (e.g. 8 becomes 6, comment: voice).~~
 5. ~~**Note:** Para Dressage athletes see Chapter 6 – Para Dressage~~

4. ~~**Penalty Points.** The penalty points are deducted on each judge's sheet from the total points obtained by the competitor.~~
5. ~~**Late entry.** Not entering the arena within 45 seconds after the signal, but within 90 seconds, is considered an error and two points will be deducted. This is not cumulative. Horse and athlete combinations not entering the competition arena within 90 seconds after the signal will be eliminated.~~
6. ~~**Entering before the signal.** An athlete who enters the arena before the starting signal is sounded may be advised by the judge to exit and commence the test again. The mark for the entrance will be given and crossed out with one line and then another mark applied to indicate a deduction of 2 points with the remark "athlete entering before start signal." The deduction must appear on each judge's sheet. **Note:** This is not to be considered an error of course.~~
7. ~~**Salute.** Competitors must take the reins in one hand at the salute. See Art. E 9.2~~
8. ~~**Re-riding a test.** The judge may stop a test and/or allow a competitor to restart a test from the beginning or from any appropriate point in the test if, in their opinion, some unusual circumstance has occurred to interrupt a test. 10. ~~**Details as to the Freestyle Test.** An athlete must enter the arena within 30 seconds of the music starting. Exceeding 30 seconds will entail elimination. The music must cease at the final salute. If the music does not cease, a penalty of 0.5 of a mark is applied to the mark for the music. At the beginning and end of a Freestyle Test a halt for the salute is compulsory. The timing of the test will start as the athlete moves forward from the halt.~~

Note: Para Dressage athletes see Chapter 6 – Para Dressage.

- ~~1. Athletes are not required to submit a written copy of their freestyle program.~~
- ~~2. All compulsory technical elements listed on the test sheet must be incorporated into the freestyle program.
An athlete must enter the arena within 30 seconds of the music starting or they may be eliminated at the discretion of the judge.~~
- ~~3.7. The music must cease at the final salute. If the music does not cease, a penalty of 0.5 of a mark is applied to the mark for the music. Each athlete_rider may have a representative in the sound system booth to supervise the handling of the music. If the music is too short or too long there will be a penalty. A 10 second grace period will be given before the deduction is taken.~~
- ~~4. At the beginning and end of a freestyle test a halt for the salute is compulsory. The initial and final salutes must be made inside the arena and with the horse and athlete on the centreline facing the judge at C.~~
- 5.8. Time begins when the horse moves forward after the competitor_rider's halt and salute and ends with the final halt and salute. Movements performed before the initial halt and salute are not scored but they are considered.
- ~~6. Movements performed after the maximum time allowed in a freestyle will not be considered by the judges and the ride will be penalized by 1 point from the total Artistic Impression for exceeding the time limit. A 10 second grace period should be given before a deduction is taken.~~
9. All compulsory elements must be incorporated into the freestyle program. These are listed on the scoresheet under technical execution. Of these, some must be demonstrated on both hands (in both directions).
10. Riders should avoid receiving an error by making sure the salutes are clear to the judge(s).
11. Reins in one hand are allowed.
12. Freestyles may include all dressage movements found in tests of the declared level entered or below.
13. Permitted movements, figures, and transitions may be constructed into any combination or pattern of the rider's choosing
- ~~7. An athlete performing higher movements than the level called for (clearly forbidden movements) will be penalized by 4 points from the Total Technical Execution for each illegal movement, but not for any recurrences of the same illegal movement. Judges must be fair by taking into consideration whether the movement was accidental or intentional. Athletes should read their level tests carefully to be certain that they are not including higher level forbidden movements. All EC level test sheets state which movements are compulsory, additionally allowed or forbidden. (E.10.1.4) For athletes competing in FEI freestyles at EC competitions, the FEI test sheets state which movements are compulsory, additionally allowed or forbidden. (FEI Dressage Rules at <https://inside.fei.org/>)~~
- ~~8. ERRORS: The bell is not rung for errors occurring in Freestyle tests. Errors occur for failure to salute at the halt or rising at trot in Second level and above.~~

~~Two points will be deducted for each error, however they are not cumulative and will not result in elimination.~~

ARTICLE E ~~10.3~~ 10.4 MUSIC

1. ~~Recorded music~~ Music is mandatory and must be recorded.
2. ~~Entry music is optional but must not be longer than 30 seconds. Exit music is not allowed~~
- 2.3. Live music is not permitted.
4. ~~It is the responsibility of the competitor-rider~~ to select appropriate music for their freestyle.
- 3-5. ~~It is the responsibility of the rider to secure the music rights clearance for all pieces of music used in their freestyle.~~
- 4.6. The ~~athlete-rider~~ must provide their music to the show organizer in the format(s), method(s), and time frame specified in the prize list.
- 5-7. The ~~athlete-rider~~ is responsible for making sure they do a sound check at a time convenient to the show organizer.
- 6-8. Each ~~athlete-rider~~ may have a representative in the sound system booth to supervise the handling of the music.
- 7-9. ~~If music is on a CD, the athlete~~ The rider should always have a back-up copy of their freestyle music available in a different media format.
- 8-10. ~~In the case of an athlete's music failing during the freestyle test and in cases where there is no back-up system, the athlete can,~~ It is the rider's responsibility to notify the judge if there is an issue with the music once the test starts. This includes the wrong music, music that cuts out or music that is corrupted in some way. The rider should stop riding the test and let the judge at C know about the issue with the music. ~~with the~~ With permission of the judge at 'C', the rider may restart the test immediately or leave the arena to re-start or start at a later time. There should be ~~a~~ minimum ~~of~~ interference with the starting times of the other ~~athletes-riders~~ and the affected ~~athlete-rider~~ should return to complete or restart their test during a scheduled break in the competition or at the end of the competition. The ~~athlete-rider~~ may decide whether to restart the test from the beginning or commence from the point where the music failed. The marks will continue from the point where the music failed. Judging must restart at the point of interruption. In any case, Marks-marks already given will not be changed.

ARTICLE E 10.5 LOCATION OF JUDGES IN FREESTYLE TESTS

1. When one judge officiates in a freestyle class that judge must be placed at C.
2. When two judges officiate in a freestyle class, one judge must be placed at C and the other judge placed on the long side at E or B, space permitting.
- 1-3. When three judges officiate in a freestyle class, one judge must be placed at C, one judge must be placed at either H or M and one judge must be placed on the long side at E or B, space permitting
In EC sanctioned competitions, when two or three judges officiate in a freestyle class, they may be located at the short end of the arena (e.g. M/C, C/H or M/C/H) but it is strongly recommended that one of these judges be placed on the long side at either B or E. It is recommended that at EC competitions where there is a judging panel for freestyles, that an uneven number of judges (3 or 5) ensures appropriate symmetry of judging.

ARTICLE E 10.6 NATIONAL FREESTYLE TESTS (TRAINING –

FOURTH LEVEL)

ARTICLE E 10.6.3 SCORING, JUDGING, TECHNICAL EXECUTION

1. Two (2) sets of marks are given—one for technical execution and one for artistic impression. Half and full marks are used for technical execution; half, full and one tenth marks may be used for artistic impression. Each set of marks is totaled separately with relevant coefficients applied, and then those totals are added together and converted to the final percentage score to three (3) decimal points. In the case of two or more judges, scores will be averaged and these averages will comprise the competitor's rider's final score.
2. Preliminary marks will be given for each execution, of the compulsory elements. For compulsory elements that must be shown on both hands, preliminary marks will be given for each direction separately, all attempts will be considered for the judge's marks.
3. If a required element is not performed, it will receive a score of zero (0) under final score.
4. If a required element that must be shown on both hands is not shown at all, it will receive a score of zero (0) under final score.
5. If a required element that must be shown on both hands is shown on only one hand, it will receive a zero (0) for the direction that was not shown.
6. In addition, omission of a required element or direction will affect the artistic impression under degree of difficulty and choreography depending on what was omitted.
7. Movements above the level (found ONLY in a higher-level test) receive a deduction of four (4) points from the total for technical execution for each illegal movement, but not for each recurrence of the same movement.
8. Preliminary marks, judge's mark, and final score are columns which appear on the scoresheet.

ARTICLE E 10.6.3.1 ARTISTIC IMPRESSION

1. In scoring artistic impression, judge's marks may be given in tenths (0.1) increments.
2. Elements performed after the five-minute time limit has elapsed will not be scored, and a penalty of one (1) point will be deducted from the total artistic impression.
3. **Tie:** In the case of a tie, the higher total for artistic impression will break the tie.
4. **Understanding the artistic impression:**
 1. **Rhythm, energy and elasticity** - Correctness of the gaits, desire to move forward, elasticity of the steps, suppleness of the back and engagement of the hind quarters.
 2. **Harmony between horse and rider** - The partners' positive connection showing rapport, trust, and confidence in one another; a sense of synchrony, contentment, and unity; the ability to accomplish the choreographic patterns with ease
 3. **Choreography** – Design cohesiveness, use of arena, balance, creativity Complete and balanced use of space; logical development

- and clarity of construction; balanced use of rein; construction of combinations and patterns
4. **Degree of difficulty** - Well-calculated risks; the horse/rider rider/horse team performs a single element or a combination of elements in a way that exceeds the expectation of the level. There is a detailed Degree of Difficulty Guideline available on the USDF website
 5. **Music** – Suitability, cohesiveness, seamless. Appropriateness of the music to the type and character of horse; music selections are from one genre, style, or theme; cuts and transitions are smooth and create an overall flow of the music
 6. **Interpretation** – Music expresses gaits, use of phrasing & dynamics. Appropriateness of the rhythm and tempo of the music to the gaits of the horse; choreography reflects changes in the music

ARTICLE E 10.7 FEI DRESSAGE AND PARA DRESSAGE FREESTYLE TESTS

1. For information on para dressage freestyle tests see Chapter 6, ART E 6.16

ARTICLE E 10.7.1 TIME LIMIT

1. The minimum and maximum time limit for all FEI freestyle tests can be found at the top of each freestyle test sheet <https://inside.fei.org/fei/your-role/organisers/dressage/tests>
2. The test is timed from the horse's move-off after the initial halt and salute and ceases at the final salute.
3. In the case of a freestyle test being clearly above or below the required time limit there will be a deduction of 0.5% from the total of the artistic score. Slight failure to perform within the given time (approx. 10 seconds) should be treated generously without a deduction of marks, especially if unusual circumstances occur.
4. The rider must enter the arena within 30 seconds of the start of the music or face penalty see ART E 9.3.3

ARTICLE E 10.7.2 COMPULSORY OR FORBIDDEN ELEMENTS OR EXCEEDING THE REQUIREMENTS

1. Compulsory elements are listed on each freestyle test sheet
2. Forbidden elements are movements of a higher class (a movement that is not mentioned in the test sheet) examples include:
 1. Pony riders: Flying changes, canter half passes, canter pirouettes, piaffe, passage
 2. Junior riders: Canter pirouettes, piaffe, passage
 3. Young riders: Flying changes in sequences of two tempi or one tempi, piaffe, passage
 4. Intermediate I riders: Flying changes shown as a one tempi changes, piaffe, passage
 5. Grand Prix riders: Airs above the ground

3. Examples of exceeding the test requirements:
 1. Pony riders: Clearly more than a half-pirouette in walk
 2. Junior riders: Clearly more than a half-pirouette in walk, flying changes in a sequence of 4 strides or less, more than one counter change of hand in canter
 3. Young riders: Clearly more than ½ pirouette in canter
 4. Intermediate I riders: Clearly more than a full pirouette in canter
 5. Intermediate A/B riders: Clearly more than a full pirouette in canter, piaffe pirouette in addition to a straight piaffe, passage half pass in addition to a straight passage
 6. Grand Prix riders: Clearly more than a double pirouette in canter

ARTICLE E 10.410.7.3 FREESTYLE SCORING, SCORING, JUDGING, TECHNICAL EXECUTION

1. Half and full ~~points~~ marks are used for ~~Technical-technical Execution~~ execution; half, full and one tenth marks may be used for artistic impression.
- ~~2. Scoring of EC freestyle tests is out of a total of the maximum possible points at each level, the same as for scoring of all EC technical tests. There is a technical component/section, compulsory movements on the left side of test sheet and artistic impression on the right side of test sheet, each are scored separately then added together for the final scoring as shown on each test sheet.~~
- ~~3.2.~~ Scorers must apply the relevant coefficients to each movement as marked by the judge, in both the technical and artistic sections. These coefficients are clearly marked in the column titled coefficient (~~Co-eff~~) in both the technical and artistic sections. Once the coefficients have been calculated, scorers must total the technical section and the artistic sections separately.
- ~~4.3.~~ Once the technical and artistic totals are prepared, scorers must then add the total of the technical and artistic scores together and divide by the total possible score to calculate the final percentage to three decimal points.
- ~~5.4.~~ When there is more than one judge, each judge's final total shall be added together and divided by the number of judges. This number will then be calculated as a percentage, ~~as in Article E 10.4.4 above.~~
- ~~6. The key to correct calculation is to ensure the decimal point is placed correctly.~~
- ~~7.5.~~ All scores in both technical and freestyle ~~Dressage~~ tests must be calculated to the third decimal point.
- ~~6.~~ In the case of a tie, the higher score for artistic presentation will determine the winner. Should the artistic mark be the same, the higher mark for harmony will decide. If still tied the higher mark for choreography will decide. ~~Should the artistic mark be the same, the higher mark for harmony will decide. If still tied the higher mark for choreography will decide.~~
- ~~7.~~ **Omissions:** If a compulsory movement has been left out completely and deliberately the judge has to give a zero (0) for the movement. The score for both, choreography and degree of difficulty cannot be higher than 5.5. It is up to the judge to go further down with these two marks if more than one movement has been left out.
- ~~8.~~ **Movements of higher class:** If a rider deliberately shows a movement of a higher class, no mark for the technical execution of that movement is possible. The scores for both, choreography and degree of difficulty, cannot be higher than 5.5. It is up to the judge to go further down with these two marks if more than one movement of a higher class has deliberately been shown. The judge

should always pay attention to whether the requirements were exceeded intentionally or due to a mistake.

9. **Execution not according to the freestyle rules:** A movement required in the test sheet has been shown, but in the wrong way, which means a mark for the technical execution is possible, but has to be very low (max5), if the movement is executed incorrectly.
10. **Exceeding the requirements deliberately:** If a compulsory movement has been shown deliberately (not as the result of a mistake) above the requirements, the mark for the technical execution of the movement has to be below 5, regardless of this movement having also been shown correctly. No averaged marks are permitted. Scores for both, choreography and degree of difficulty cannot be higher than 5.5.
11. **Execution not as required in the rules:** If a compulsory movement has been shown deliberately (not as a result of a mistake) other than required without having been shown correctly at least once, the mark for the technical execution of that movement has to be below 5. The scores for both, choreography and degree of difficulty, cannot be higher than 5.5.
12. **Execution below the requirements:** If a compulsory movement has been shown deliberately (not as the result of a mistake) and significantly below the requirements and without having been shown correctly at least once, the mark for the technical execution of that movement has to be below 5. The score for both, choreography and degree of difficulty, have to be appropriately diminished.
13. **Mistakes of the rider:** If the rider tries to influence the audience with their hands the harmony mark should be reduced by 0.5 points. The judge has to deduct 1 point in cases where the rider tries to influence the audience with their hands more frequently. The movement concerned should be technically judged as usual unless the rider influences the horse with his hands. This should lead in addition to an insufficient technical score for the respective movement(s).

~~ARTICLE E 10.5 LOCATION OF JUDGES IN FREESTYLE TESTS~~

~~In EC competitions, when two or three judges officiate in a freestyle class, they may be located at the short end of the arena (e.g. M/C, C/H or M/C/H) but it is strongly recommended that one of these judges be placed on the long side at either B or E. It is recommended that at EC competitions where there is a judging panel for freestyles, that an uneven number of judges (3 or 5) ensures appropriate symmetry of judging.~~

~~ARTICLE E 10.6 FREESTYLE ELIGIBILITY~~

- ~~1. Freestyle eligibility for athletes in Gold and Silver competitions (all EC levels and FEI freestyle levels): A horse/athlete combination must have obtained a minimum score of 60% in a Dressage test at the same technical level, or higher, as the freestyle they wish to enter (e.g. 60% in First or Second Technical Level to compete in either First or Second Level Freestyle or both First and Second level Freestyles. Proof of eligibility may be requested with the entry).~~
- ~~2. The Dressage score may have been obtained at an EC Gold/Silver Dressage competition prior to the competition, or may be obtained at the same~~

~~competition in which they wish to enter the freestyle. Note: Bronze competitions require no prior minimum technical score to enter. Furthermore, an athlete in a Bronze competition may enter a freestyle without having ridden the technical test at the level of freestyle entered (e.g. competes in first level technical and second level freestyle).~~

- ~~3. Technical scores earned at Silver competitions count toward being allowed to enter a freestyle in a Gold competition and vice versa.~~
- ~~4. A horse/athlete combination may compete in a maximum of two consecutive EC freestyle levels per day. These must correspond to the technical levels at which the horse/athlete combination are competing on the same day; e.g.: Second Level technical plus First and Second Level freestyles.~~
- ~~5. At the time of publication there is no FEI Children's freestyle. Child athletes may compete in the First Level Freestyle.~~

6. In under saddle classes, Dress and Saddlery and Equipment must conform to Chapter 4, except that all horses are required to compete in a snaffle. ~~-See 4.2.1.~~

ARTICLE E 11.6 GENERAL

1. A judge must order from the ring any horse, ~~athlete-rider~~ or handler who exhibits inappropriate or dangerous behavior or whose actions would in any way threaten the safety of any ~~competitor-rider~~, their entries or the safety of class officials.
2. A scribe shall be provided for each judge whose sole duty shall be to record the judge's scores and comments on the horse's individual score card.
3. When possible, the announcement of awards will include the breeding of the horses pinned: sire, dam, dam's sire; as well as the name of the owner and the breeder.
4. Refer to USDF Dressage Sport Horse Breeding Guidelines for additional information relating to Dressage/Sport Horse Breeding.
5. If the schedule permits, management may allow time for questions from ~~competitors-riders~~ to judges at the end of the show.
6. Each horse must have a separate handler or assistant handler at all times.

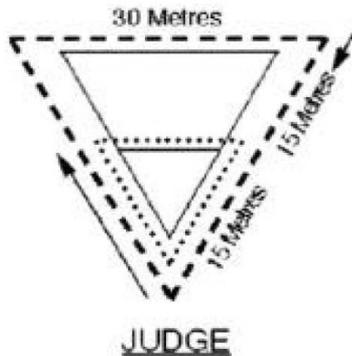

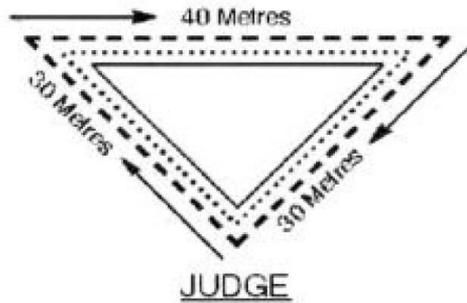

ARTICLE E 11.7 COMPETITION VETERINARIAN

If the competition veterinarian is on the premises, they must be available to the judge. The handler must give permission to the judge and/or veterinarian before either

touches the horse. If the veterinarian is not immediately available, or not called upon, the judge's decision as to the serviceable soundness of a horse must be final. For further regulations governing competition veterinarian, refer to the Section A, General Regulations, Article A508, Emergencies.

ARTICLE E 11.8 CONDUCT OF CLASSES

1. In-Hand Classes: Horses being shown individually on the triangle.
 1. ~~a)~~ ——— Following a posted or announced order, or on request from the judge, entries in each class will approach the judging area one at a time, walk to the apex of the triangle, and await the judge's request to proceed on the triangle. The handler will lead the horse on the perimeter of the triangle at walk and trot, returning to the apex to stand the horse for conformation judging or to repeat any movement at the judge's request. Handlers are permitted to have one assistant if necessary. Repetition of all or any part of the movement on the triangle may be allowed at the judge's request only. At the completion of the judging, the handler will lead the horse away from the judging area. The next horse will enter the judging area promptly. The judge may elect to judge conformation either before ~~and/or~~and, or after judging the horse's movement on the triangle.
 2. ~~b)~~ ——— The horse is to be shown in an "open position," i.e. with all four legs of the horse visible to the judge when standing on either side of the horse. After all horses have been shown on the triangle, some or all may be recalled (depending on size, format and schedule of the competition) to be shown in groups at a walk and trot. If horses are to be recalled, the prize list or program must state that this procedure will be used.
2. Horses being shown in-hand in groups:
 1. ~~a)~~ ——— Groups will be examined one group at a time, but not necessarily on the triangle. At the discretion of the judge, they may be asked to move at the trot and then at the walk, either in line or moving around the arena. Horses shall stand for conformation judging before ~~and/or~~and, or after completion of the horse's movement.
 2. ~~b)~~ ——— The Judging Triangle: Two basic triangle designs are acceptable for presenting horses to the judge. Competition management may choose the triangle best suited for local conditions. Triangle corners should be well defined. Footing must be firm. Decorative fencing, plants or flowers are allowed horses must travel to the right. The following diagram shows the suggested use of the triangle. The size of either triangle may be adjusted to meet local conditions.
3. Under Saddle Classes: Depending on local conditions, these classes may be divided at the judge's discretion.
4. Foals may not be shown loose, unless specifically allowed by management in the prize list, in which case, provisions must be made to separate each entry, while being shown, from others in the class. These entries must be shown in a completely enclosed area. This enclosed area must be substantial enough in height and in construction to prevent injury to horses ~~and/or~~and, or handlers ~~and/or~~and, or spectators, and to prevent foals from leaving the area.

ARTICLE E 11.9 JUDGING SPECIFICATIONS

1. **In Hand Classes (Dressage Sport Horse and Dressage Breeding Stock):** Horses shall be judged at the walk and trot on the triangle and standing for conformation.
2. **Dressage Under Saddle Classes:** Horses shall be judged at the walk, trot and canter in both directions.
3. **Group Classes:** Transmissible weakness or predisposition to unsoundness shall be penalized, commensurate with severity.
4. **Scoring Categories:** Score sheets for the following classes can be obtained from EC.
 1. **a)** — Dressage Breeding and Group Classes: 50% Movement, 40% Conformation, 10% General Impression (including masculinity (stallion) and femininity (mare); development and harmony)
 2. **b)** — Dressage Sport Horse Classes: 60% Movement, 30% Conformation, 10% General Impression (including impulsion, balance and temperament).
 3. **c)** — Dressage Under Saddle Classes: 60% Movement, 30% Conformation, 10% General Impression (including impulsion, balance and rideability), or horses may be placed with no actual scores awarded.
5. **Championship Classes:** More than one judge may officiate. The judge(s) will re-evaluate the entries, with or without awarding scores. All horses must be re-

evaluated in the same manner, and all horses must be shown at the walk and trot.

6. Conformation is to be evaluated in terms of potential trainability, potential performance and predisposition to unsoundness. Function, not fashion, is to be emphasized. Weakness or conformation faults with a predisposition to unsoundness or to difficulties in training shall be penalized. Blemishes are not to count unless resulting from conformation faults.
7. Gaits are to be evaluated in terms of purity, quality and correctness. Purity and correctness are more important than brilliance at this level. Correct gaits, contributing to ease of training and the horse remaining sound and usable, are more important than gaits which are merely superficially flashy. Purity and quality are judged mainly in profile. Correctness is judged mainly while the horse is coming to and going away from the judge's position.
8. Unsoundness. A horse shall be disqualified for unsoundness at the judge's discretion in Dressage Breeding and Group classes.
 1. ~~a)~~ ——— In Dressage Sport Horse In Hand and Under Saddle classes, unsoundness is defined as showing evidence of lameness
 2. ~~b)~~ ——— In Dressage Breeding In Hand and Group classes, unsoundness is defined as showing evidence of lameness or broken wind.

ARTICLE E 11.10 JUDGING PROCEDURE

1. A judge shall have the option of using individual score cards or class sheets, or in the case of a large under saddle class, placing horses in order of ranking in line up.
2. When two or more judges are officiating, they may agree to use only individual score cards or class cards and agree on each score before informing the scribe.
3. Decimals may be used in scoring.
4. Tied scores shall be broken first by referring to the totals of the movement scores. If still tied, the tie may be broken at the judge's discretion, by the use of decimals, or the horses may be examined again (movement only). If a class is judged by more than one judge, the judges may consult and arrive at one agreed upon placement.
5. Scores must be reported as a total based on the above percentages against a possible total of 100%, and all scores (if given) and placings must be published. Unofficial scores may be published during the class ~~and/or~~and, or final scores may be published at the end of each class.

CHAPTER 12 MATERIALE CLASSES

~~MATERIALE CLASSES~~

~~Materiale classes may be held in both EC Dressage or EC competitions and Sport/Breeding competitions.~~

ARTICLE E 12.1 CLASSES

~~Horse Classes:~~ All classes are open to horses and ponies

1. Limited to three and four-year-old fillies.

2. Limited to three and four-year-old colts and geldings.

~~Horse or Pony Classes:~~

ARTICLE E 12.2 CLASS ROUTINE

1. Horses/ponies enter the ring at a walk in clockwise direction at the discretion of the ringmaster and officiating judge(s). Entries are to be shown in both directions in the ring at a walk, trot and canter. It is recommended that groups of no more than six horses/ponies canter at one time. Horses/ponies will not be asked to gallop but four and five year olds may be asked to lengthen the stride at trot. However, when three year olds are shown together with four and five year olds, horses/ponies may not be asked to lengthen stride at trot or canter.

ARTICLE E 12.3 JUDGING

1. Scores will be evaluated according to the criteria listed on the Materiale Scoresheet using the following percentage points:
 - 30% each for walk, trot and canter for a total of 90%;
 - 10% General Impression (including impulsion, balance, rideability, presence and suitability to ~~Dressage-dressage~~ as described on the class score sheet. Movement should demonstrate purity and quality, and correctness.).
2. Available ribbons and prizes may not necessarily be awarded if the entries do not warrant them in the opinion of the judge(s).

ARTICLE E 12.4 COMPETITION MANAGEMENT AND CLASS ORGANIZATION

1. Competitions which include Materiale classes must have either an EC licensed ~~Dressage-dressage~~ judge or an approved USEF Dressage Sport Horse Breed judge plus an EC licensed ~~Dressage-dressage and para-dressage~~ steward.
2. Class score sheets will be available for printing from the EC website at www.equestrian.ca.

CHAPTER 13

FEI YOUNG HORSE CLASSES AT EC COMPETITIONS

These rules apply to horses who are eligible for and competing in the FEI Young Horse Classes for 5, 6 and 7 year olds.

For any other classes where age is a factor refer to the regular Section E EC rules. For those trying to qualify for the World Breeding Championships, please refer to the criteria document

ARTICLE E 13.1 GENERAL PRINCIPLES

1. The basic idea of young horse competitions is to introduce ~~4-, 5, 6, and 7 and 8-~~ **10-** year old horses to ~~Dressage-dressage~~ competitions to help them gain experience in the ~~Dressage-dressage~~ arena and to give them the opportunity to compete against each other in the same level of test.
2. The ~~athlete's-rider's~~ seat and the influence of the ~~athlete's-rider's~~ aids are of minor importance when judging young horse classes.
3. A primary concern is to evaluate the correct training of young horses, enhancing the reputation of national breeds and encouraging interest in international competition involving young horses.

ARTICLE E 13.2 DIRECTIVES FOR INTERNATIONAL DRESSAGE COMPETITIONS FOR ~~4-, 5, 6-, and 7-AND 8-to-10-~~ YEAR-OLD HORSES

1. These classes at EC competitions will be run in accordance with FEI rules regardless of competition sanctioning.

ARTICLE E ~~13.4~~13.3 AGE AND HEIGHT

1. Age and height are the only requirements for horses participating in the FEI Young Horse classes for ~~4-, 5, 6-, and 7 and 8-10-~~ year olds. The age will be counted from January 1st of the year of their birth or August 1st if born in the Southern Hemisphere. The height at the withers must exceed 149 cm including shoes.
2. Participation will not affect the status for technical eligibility to enter other National or FEI classes except where age is a factor.

ARTICLE E ~~13.213.4~~ COMPETITION SANCTIONING LEVEL

1. EC Gold sanctioned competitions may hold classes for FEI Young Horse in the ~~4-, 5, 6-, and 7 and 8-10-~~ year old categories. These classes will be run in accordance with FEI rules regardless of competition sanctioning.
- ~~2. Only the FEI 4 year old test may be held at EC Silver and Bronze competitions. Note: Horses entered in the FEI Young Horse classes must hold either a current EC Horse Recording number, EC Passport or FEI Passport or Recognition Card at all EC competitions including Bronze.~~

ARTICLE E ~~13.313.5~~ DRESSAGE TESTS

- ~~1. 4 year old horses~~
- ~~2. 1. 5-year-old horses – Preliminary and Final Tests~~
- ~~3. 2. 6-year-old horses – Preliminary and Final Tests~~
- ~~4. 3. 7-year-old horses – Preliminary and Final Tests~~
- ~~5. Young Horse Grand Prix Test for 8-10 years old~~

Note: Link to FEI tests: https://inside.fei.org/fei/your_role/organisers/dressage/tests

Note: The preliminary test ~~for young horses~~ must be used as the qualifier for the final test.

Exception: There is only one FEI Dressage Test for 4 year old horses.

Note: All tests are to be held in the 20 x 60-metre arena

Note: The FEI tests for 5, 6, 7 and 8-10 year old horses may not be offered at Bronze or Silver competitions.

ARTICLE E 13.413.6 DRESS AND SADDLERY

1. As per article 434 of the FEI Dressage Rules (see FEI website www.fei.org)- ~~All Four, five and six~~ 5 and 6 year old tests ~~are to~~ must be ridden in a snaffle bridle ~~only~~. Seven year old tests may be ridden in a snaffle or double bridle.

2. ~~Note:~~ Spurs are optional. ~~FEI Article: 431.4~~

3. Running martingales are not permitted.

2.4. Gadgets are not allowed in the warmup / schooling rings, this includes martingales, breast plates, bit guards and any kind of gadget such as bearing, running or balancing reins, and any form of blinker that interferes with the horse's vision.

3. ~~Note:~~ Whips are allowed in EC competitions but NOT in Championships. For complete whip rules, see E 4.8.

4. ~~Note:~~ Equipment for Warm Up & Training Areas see FEI Dressage Rules 434.5

ARTICLE E 13.513.7 PRINCIPLES OF JUDGING YOUNG HORSE CLASSES

1. Three aspects are most important in judging young horse classes:

1. The paces
2. The standard of training
3. The general impression including conformation, temperament and the natural talent to become a high-level Dressage-dressage horse.

2. Basic ideas:

1. The basic paces, handiness and general impression of the horse as a Dressage-dressage horse will be judged. Judges should ask:
 1. whether or not the performance of the horse corresponds to the general idea of a Dressage-dressage horse;
 2. whether the horse is on the correct training path; and
 3. whether the horse has the ability to perform Dressage-dressage at a high level.
2. Special emphasis must be made on soft and constant contact, the satisfactory activity of the mouth, an elastic poll in the three basic paces and in the transitions. The steps and strides must be in rhythm and without tension. Flexion and bending, the harmonious development on both hands and suppleness are important. There must be impulsion, which ~~has to~~ must be developed through the hindquarters, leading into a swinging back and soft steady contact.
3. Fundamental training errors will generally lead to lower marks being awarded. Examples of such errors are: obviously unlevel rhythm, tension, lasting contact failure, insufficiently swinging back, serious crookedness and insufficient engagement of the hind legs.

4. Minor mistakes should be judged leniently, if, in principle, the horse is demonstrating correct training with well-developed paces. Horses which at the beginning of the test show tension and some concentration lapses or which may even be a bit spooky, should be judged more benevolently than in other international Dressage-dressage competitions.
3. **Minor mistakes for 5-year-old horses**
 1. Moments of tension at the beginning of the test with slight concentration lapses but improving throughout the test
 2. Halt not completely attentive or straight
 3. Transitions not exactly at the markers
 4. Slight and momentary crookedness
 5. Canter wrong lead, but immediately corrected
 6. Short break of pace e.g. falling into trot during canter work but immediately corrected
 7. Simple change of leg with 2 or 6 steps of walk in between instead of 3-5 steps
4. **Minor mistakes for 6-year-old horses**
 1. Starting/ending the lateral movement not exactly at the required marker, slightly losing the bend for a short moment
 2. Losing the bend at the end of the lateral movement
 3. Flying change not exactly at the required marker, slightly swaying, not totally balanced
5. **Minor mistakes for 7-year-old horses**
 1. Slightly swaying, not totally balanced in series of changes, must be straight in single change
 2. Momentary loss of balance in canter pirouettes

ARTICLE E 13.8 FUNDAMENTAL MISTAKES

1. Fundamental mistakes will generally lead to lower marks being awarded. Examples of such errors are:
 1. Obviously uneven rhythm
 2. Tension
 3. Consistent contact failure
 4. Insufficiently swinging back
 5. Serious crookedness
 6. Insufficient engagement of the hind legs
2. **Fundamental Mistakes for 5 year old horses**
 1. Uneven rhythm in trot movements
 2. Lack of clear 3-beat canter including in the counter canter. Uneven or pacing steps in the walk including the turn on the haunches (in 6 year old in walk pirouettes)
 3. Clear resistance or loss of diagonal steps in the rein back
 4. Simple changes of leg without any walk steps shown
 5. Tension throughout
 6. Repeated contact, tilting/mouth problems
 7. Lack of suppleness in the back
 8. Obvious crookedness
 9. Stiff hind legs, lacking energy and engagement
3. **Fundamental mistakes for 6 year old horses (all of the above, including)**
 1. Lack of clear bend in lateral movements

2. Mostly incorrect flying changes
 3. Tension throughout
 4. Repeated contact/mouth problems
 5. Lack of suppleness in the back
- 4. Fundamental mistakes for 7 year old horses**
1. Uneven or pacing steps in walk
 2. Uneven trot rhythm
 3. Lack of clear 3-beat canter including the same, clear tendency in canter pirouettes
 4. Lack of clear bend in lateral movements
 5. Incorrect flying changes
 6. Tension throughout
 7. Repeated contact issues, tilting and open mouth
 8. Lack of suppleness in the back
 9. Obvious crookedness
 10. Stiff hind legs, lacking energy and engagement
 11. Repeated resistance (inability) in collected work

ARTICLE E 13.613.9 BASIC PACES

WALK:

~~See Article E 1.4 The Walk.~~

TROT:

~~See Article E.1.5 The Trot.~~

CANTER:

~~See Article E 1.6 The Canter.~~

1. **~~NOTE:~~**—The paces must be judged uncompromisingly as they are vitally important for the quality of a **Dressage dressage** horse. They must be of absolute regularity without tension. The impulsion of the paces should be developed from the hindquarters through a swinging back with active hind legs. The steps and strides must be elastic with the horse showing a natural self-carriage and freedom of the shoulder.
2. The quality of the paces is judged by assessing the overall impression, the regularity and elasticity of the steps and by the ability to maintain the same rhythm and natural balance, even after a transition within the paces or from one pace to another.

ARTICLE E 13.10 STANDARD OF TRAINING

1. Equally important as the paces **is-are** the correct training according to the age of the horse. Judges should assess whether or not the horse's training corresponds to the principles of the training scale. Special emphasis must be made regarding **a-soft** and steady contact with a gentle chewing mouth and an elastic poll which should be the highest point; and the neck should be without any restriction. Lateral flexion and **b-bend** must be equally developed on both sides. The horse must be supple and obedient.
2. Natural ability to self-carry is asked for but is relative to the age of the horse. In classes for 5 year old horses only the beginning of collection, the "willingness to collect" is required.
3. For 6 year old horses, a more clearly defined collection, the "ability to collect" is necessary.

4. For 7 year old horses, they need to show collection inherent to this level, ability to carry weight and lightness of the forehand. A 7 year old horse needs to be through the back and in self carriage with a steady contact, showing good balance and correct bend.
5. The most important criteria for lateral movements and flying changes in young horse tests is the fluency and correct execution.
6. When judging 5, 6 and 7 year old horses judges have to differentiate between minor mistakes, which are not a significant factor in the score and fundamental mistakes which should lead to lower marks.
7. Judges' positioning in the 7 year old test for qualification scores for National Rankings and Championships (Provincial, Regional and National) will include one at C who will judge the technical test and one at B or E who will judge the quality of the test.
8. Competitions with only one Judge-judge for the 7 year old test will have the judge sit a C and the judge will judge the technical test. Test results from one judge cannot be used for any qualification or ranking.

ARTICLE E 13.713.11 GENERAL IMPRESSION

1. The emphasis here is on the three basic paces, the type and quality of the horse's conformation, the charisma and presence of the horse, suppleness and the degree of effortlessness with which the horse is able to perform the movements.
2. Besides the paces and standard of training, the judge has to must decide whether or not the horse shows enough natural talent to develop into a high-level Dressage horse.
3. The general impression is based on:
 1. Quality of paces (including the degree of effortlessness with which the horse is able to perform the movements)
 2. The standard of training according to the training scale
 3. The potential and suitability as a Dressage horse including temperament, attentiveness and willingness to work, natural forward-going attitude, mental suppleness, conformation, expression (appearance, charisma, presence, natural charm).
 4. A horse with the potential to become a high-level Dressage horse always has to be preferred to a horse that only executes the tests in an obedient manner but without showing any further scope.
 5. The athlete-rider - The judging of the seat, aids, and influence of the athlete rider plays a secondary role.

ARTICLE E 13.813.12 YOUNG HORSE JUDGES APPROVED FOR EC COMPETITIONS

Only EC senior or other NF's senior and FEI Dressage judges may officiate in the FEI Young Horse classes. For scores to count for selection to compete in the World Breeding Championships for Young Horses, there must be a panel of three FEI Dressage judges or two FEI judges and one senior judge.

CHAPTER 15
OFFICIALS
DRESSAGE JUDGES PHILOSOPHY AND ETHICS

ARTICLE E 15.1 CONDUCT

- ~~1.~~ The purpose of conflict of interest provisions in this rulebook is to ensure a level playing field for all competitors and to maintain integrity and impartiality of licensed officials. Designation as an EC licensed official is a privilege, not a right, bestowed by EC according to the procedures set forth in this chapter, to individuals whose equine expertise and personal character merit the honour. The individual's conduct, as an EC member and official, must be exemplary and is subject to continual committee review. Officials shall exhibit the highest standard of integrity at all times and decisions are not to be made upon improper influence. Officials are responsible for ensuring that horses are treated with kindness, respect and compassion and that they are never subjected to mistreatment or caused undue stress. The standard by which conduct or treatment will be measured is that which a person informed and experienced in generally accepted equine training and exhibition procedures, would determine not to be cruel, abusive or inhumane. Where an official has to exercise their discretion in an EC show allowing a ~~competitor-rider~~ to compete, such discretion shall be exercised for the benefit of the ~~competitor-rider~~ if and when possible provided the organizers are in agreement.
- ~~2.~~ The officials included under this chapter include judges, stewards, classifiers and equine medication control technicians (see ART A1317)
- ~~1-3.~~ To access resource documents for officials, visit <https://equestrian.ca/coaches-officials/officials/>

ARTICLE E ~~15.1~~ 15.2 JUDGE - CONFLICT OF INTEREST

- ~~1-2.~~ No child or adult may compete in a class in which horsemanship is a factor before a judge by whom said child or adult has been instructed, coached, or tutored with, or without pay, in the preceding 30 days ~~immediately prior to the~~ of the date of competition.
- ~~2-3.~~ It is the responsibility of the ~~athlete-rider~~ not to enter a class or ride in front of a judge ~~from~~ whom they have received instruction, ~~or coaching from, or tutoring within or a riding clinic in~~ the previous 30 days.
- ~~3-4.~~ Any coach/trainer may not be judged by their student or owner of a horse they are training within 30 days of the coaching/training taking place.

- ~~6-7.~~ Judges shall not officiate in any level/division in which a member of their family or a horse owned by the immediate family is competing.
- ~~7.~~ An EC Competition is allowed to run any combination of Gold, Silver and Bronze classes under one licence. (Gold licence covers Gold, Silver and Bronze classes, Silver licence covers Silver and Bronze classes).

8. Judges are permitted to both compete and judge officiate at the same competition, provided they do not judge any test or class within the same division in which they compete or are entered, under the following conditions: **Emergency Exception:** In the event of an emergency (e.g. a judge becomes ill), a competing judge may officiate in their own division only if they formally withdraw from that division. If the judge has already competed, their scores must be withdrawn.

1. a) ~~if If they are entered in Gold classes, they may only judge Silver and Bronze classes at that competition. Similarly, if they are entered in Silver classes, they may only judge Gold or Bronze classes and if they are entered in Bronze classes, they may only judge Silver or Gold classes.~~

CHAPTER 16

DRESSAGE STEWARDS PHILOSOPHY AND ETHICS

~~The purpose of conflict of interest provisions in this rulebook is to ensure a level playing field for all competitors and to maintain integrity and impartiality of licensed officials. Designation as an EC licensed official is a privilege, not a right, bestowed by Equestrian Canada according to the procedures set forth in this chapter, to individuals whose equine expertise and personal character merit the honour. The individual's conduct, as an EC member and official, must be exemplary and is subject to continual committee review. Officials shall exhibit the highest standard of integrity at all times and decisions are not to be made upon improper influence. Officials are responsible for ensuring that horses are treated with kindness, respect and compassion and that they are never subjected to mistreatment or caused undue stress. The standard by which conduct or treatment will be measured is that which a person informed and experienced in generally accepted equine training and exhibition procedures, would determine not to be cruel, abusive nor inhumane. Where an official has to exercise their discretion in an Equestrian Canada show allowing a competitor to compete, such discretion shall be exercised for the benefit of the competitor if and when possible provided the organizers are in agreement.~~
